Prof. Moore, of Minnesota,  
Says of Duluth Imperial Four:  
"As much of this flour as will lay  
on the point of a table knife con-  
tains more nutriment than a pint  
of the best beer."

## GOING TO PEKIN

The Japanese Forces Have Won Several  
Victories and Are Now Advancing  
Towards Peking.

As a Result of Chinese Defeats, Li Hung  
Chang Is Deprived of More  
Power.

All Idea of a Chinese Raid Upon the Japan-  
ese Coast Has Now Been  
Abandoned.

The Tonghak Rebels in Corea Defeated the  
Combined Forces of the Japanese  
and Koreans.

SHANGHAI, Nov. 5.—The Chinese army under Gen. Sung, which  
evacuated Chin Lien Cheng, is in a  
mountain pass on the high road to Peking.  
Strict orders have been issued to the  
army to defend the pass at all hazards.  
A Japanese column is marching north  
with the intention of getting behind Gen.  
Sung's army. Several small passes  
south of Matienling are undefended.

It is again stated in Tien Tsin that a  
Japanese force has landed forty miles  
north of Shanghai-Kwan. It is expected  
that foreigners will be officially requested  
to leave Peking within a fortnight. No  
Chinese version has been received of the  
fighting at Tientsin, but it is generally  
believed that the accounts already given  
are true and that Tientsin and Kin  
Chow were captured by the Japanese.

An imperative imperial decree has  
been received at Nankin summoning the  
viceroy of the Lian-Kiang provinces to  
proceed at once to Tien Tsin and take  
the seals of the acting viceroyalty of  
Chihli from Li Hung Chang.

LONDON, Nov. 5.—Special dispatches  
received here from Tokio say that all  
idea of a Chinese raid upon the Japanese  
coast has been abandoned and that  
orders have been issued to remove the  
torpedoes from Tokio bay. Negotiation  
into the harbor is now declared to be  
free. The decree forbidding the sale of  
gunpowder in Japan is cancelled.

A dispatch to the London Telegram  
company from Corea says that an en-  
gagement took place on Oct. 15 at Ah  
Sung, southward of Seoul, between  
Chinese and Japanese soldiers and a  
body of Tonghak rebels. The Koreans  
and Japanese attacked the rebels. The  
combined forces lost 150 killed and  
many seriously wounded. The rebel  
loss is not stated. The Tonghaks  
maintain their base in Southern Corea.

YOKOHAMA, Nov. 5.—The Japanese  
steamer Gaeik, Capt. Pearne, from San  
Francisco, which was seized by the Ja-  
panese authorities on the ground she  
was carrying contraband of war, has  
been allowed to sail as it was found  
upon investigation that the suspicion di-  
rected against her was unfounded. The  
Gaeik was due to leave for Hong Kong  
at noon yesterday. She left San Fran-  
cisco Oct. 16.

HAD A TRIAL ELECTION.  
Women in California Held an Election to Get  
Used to Voting.

SAN BERNARDINO, CAL., Nov. 5.—The  
first election ever held in this county at  
which women only cast a ballot for can-  
didates for county and state officers has  
been held in Southern California, and  
French, the prohibition candidate for  
governor, is probably elected.

The movement which originated in  
San Bernardino two months ago soon  
spread, not only all over the county, but  
women in adjoining counties caught the  
idea, and in Riverside, in Los Angeles  
and in San Diego counties they have  
been marching up to the polls and  
polls and putting in a ballot which might  
indicate their rights as citizens.

"For God and home and native land,"  
was the motto everywhere in the county  
the polling booths. About 20,000 votes  
were polled, although the ballots were  
scratched, although the prohibitionists  
and Populists received many more votes  
than the old line parties. To prepare  
their ballots in two cases required forty  
minutes. The best time made by a  
female voter was twelve and one-half  
minutes.

Several disturbances occurred at the  
polls because some ladies demanded the  
right to deliver in the ballot boxes and  
to a ticket which had been voted, to  
make desired corrections. When the  
judges demurred to this there were some  
exciting scenes and the interchange of  
harsh words. The count of the ballots  
is not yet complete. The women will  
work tomorrow for tickets successful in  
their own election.

NO PARDON ISSUED.  
Report That Boss McKane Had Been Pardoned  
Is Untrue.

ALBANY, N. Y., Nov. 5.—Governor  
Flower today denied the story published  
in a New York paper that he had par-  
doned John V. McKane from Sing Sing  
prison. Governor Flower said: "The  
publication is an absolute falsehood.  
The idea of pardoning McKane never  
entered my mind."

Drunk Poisoned Water.  
CINCINNATI, Nov. 5.—The Times-  
Star's Gallipolis special says: Mrs. James  
Donnelly, of Evergreen, died today, and  
her three sisters and father, Joseph De-  
little, are not expected to live from the  
effects of drinking poisoned rain water.  
The roof of their house had been painted  
with white lead.

Senator Harris Robbed.  
MEMPHIS, Tenn., Nov. 5.—Senator  
Isham G. Harris was robbed of his gold  
watch and a small sum of money last  
night in a hotel at Bolivar where he is  
believed to speak today. The thief entered  
his room and secured the valuables while  
he lay asleep.

## THE CARGO WAS SHORT.

A San Francisco House Settles for a Heavy  
Wheat Shortage.

SAN FRANCISCO, Nov. 5.—The pay-  
ment of \$17,500 has been made to Drey-  
fus, Piers & Co., of London, Liverpool  
and Paris, by Starr & Co., of this city.  
A suit for \$5,000 was begun against the  
latter firm in 1902 for alleged breach of  
contract in the shipment of a cargo of  
grain that when measured was found to  
be short.

The cargo had been sold by Dreyfus,  
Piers & Co. to Cornelius & Co., of Liv-  
erpool, who lost heavily by the deal  
through deficiency of the cargo but after  
some litigation they were reimbursed by  
Dreyfus, Piers & Co., who in turn ex-  
pected that the Starr company would  
settle with them.

The Starr company was a little back-  
ward, hence the suit. All the necessary  
papers have been signed and the agent  
of the English house has started for Liv-  
erpool.

SENSATIONS IN MEXICO.  
Americans at Monterey Excited by the Arrest  
of Two Men.

MONTEREY, Mex., Nov. 5.—Consider-  
able commotion has been created among  
the Americans of this city by the arrest  
of John Horley, under orders from Mex-  
ico City, the result of some old charge  
hanging against him in Illinois some  
twelve years ago. It is stated that the  
cause for the charge is due to the fact  
that he took in having Sauter, of Austin,  
extradited.

Another sensation was caused by the  
arrest of Dr. S. J. Curry, said to be from  
Rome, Ga., ostensibly for his connection  
with a recent street row between two  
gangs in this city, but it is generally un-  
derstood that this is only a pretext to hold  
him for further advices from his old  
home.

HORRIBLE MURDER IN OHIO.  
A Little Girl and Boy Were Bulked By Some  
Fiend.

TOLEDO, O., Nov. 5.—A Blade special  
from Paulding, Ohio, reports the hor-  
rible murder of a boy, aged 7, and his  
sister, aged 5, the children of Samuel  
Good, a prosperous farmer living about  
two miles from the town. The children  
started yesterday, but not returning, be-  
fore dark, searching parties started out.  
The little bodies were found in a  
heap at daylight. The boy's  
throat was cut from ear to ear, the girl  
was decapitated and disemboweled, the  
weapon being an ax. An attempt had  
been made to burn the brush heap, but  
it was too wet.

The theory is the little girl was out-  
raged, and the double murder commit-  
ted. The surrounding country is up in arms  
and armed men are searching everywhere for any  
suspicious persons.

Fire in Pittsburgh.  
PITTSBURGH, Nov. 5.—Fire broke out at  
9 o'clock this morning in Booth &  
Hill's shoe store, containing a large  
amount of hauled hay. Several workmen  
were throwing the burning hay out of a  
window when a large pile of bales fell  
upon them, injuring two persons.  
James Harrison was injured internally  
and his spine was hurt. He may die.  
Others were severely but not danger-  
ously hurt. The loss was small.

THE BETHEL'S ANNIVERSARY.  
Annual Service Held Yesterday and Meeting  
Saturday Night.

Seven years ago the Bethel was organ-  
ized and yesterday the anniversary was  
celebrated by a union meeting of all the  
churches at the First Methodist church.  
Every seat in the large edifice was filled  
and the services were very interesting.  
Rev. F. C. Southworth, of the Unitarian  
church; Rev. T. H. Cleland, of the Pres-  
byterian church; Rev. W. W. Dawley, of  
the First Baptist; Rev. A. M. Ryan, of  
St. Paul's, and Rev. J. M. Thoburn, of  
the First Methodist, delivered short ser-  
mons and Superintendent Nobel, of the Bethel,  
recounted the work of the Sunday  
school and showed the growth of the  
Bethel work reached out among and  
took in a class that was not reached by  
any church organization.

Rev. Dr. Salter's address was the prin-  
cipal one of the evening and he led his  
audience through the varied vicissitudes  
of the organization of the Bethel, from  
its first service held in a little, ill-  
smelling run shop until it held its first  
meeting in its own well appointed build-  
ing. He spoke with considerable feeling,  
showing most plainly his great interest  
in what he was pleased to call "the work  
of his life."

Rev. Dr. Thoburn spoke of the Salva-  
tion Army work in London and said that  
its motto of "soap, soap and salvation,"  
in the order named, was to a large ex-  
tent followed by the promoters of the  
Bethel. He said the churches dealt  
generally and almost exclusively in the  
last while the Bethel, he added, the first  
Rev. F. C. Southworth spoke of the  
Bethel's work as one which eliminated  
all sectarian lines and blended together  
all beliefs in a common effort for the  
common brotherhood of man.

At the annual meeting of the  
directors held the previous even-  
ing, H. H. Hamford was elected  
president; Ward Ames, vice presi-  
dent; Watson Moore, secretary; L. A.  
Mason, treasurer, and Rev. Dr. Salter,  
chaplain. The board of directors was in-  
creased by two and D. C. Prescott and  
A. W. Hartman were elected, and H. M.  
Peyton and W. C. White, whose terms  
had expired were re-elected. The work  
of the past year was reviewed and Dr.  
Salter's and the superintendent's labors  
highly commended. Plans for the com-  
ing year's work were adopted and the  
boys' brigade, a band of helpers to be  
organized from the various church  
schools, and a chorus and orchestra choir  
will be actively pushed. A system of  
graduated annual donations from \$100 to  
\$3 was suggested as a means of raising  
funds to meet current expenses.

Superintendent Nobel's report showed  
that the attendance for the year had  
been 170,211, an average of 510 per day.  
The restaurant has served an average of  
400 meals daily at a cost of from 6 to 15  
cents, and was self-sustaining.

## CUT IN DAMAGES

Decision of the Supreme Court in a Damage  
Suit Against the St. Paul Street  
Railway.

One Thousand Dollars Reward Offered by the  
Republican Committee for Detec-  
tion of Election Frauds.

Canadian Farmers Are Shipping Buckwheat  
and Flour Into Wisconsin Under the  
New Tariff Law.

Congressman Haugen Predicts That the Re-  
publicans Will Carry Eight Congressional  
Districts in Wisconsin.

ST. PAUL, Nov. 5.—Judge Mitchell, of  
the supreme court, this morning handed  
down four decisions, in one of which he  
cuts down the amount of damages  
awarded against the St. Paul Street  
Railway company. Charles Kennedy,  
driver of a laundry wagon, attempted to  
drive across Wabasha street ahead of  
an electric car, which he claims was  
standing at the time, but which started  
up before he had crossed, smashing his  
wagon and injuring his foot, which was  
caught between the car and the wagon.  
Kennedy was awarded \$3,000 damages  
in the court below, it being understood  
that \$50 was to pay for the wagon, \$50  
for the physician's bill and the \$3000 to him  
for the injuries. The testimony showed  
that no bones were broken in Kennedy's  
foot, but that it was badly bruised, and  
that he was not able to return to work.  
The physician gave it as his opinion that  
the foot might always remain weak. The  
court holds that \$3000 is too much for in-  
juries of this character, and orders that a  
new trial be granted, unless Kennedy re-  
mits \$1000 of the damages within twenty  
days after the remittitur is filed in the  
district court. Other decisions are:

F. E. Kenaston, respondent, versus  
the Great Northern Railway company et  
al., defendants, St. Paul, Minneapolis &  
Manitoba Railway company, appellant.  
Syllabus: Laws of 1889, Chapter 6, sec-  
tion 37, as amended by laws of 1889,  
Chapter 106, provides that the notices of  
the expiration of redemption shall state  
the period of redemption, and that the  
notice will expire; also that the period of  
redemption shall not expire "until sixty  
days shall have elapsed after service of  
such notice, provided such notice has been  
filed." Held, that the time of redemp-  
tion does not expire until sixty days after  
service of the notice and filing of  
proof of such service, and hence that a  
notice is insufficient which states that the  
time of redemption will expire "sixty  
days after service of the notice." Order  
for judgment modified.

Henry J. Willis, appellant, versus the  
City of Winona, respondent. Syllabus:  
The city of Winona, under express leg-  
islative authority, constructed a long  
viaduct bridge across the Mississippi  
river, the Minnesota end of which  
reaches the river bank near the foot of  
Main street and at a considerable height  
above the natural level of the land. For  
the purpose of connecting the bridge,  
for the purpose of crossing and traffic, with  
Main and other streets, the city con-  
structed an approach in and along the  
center of Main street in front of plain-  
tiff's abutting lot. This approach, which  
consists partly of solid abutments and  
partly of plank supported by iron  
columns, gradually ascends to the natu-  
ral level of the street at one end and to  
the level of the bridge at the other.  
Held, that the construction and main-  
tenance of this approach does not impose  
any additional servitude on the street  
and does not render the city liable for  
damage for plaintiff's lot in the absence  
of any negligence on the part of the city,  
and of any state imposing such liability.  
This rule is not changed by the fact that  
the city, under the legislative authority,  
has exacted tolls for the use of the bridge  
by the public. The statute authorizing the  
construction of this bridge and approach  
(S. L. 1887, chapter 5) held not to im-  
pose any such liability on the city.  
Order affirmed.

Sarah J. Hogue, respondent, versus  
the Minnesota Packing and Provision  
company, appellant. Syllabus: One of  
the stipulations in a life insurance policy  
was that "no assignment of this policy  
shall be valid unless made in writing in-  
dorsed hereon and unless a copy of such  
assignment shall be given to the com-  
pany within thirty days after date."

which goes to the essence of the contract,  
but being merely designed to protect the  
insurer against the signer of having to  
pay the policy twice, by requiring evi-  
dence of a change of beneficiaries to be  
put in reliable form and promptly fur-  
nished to the company, no one but the  
insurer can avail himself of a non com-  
pliance with it. An assignment of the  
policy, although not endorsed on it or  
given to the insurer, is nevertheless valid  
as between the parties to the assignment.  
Order affirmed.

TO PREVENT ELECTION FRAUDS.  
One Thousand Dollars Reward Offered by the  
Republican Committee.

ST. PAUL, Nov. 5.—One thousand dol-  
lars reward has been posted by the Re-  
publican state and county committees to  
be paid for the arrest and conviction of  
any person or persons who violate the  
election laws, either by illegal voting,  
false swearing or illegal counting of the  
votes.

The Republican county committee  
also calls to the attention of the judges  
of election, that any departure from the  
letter of the law in making "official  
counts" before beginning the actual  
count will not be tolerated.

The law provides that the ballot-box  
containing the votes shall be opened  
first and the ballots therein counted.  
A request has been made by the  
city clerk of St. Paul that the vote on  
governor and clerk of courts be counted

first, and the returns sent into the news-  
paper headquarters.

This forenoon a warrant was issued  
for the arrest of one J. C. McDougall,  
registered from 272 East Seventh street.  
From the room which he registered, the  
only occupants are a couple of laundry  
girls. The landlady of the house says  
McDougall does not have a room there.

HOW THE TARIFF WORKS.  
Canadian Farmers Are Shipping in Buckwheat  
and Hay.

ST. PAUL, Nov. 5.—The Pioneer Press  
today printed the following special from  
Fairchild, Wis.: "The N. C. Foster Lum-  
ber company, of this place, which owns  
one of the largest buckwheat flour mills  
in Wisconsin, has been paying 80 cents  
per bushel for buckwheat up to Nov. 1.  
On that date they received a telegram  
from a Canadian firm saying that owing  
to the new tariff law they were able to  
deliver buckwheat at Fairchild for 60  
cents per bushel. They ordered five  
carloads, which are on the way, and if it  
is satisfactory they intend ordering 20,000  
bushels.

They also have prices from the same  
Canadian firm on hay below what they  
can buy it for at home. This is a good  
illustration of how the new tariff law  
helps the farmer.

CONGRESSMAN HAUGEN TALKS.  
Says Republicans Will Carry Eight Districts in  
Wisconsin.

ST. PAUL, Nov. 5.—Congressman N.  
P. Haugen, of River Falls, representing  
the Tenth district of Wisconsin, was in  
the city today on his way home from the  
northern counties of Wisconsin, where  
he has been making campaign speeches.

Mr. Haugen is confident that the Re-  
publicans are going to carry the state for  
Mr. Upham, the candidate for governor.  
He says the Republicans have had ac-  
cessions to their ranks all through the  
state and ought to carry it for the Re-  
publicans by 25,000.

"We have ten congressmen to elect,"  
said he, "and I think the Republicans  
will carry at least eight of the districts."

REGIMENT ORDERED OUT.  
Trouble Feared Between A. P. A. Element and  
Catholics at Kansas City.

ST. LOUIS, Nov. 5.—A special from  
Kansas City to the Post-Dispatch says  
that a secret order has been issued by  
Governor Stone directing that the Third  
regiment, N. G. M., assemble at its  
armory in that city tonight and remain  
under arms until after the election is  
over.

The cause of this order is said to be a  
fear of a collision between the A. P. A.  
element and the rougher portion of the  
Catholic element, between which two  
factions feeling is already very high.

A Republican Death.  
PHILADELPHIA, Nov. 5.—Ex-Sheriff  
William K. Leeds, the well known Re-  
publican politician and one of the repre-  
sentatives in the legislature from the  
Tenth district, died at his residence in  
this city early this morning, aged 57  
years.

Maryland Horse Show.  
BALTIMORE, Nov. 5.—The Maryland  
horse show, which begins a day meeting  
at Union park today, promises to prove a  
successful undertaking beyond the ex-  
pectation of the most sanguine en-  
thusiast. The demand for boxes has been  
great.

POSTAGE RATES.  
Chamber of Commerce Will Consider This  
Subject at the Next Meeting.

At Saturday's chamber of commerce  
meeting a communication was received  
from the National Postage movement,  
of Chicago, proposing to increase postage  
of serial publications, trashy literature  
and paper books from 1 cent to 5 cents  
per pound, to reduce merchandise from  
10 to 8 cents per pound and to charge  
other governments with the cost of car-  
rying their mail. The matter was made  
the special order of business for next  
Saturday.

The committee appointed to look into  
the discrimination against Duluth man-  
ufacturers reported that its circulars were  
printed and that it was ready for busi-  
ness.

W. F. Leggett was made a member of  
the chamber.

Predicts Republican Success.  
Albert Berg, of Center City, Republi-  
can candidate for secretary of state, was  
in the city last evening. He predicts  
that the Republicans will sweep the  
state and that Governor Nelson will be  
re-elected by a large plurality. He is  
especially confident that Mr. Towse will  
be elected. Maj. Baldwin, appoint-  
ments to office, he finds, have made him  
extremely unpopular in all portions of  
the district.

Finnick and Murphy Scrap.  
The to-and-fro "go" between Finnick  
and Murphy, next Wednesday night at  
the Parlor theater promises to be very  
interesting and both men are in the pink  
of condition and putting in the finishing  
touches to their training. The number  
of rounds is limited but there are enough  
to show the material of the two men, and  
give a decisive rattling contest.

Wants to Play Checkers.  
John McDonough issues a challenge  
to meet any man at the head of the lakes  
in a friendly contest at checkers. He will  
be at the Y. M. C. A. rooms almost every  
evening this winter. He has only been  
playing four years but is confident he  
can defeat any one at the head of the  
lakes.

The Sault Passages.  
SAULT STE. MARIE, Mich., Nov. 5.—  
[Special to The Herald.]—Up: Globe,  
10 p. m.; Masaba, Chocoma, 8 a. m.;  
Italia, 6. Down: Adams, 1 a. m.; Brant,  
2; John Mitchell and consort, 4; Foster,  
Lausling, 5; Sauber, Maritana, Sheriffs, 7;  
Adva and consort, 8; Palmer, Athabasca,  
Hebard and consort, 10.

Marine Notes.  
Clearances: Wallula, 1800 tons of  
ore, City of Naples, 2200 tons of ore, H.  
D. Alverson, 1355 tons of ore, 104, 2400  
tons of ore all to Buffalo; J. V. Moran,  
8000 barrels of flour, Buffalo; 2,000,000  
shingles and 500 tons of pig iron, Cleve-  
land.

## LIQUOR AND INDIANS.

To Prevent the Redskins from Securing Firewater is a Problem for the Indian Offices.

Court Decisions Say It is Not Illegal to Sell to Indians on Allotted Lands.

The Agent of the Southern Utes in Colorado Makes a Cautious Report on Agency Work.

WASHINGTON, Nov. 5.—The Indian office is finding it a very difficult matter to prevent the sale of liquor to Indians. The most difficult problem has been presented in recent court decisions, in which it is declared that Indians who have taken their lands in severalty are citizens of the United States and that it is no longer contrary to the law to sell liquor to them. Two or three decisions have already been made to that effect and the notice of Judge Egerton, of South Dakota, to the United States grand jury to present no more indictments against persons selling liquor to Indians on allotted lands looks as if the courts were going to take the view of the case that no restrictions should be placed on Indian citizens.

In reports submitted by various Indian agents to the commissioner of Indian affairs, the fact is pointed out that it is being very difficult to prevent the sale of liquor to Indians, not only on account of the fact that the courts have recognized Indians having taken allotments as citizens, but for other causes. The agent of the Southern Utes in Colorado expresses his opinion of the whisky traffic in the following: "When the department realizes that I have a reservation with 200 miles of border and am subjected to the lawless deeds of a very tough class of whites and Mexicans, the task of regulating the evil of traffic in villainous compounds called 'whisky' can easily be estimated. However, by offering rewards, which I agree to pay out of my own funds, I have at least succeeded in curbing the evil to a commendable extent. The standing reward is \$25; money to be paid upon conviction."

This same agent, David F. Day, is rather independent and caustic in his remarks on general features of the Ute agency. Of the agricultural pursuits he says: "Realize that this has been an Indian agency for eighteen years, and preceding agents and farmers have never grown a bale of hay, pint of seed or pound of vegetables upon an agency farm. To be candid political agents and political farmers are the crowning curse of the Indian service. I stated that the yield would be light. It will, but we have better stands and a greater yield than our white neighbors, and this in the face of an unprecedented drought. The Indian farmers labor under the same conditions as the white farmers during the irrigation season, and if the honorable commissioner will take time to figure upon the per capita issue of rations at this agency, the fact will be revealed that in addition to doubt as to future home, absence of instruction, want of implements and essentials, the Ute farmers are not entirely unacquainted with an empty stomach during business hours. To conclude, farming here, with possibly four exceptions, is a farce for which congress alone is responsible."

In closing his report Agent Day says: "As the honorable commissioner has ordered facts and excluded rose-colored recitals, I have endeavored to give you and, as I deem that has been told under appropriate headings, will say that the agent during his brief incumbency has been reported for 'irregularity' and investigated. He has discharged two farmers to give them a chance to learn something about agriculture and less about reporting the agent; has visited the rules when business methods justified the breach; has an enemy in about every white and Mexican upon the border; has the lasting ill-will of all beef contractors, and has lost the esteem of merchants who labor under the belief that the government should pay 50 per cent more than individuals for their commodities."

And again: "I trust in case I am not

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

ABSOLUTELY PURE

'disturbed' to have the 'Indian problem solved' at an early date. To the honorable commissioner and his assistant, Gen. Frank C. Armstrong, I am indebted for advice, assistance and instructions of a beneficial character. I realize fully that congressional lethargy has rendered this agency, so far as permanent benefits extend, the toughest proposition in the Indian service, and feel indeed grateful for the assistance extended under prevailing conditions. Trusting that another season will find conditions reversed and the blankets thrown aside for the plow and branding iron, I am, etc."

### DENOUNCING THE CZAR.

Herr Most and Russian Speakers Indulge in Violent Language.

NEW YORK, Nov. 5.—Herr Most delivered one of his characteristic speeches last night at a meeting in the Adler theater. The object of the meeting was announced, was to express public thanks-giving for the death of the late czar Alexander III. Most's speech was in German. He said:

"Friends, I am a trifle embarrassed to-night. I do not know whether I should thank God for the death of the czar or to give praise to the devil for it. There ought to be hundreds of thousands of meetings such as this, in order that adequate rejoicing might be shown that such a monstrous brute as Alexander III has died. Every person is in duty bound, when we consider the ruin wrought by the czars, to wish that they were all dead. We need not go to Russia for a czar either. We have them here in America just as well."

J. Gordon was even more radical than Most. He said:

"Rise, Russians, and stamp out the brood of hyenas, the beastly Romanoffs. Down with them. They ought to be killed like brutes. Three thousand Russians met last night in the Windsor theater on the Bowery to listen to denunciations of the late czar. Lawyer Louis Miller used violent language and the audience cheered with great enthusiasm. Of the new czar, Mr. Miller said: 'His throne is built on a flowing river of blood which will soon overwhelm its occupants, whose own blood shall mingle in the flood.'"

Abraham Cahane, editor of the Arbeiter Zeitung, denounced the American press for not having painted the late czar hideously enough. Resolutions were adopted denouncing of nearly everything done in Alexander's reign, and declaring that Russia can prosper only by the recognition of the rights of man as they are recognized in this country."

### A VALUABLE INVENTION.

Lieut. Fiske Has Devised the Stadiometer for the Use of Mariners.

WASHINGTON, Nov. 5.—An instrument that will enable a mariner to tell in an instant upon seeing a lighthouse or any well known mark upon the sea coast just how far his ship is distant from a shore, that will inform the captain of a man-of-war how far away his ship may be from another vessel of his own navy, and be of assistance in many other respects where the elements of distance or height are factors, has been submitted to the navy department for trial.

The instrument is known as the stadiometer and is the invention of Lieut. Fiske, who devised the range finder. The stadiometer is much simpler in construction and operation than the range finder, to which indeed it may serve as an adjunct, but cannot entirely replace as at least one element—either height or distance must be known to operate it so as to determine the other.

### A SILVER WEDDING.

A Very Enjoyable Event Which Occurred at Smithville Last Week.

Last Friday evening there occurred one of the most enjoyable affairs that has ever taken place in Smithville, the silver wedding of Mr. and Mrs. Patrick Nacey. Mr. Nacey is the popular and well known section foreman on the St. Paul & Duluth railway. His numerous friends in the vicinity of Smithville and West Duluth determined that the twenty-fifth anniversary of his wedding should not pass without proper acknowledgment and so united in a grand turnout in honor of the event. About thirty couples were present. Twelve couples came down from West Duluth. Singing, dancing and music were the order of the night, and all united in saying they had a good time. There were many and beautiful presents in the form of silver presented to the happy couple by their admiring friends. One of the best features of the affair was the characteristic speech of William Smith congratulating Mr. and Mrs. Nacey on the completion of their twenty-five years of married life. Mr. Nacey was somewhat overcome, but managed to reply in a happy manner. After a night of thorough enjoyment the guests departed wishing the couple a continued life of happiness and united in the hope of being present at their golden wedding twenty-five years hence.

Among the numerous friends present were Mr. and Mrs. W. H. Smith, Mr. and Mrs. E. H. Stephenson, Mr. and Mrs. J. G. Brink, Mr. and Mrs. William Edwards, Mr. and Mrs. S. S. Spencer, Mrs. W. H. Sweet, of Mahtowa, Minn.; William Stephenson, Edgar Dash, Thomas Tenny, Robert Heaney, H. J. Nacey, of Rush City; F. T. Green, George Carlin, Blady Boone, William Day, Thomas Hayes, Charles Sargent, Henry Breen, R. E. Carlson, A. J. Linquist, Johnnie Breen and Crowley, Misses Stewart, Patterson, Day, Breen, Shannon, Walsh, Kittie Sullivan, Lillian Dash.

"All run down" from weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Try it.

For commissioner of the Second commissioners' district, vote for T. B. Hawkes and you will make no mistake.

County Superintendent. To the Editor of The Herald: I venture to present to your Democratic readers a few reasons why in my opinion their vote should be cast for George H. MacClelland to fill the office of county superintendent. In what I have to say I shall not attempt to disparage the opposition candidates, both of whom I know and esteem.

In the first place there is no candidate for this office upon the Democratic ticket. Mr. MacClelland does not announce himself as the candidate of any party or of a clique of any party but appeals to the voters simply upon the ground of fitness for the position. This is an attitude which cannot fail to recommend him to Democratic voters under existing circumstances. We happen to know that Mr. MacClelland declined a place upon the ticket put forth by the "bolters" from the Republican ranks upon the ground that his name had never been before the Republican convention and that he preferred to come before the people upon his merits alone.

Mr. Stultz has attempted an inconsistent role in announcing himself a candidate both upon the Republican ticket and upon the Independent ticket. This is a stand of which Republicans, who think that a candidate should be satisfied with a regular nomination, will hardly approve. It is an attitude equally unacceptable to Democrats for they must see in the double attitude of Mr. Stultz an attempt to catch independent votes while posing as a regular Republican nominee.

The Populist candidate, on the other hand, must stand or fall with the party which she has chosen to represent. If her political views are not those of her party she should have chosen to run as an independent candidate; if her political views are those of her party, she can expect to gain the votes only of those who sympathize with its aims. In neither case has she any claim to Democratic support. While Mr. MacClelland is a Republican he is not running as a Republican but as a man from the Savoy hotel. But the authorities are busy running down the Tories who have been taken by the party with the outrage.

In the first place the police are investigating the theory that the explosion was the work of some person who sought revenge for some decision rendered by the late Lord Escher, master of the rolls and father of Hon. Reginald Brett, in which case the explosion must be sought after among the many criminals who have entertained malice for some imaginary grievance.

The second theory is that Mr. Brett may have in some way excited the animosity of the dynamiters. The third theory of the police is that the outrage was the result of the recently announced determination of the Irish physical force party to commence an active dynamite campaign, and that the explosion was intended as some sort of a notice of warning to the home secretary, the Hon. Henry Asquith, whose residence is next door to that of Mr. Brett.

It is true that Mr. Brett has been refused by Horace West, the secretary of Mr. Asquith. Then, again, it is thought that West may himself have incurred the enmity of anarchists or of anarchists by refusal at some time to bother Mr. Asquith with anarchist appeals or to transmit to him the demands of members of the Irish revolutionary party.

Some plausibility is given to this theory by the fact that, as exclusively called to the Associated Press on Saturday last, the Scotland Yard authorities then had evidence that the Irish physical force party was planning an immediate campaign of this activity, it is claimed, was in consequence of the reply offered by John Morley, chief secretary for Ireland, to the deputation which visited him last week in reference to the release of the Irishmen now serving terms of imprisonment in England, under the treason-felony act.

The fourth theory is that the outrage is of anarchist origin and that it was directed against the residence of Justice Hawkins, who in addition to trying and condemning the Waltham anarchists, has tried and condemned the majority of anarchists who have been brought into court during the last ten years, and who has been threatened repeatedly since the trial of the two Italian anarchists, Giuseppe Farfara and Francesco Politi, who on May 4 last were sentenced respectively to twenty years and ten years' imprisonment.

BY AN UNDERGROUND ROUTE.

Ingenuous Device for Supplying Books to the Congressmen.

WASHINGTON, Nov. 5.—The plans of Librarian Spoford and Superintendent Green, of the new congressional library building, include an ingenious device for supplying books to the capitol. They expect to meet the demands of senators and members of the house for literature from the nation's vast store, through an underground conduit constructed between the two buildings. At present the books are obtained by personal application to an assistant librarian.

The new library building is only about 200 yards from the capitol building, and it is believed that the obstacle of distance will be overcome by the construction of an underground passageway and the use of a pulley with an ingenious device which has been devised specially for this purpose. A pneumatic tube is to be employed for the purpose of ordering books.

A portion of the books now in the library—about 70,000 volumes of them—will be left in their present quarters for still greater convenience.

Cast your ballot for T. B. Hawkes for county commissioner in the Second district.

## HAVE MANY THEORIES.

Scotland Yard Detectives Have Different Theories For a Bomb Explosion in London Last Night.

A Man From the Savoy Hotel is Suspected But No Arrest Has Been Made Yet.

The Whole Neighborhood Where the Explosion Occurred is in the Possession of the Police.

LONDON, Nov. 5.—A squad of detectives from Scotland Yard is busily at work investigating the bomb explosion which occurred shortly after 11 o'clock last night at the residence of the Hon. Reginald Brett, in Tilney street, two doors from the residence of the Hon. Sir Henry Hawkins, one of the justices of the queen's bench division of the high court of justice and for whom the bomb is supposed to have been intended. Col. Sir Edward Bradford, the chief commissioner of police, is personally directing the matter.

The scene around Tilney street at daybreak this morning, was one of extreme excitement. The whole neighborhood seemed to be in possession of uniformed police and detectives, who kept the crowd of sightseers who had entered the spot. The police thought of the locality were so alarmed by the explosion that they fled from their homes and have been out frightened to return. Consequently their residences have been under police guard since last night and will so remain until order is restored.

A number of the residents were, however, willing to return if the police had permitted; but, until the official investigation is completed, the police thought it advisable to keep everybody away from the scene, and so many householders, their families and servants stood shivering behind the police lines during the early hours of the morning.

So soon as there was light enough for the work, Col. Majendie, the chief inspector of explosives, directed that photographs be taken of the scene of the explosion from all points of view, and all the fragments of the bomb, splinters, etc., were taken by the police to the home office for examination.

Up to noon today the police have no definite theory as to the origin of the explosion, with the exception of suspecting a man from the Savoy hotel. But the authorities are busy running down the Tories who have been taken by the party with the outrage.

In the first place the police are investigating the theory that the explosion was the work of some person who sought revenge for some decision rendered by the late Lord Escher, master of the rolls and father of Hon. Reginald Brett, in which case the explosion must be sought after among the many criminals who have entertained malice for some imaginary grievance.

The second theory is that Mr. Brett may have in some way excited the animosity of the dynamiters. The third theory of the police is that the outrage was the result of the recently announced determination of the Irish physical force party to commence an active dynamite campaign, and that the explosion was intended as some sort of a notice of warning to the home secretary, the Hon. Henry Asquith, whose residence is next door to that of Mr. Brett.

It is true that Mr. Brett has been refused by Horace West, the secretary of Mr. Asquith. Then, again, it is thought that West may himself have incurred the enmity of anarchists or of anarchists by refusal at some time to bother Mr. Asquith with anarchist appeals or to transmit to him the demands of members of the Irish revolutionary party.

Some plausibility is given to this theory by the fact that, as exclusively called to the Associated Press on Saturday last, the Scotland Yard authorities then had evidence that the Irish physical force party was planning an immediate campaign of this activity, it is claimed, was in consequence of the reply offered by John Morley, chief secretary for Ireland, to the deputation which visited him last week in reference to the release of the Irishmen now serving terms of imprisonment in England, under the treason-felony act.

The fourth theory is that the outrage is of anarchist origin and that it was directed against the residence of Justice Hawkins, who in addition to trying and condemning the Waltham anarchists, has tried and condemned the majority of anarchists who have been brought into court during the last ten years, and who has been threatened repeatedly since the trial of the two Italian anarchists, Giuseppe Farfara and Francesco Politi, who on May 4 last were sentenced respectively to twenty years and ten years' imprisonment.

# NOTICE OF ELECTION.

OFFICE OF CITY CLERK,  
DULUTH, MINN., October 12, 1894.

Notice is Hereby Given, That a General State and County Election will be held in the City of Duluth, State of Minnesota, on

**TUESDAY, NOV. 6, 1894.**

## Officers to be Chosen:

One Congressman for the Sixth District.  
Governor.  
Lieutenant Governor.  
Secretary of State.  
State Auditor.  
State Treasurer.  
Attorney General.  
Clerk of Supreme Court.  
One Chief Justice of the Supreme Court.  
One Associate Justice of the Supreme Court.  
One Judge of the District Court for the Eleventh Judicial District.  
One Senator for the Fifty-fourth District.  
Three Representatives.

### COUNTY OFFICERS.

Auditor.  
Treasurer.  
Sheriff.  
Register of Deeds.  
Judge of Probate.  
Attorney.  
Surveyor.  
Coroner.  
Clerk of District Court.  
Court Commissioner.  
Superintendent of Schools.  
One County Commissioner for the Second District.

Amendment to the Constitution relating to Taxation of Inheritances, Devises, Bequests, Legacies, and Gifts.

(The Second Commissioner's District embraces the First and Second wards of the City of Duluth and the Towns of Rice Lake, Duluth, Gnesen and unorganized Townships 52-13, 53-11, 53-12, 53-13.)

The polls will be open at six o'clock in the morning and kept open until seven o'clock in the afternoon. The following named persons and places have been designated to serve as Judges of Election and as places of holding the election respectively in each of the several election precincts of the several wards of the said City of Duluth, to-wit:

### First Ward.

First election precinct—Judges of election: George W. Winchell, J. C. Hunt, J. S. Martin. Place of holding the election—Vacant store next to Burne's grocery.

Second election precinct—Judges of election: R. S. Abell, Thomas S. Brown, C. J. Marshall. Place of holding the election—City hall, Lakeside.

Third election precinct—Judges of election: F. W. Partridge, J. Frazier, L. H. Grieser. Place of holding the election—Street car barn, Superior street and Twentieth avenue east.

Fourth election precinct—Judges of election: W. H. Alden, A. A. Jacques, George C. Higgins. Place of holding the election—Engine House No. 4.

Fifth election precinct—Judges of election: George R. Laybourne, James McGee, A. F. Rudolph. Place of holding the election—Hunter's Park station.

### Second Ward.

First election precinct—Judges of election: William Franke, Julius Boetcher, Wallace Warner. Place of holding the election—City building, Sixth avenue east and Superior street.

Second election precinct—Judges of election: S. O. Sterrett, John Dunphy, W. D. Gordon. Place of holding the election—No. 127 Tenth avenue east.

Third election precinct—Judges of election: Wm. B. Logan, A. Hjelm, Henry Trudelson, Jr. Place of holding the election—No. 811 East Fourth street.

Fourth election precinct—Judges of election: Henry Kitchell, Wm. H. Croff, Wm. C. Auld. Place of holding the election—No. 407 East Fourth street.

### Third Ward.

First election precinct—Judges of election: J. A. Moore, Charles A. Moore, Joseph Harmon. Place of holding the election—No. 215 West Michigan street.

Second election precinct—Judges of election: A. G. McAuley, Nathaniel Youngblood, David Buchanan. Place of holding the election—No. 121 Second avenue west.

Third election precinct—Judges of election: Thomas Fairfax, Fred Pinkham, P. A. Felstad. Place of holding the election—No. 109 West Fourth street.

Fourth election precinct—Judges of election: Paul Wieland, R. J. Ryan, John P. Mason. Place of holding the election—123 East Fourth street.

### Fourth Ward.

First election precinct—Judges of election: Thomas White, Thomas Grady, A. Hansen. Place of holding the election—Ferry house, south of canal.

Second election precinct—Judges of election: Fred Wieland, John Boyer, Charles Smith. Place of holding the election—No. 350 Lake avenue south.

Third election precinct—Judges of election: Knute Bervin, Robert Hemp, N. H. Murray. Place of holding the election—No. 208 Lake avenue south.

Fourth election precinct—Judges of election: Jacob Eberling, J. B. Root, Henry Burwell. Place of holding the election—No. 126 East First street.

Fifth election precinct—Judges of election: John Gibson, N. J. Miller, J. F. McLaren. Place of holding the election—No. 208 East Fourth street.

### Fifth Ward.

First election precinct—Judges of election: C. F. Johnson, H. B. Fryberger, J. H. Baker. Place of holding the election—No. 409 West Michigan street.

Second election precinct—Judges of election: John Cogan, R. F. Marvin, B. W. Hubbs. Place of holding the election—No. 17 Fifth avenue northwest.

Third election precinct—Judges of election: H. C. Osterhout, John Finn, M. O'Rourke. Place of holding the election—No. 627 West Superior street.

Fourth election precinct—Judges of election: Thomas W. Streeter, George C. Findley, Thomas McLaughlin. Place of holding the election—No. 925 West Michigan street.

Fifth election precinct—Judges of election: M. N. Davidson, H. M. King, Edward Fulton. Place of holding the election—Town hall, Duluth Heights.

### Sixth Ward.

First election precinct—Judges of election: William Curtis, John P. Dailey, W. L. Cary. Place of holding the election—1224 Michigan street west.

Second election precinct—Judges of election: Joseph Schweiger, William Marquardt, Alex. Kennedy. Place of holding the election—1601 West Superior street.

Third election precinct—Judges of election: John Beckman, John McNamara, C. L. Patterson. Place of holding the election—2004 Piedmont avenue.

Fourth election precinct—Judges of election: J. T. Odegard, J. Zimmerman, Stephen C. Wood. Place of holding the election—1803 Superior street west.

Fifth election precinct—Judges of election: John Baldwin, George McAdams, Stephen McCarthy. Place of holding the election—614 Garfield avenue.

Sixth election precinct—Judges of election: A. J. Beers, Malcolm McDonald, Peter Summers. Place of holding the election—Schunstrom's store, 1331 Garfield avenue.

### Seventh Ward.

First election precinct—Judges of election: Fred Swanson, Joseph Sopczyk, C. Linblom. Place of holding the election—2231 West Michigan street.

Second election precinct—Judges of election: C. M. Thomas, Samuel Meniece, James Rooney. Place of holding the election—2432 West Superior street.

Third election precinct—Judges of election: L. A. Gunderson, C. J. Halling, Henry O'Neill. Place of holding the election—Pop factory, 19 North Twenty-eighth avenue west.

Fourth election precinct—Judges of election: Nick Buffer, D. H. Morgan, Thomas Gordon. Place of holding the election—A. F. Swanson's store building, corner of Forty-sixth avenue west and Grand avenue west.

Fifth election precinct—Judges of election: R. W. English, L. A. Barnes, Frank Lemieux. Place of holding the election—Brick store building, Ramsey street and Fifty-first avenue west.

### Eighth Ward.

First election precinct—Judges of election: S. S. Williamson, Timothy Barbrick, Stephen Murphy. Place of holding the election—Police station.

Second election precinct—Judges of election: K. O. Balaud, A. Rockwell, James Connelly. Place of holding the election—Vacant store east side Sixty-third avenue west two doors north of Grand avenue.

Third election precinct—Judges of election: David Doyle, Andrew J. Meidahl, Charles Walter. Place of holding the election—Store near Grand avenue west and Seventeenth avenue west.

Fourth election precinct—Judges of election: J. A. Grey, E. Newell, Fred Doeschner. Place of holding the election—Store corner Fifty-seventh avenue west and Bristol street.

Fifth election precinct—Judges of election: Harry Sawyer, N. W. Murray, J. H. Moork. Place of holding the election—Store, corner of Sixty-first avenue west and Raleigh street.

Sixth election precinct—Judges of election: W. E. Edwards, Daniel Sullivan, R. A. Folkerts. Place of holding the election—Club house, corner Ninety-fifth avenue west and Clyde avenue.

The Boards of Registry will meet at the places of holding the election in the several election precincts of the several wards of said City of Duluth on Tuesday, October 16, 1894, from 9 o'clock a. m. to 9 o'clock p. m.; on Tuesday, October 23, 1894, from 9 o'clock a. m. to 9 o'clock p. m.; and on Tuesday, October 30, 1894, from 12 o'clock noon to 9 o'clock p. m., to register voters and to complete and finally correct the registers.

[Corporate Seal]

**C. E. RICHARDSON, City Clerk,**  
DULUTH, MINNESOTA.

**The Best Food For Children?**

is worthy every parent's study; not only what they can eat, but what gives the most nourishment. No children are better, and most are worse, for eating lard-cooked food. If, however, their food is prepared with the healthful new vegetable shortening, **COTTOLINE**, instead of lard, they can eat freely of the best food without danger to the digestive organs. You can easily verify this by a fair trial of Cottoline.

Made only by The N.K. Fairbank Company, CHICAGO.

## WEST DULUTH ITEMS.

Thomas Burns, a Young Lad, Arrested For Stealing Money From a Butcher's Delivery Wagon.

He Denied the Theft But After Money Was Found in His Clothes He Owned Up.

He Implicated Two Other Boys, Who Have Bad Reputations, Claiming They Gave it to Him.

The till in Schmauss' meat wagon was robbed of about \$10 in cash while the butcher was in a house delivering meat. Thomas Burns, a young lad who was seen near the wagon about the time, was arrested this morning and taken to police headquarters. He strenuously denied having anything to do with the affair, but after a search was made and some change found in the lining of his coat he stated that he had more of the money hid. Lieut. Briggs went with him and \$2.20 was brought to light. The boy claims that he did not steal the money but it was given to him by Walter Hall and Jimmie O'Brien on condition that he would not tell on the others. At time of going to press the police had not secured the other boys but were after them. These same boys were the ones arrested a few days ago for pilfering from the Chinaman's laundry. The police had plenty of evidence that the boys were guilty at the time but the Chinaman would not prosecute them. The O'Brien boy has figured in police court a number of times as accessory in petty criminal actions.

West Duluth Briefs.  
L. D. Libby and wife have gone to Kansas City to spend the winter.

John Green has failed to attend several Populistic meetings the last few days. To become papa of a bouncing boy is of more interest even than political meetings at this season of the year.

Mrs. Brown, of the Phillips, received a telegram this morning announcing the death of her brother at Missoula, Mont.

The Ladies' Aid of the Congregational church will serve an oyster supper in all styles in the church parlors on Friday night of this week. The proceeds will be donated to the church fund.

One of West Duluth's old citizens and prominent tenorists artists will join the ever increasing array of beneficiaries before another fortnight wings its way along.

Practical Evidence.  
Disastrous Operation of Free Lumber Scheme Proven in an Undeniable Manner.

J. E. Myers, who has just returned from the East, where he has been visiting, Boston and other Eastern cities, has some evidence of the result of the Democratic party's tariff bill, for which Maj. Baldwin voted. He clipped the following from the Montreal Gazette of Oct. 13:

"The item quoted from Wednesday's Toronto Star, in the Toronto correspondence, regarding the saw mill at Midland, is not quite correct. Messrs. James Playfair & Co. of Sturgeon Bay, have signed a contract for eight or nine years, to cut and ship 200,000,000 feet of lumber for Arthur Hill, the lumber millionaire of Saginaw, Mich. This is the largest contract ever made in the Dominion of Canada, consequently they have purchased the large saw mills at Midland, where they intend running them in first-class shape, making quite a number of new improvements in the mills, namely, the very best modern American machinery, etc., as they have been shut down for some time. This will be a great boon for the city of Midland, as for some years back things have been in a very depressed state owing to the mills, etc., having been closed. There is some talk of a small company being formed to light the city by electricity. Do doubt the above firm will be the principal stockholders in it and do their utmost to have the matter put through, as it will be quite an addition to the city in the way of advancement."

But for the free lumber schedule that lumber would undoubtedly have been cut in the United States and probably in Duluth. Now the money will be spent in Canada and the lumber sent over here.

Mr. Myers says: "I was asked in Boston by investors who are not politicians but business men, what we were going to do out here at this election, whether there were to be any further Populist experiments. He said if there were there would not be \$1 sent out here. Those most interested in Western politics are the Eastern business men."

"I also stumbled across something in Washington which I would like to see Maj. Baldwin explain if he can. When the bill for the admission of New Mexico was before the house an amendment was offered which required the English language to be taught in the schools. It was lost." Baldwin refused to vote, which virtually meant a negative. I would like to know how he explains this."

Vote for T. B. Hawkes for county commissioner.

CURES OTHERS

A TERRIBLE CASE OF DROPSY CURED.  
JOHN MALLON, Esq., of Adams, Cincinnati, O., took sick with dropsy, lost his appetite, could not sleep, became feverish; always thirsty, lost all strength, breath short and painful, and thought I was going to die. The best physicians in Cincinnati failed to help me. My little body was swollen to enormous size. I was suffering terrible pain. I was told that I was going to die. My wife sent for the priest to pray for me. While waiting for death, I remembered reading of your Golden Medical Discovery, and thought I would try it as a last hope. When I had taken three bottles I was almost well. The swelling entirely disappeared and I was soon able to get up. My health is better now than it has been in twenty years."

WHY NOT YOU?

## WHEAT PRICES ADVANCED.

There Was Good Trading Today and the Market Closed Strong.

Firm cables, good buying orders and a bullish feeling created by the probabilities of a Republican victory tomorrow caused a fairly strong wheat market here today. The market opened rather easy at 50c decline from Saturday for May at 50c but only one trade at that figure was reported, prices advancing immediately to 50c, at which considerable trading was done. Then the market eased off 1/2c but recovered quickly and at noon May was at 50c. Trading was active in the last hour, the market closing at 50c. Prices advanced 1/2c for May and 5/8c for December. Basis in cash wheat was good. The shippers took about \$60,000 bus, some of it early on basis of 50c for No. 1 hard, but later at 50c, at which figure most of it changed hands. Last before the close a lot of 50,000 bus sold at 50c. The mills took 60,000 bus at the price as the shippers paid. The close was strong at 50c higher than Saturday for both cash and futures. Following were the closing prices: No. 1 hard, cash, 50c; November, 50c; December, 50c; May, 50c; No. 2 northern, cash, 49c; No. 3, 48c; No. 4, 47c; No. 5, 46c; No. 6, 45c; No. 7, 44c; No. 8, 43c; No. 9, 42c; No. 10, 41c; No. 11, 40c; No. 12, 39c; No. 13, 38c; No. 14, 37c; No. 15, 36c; No. 16, 35c; No. 17, 34c; No. 18, 33c; No. 19, 32c; No. 20, 31c; No. 21, 30c; No. 22, 29c; No. 23, 28c; No. 24, 27c; No. 25, 26c; ## LIQUOR AND INDIANS.

To Prevent the Redskins from Securing Firewater is a Problem for the Indian Office.

Court Decisions Say It Is Not Illegal to Sell to Indians on Allotted Lands.

The Agent of the Southern Utes in Colorado Makes a Caustic Report on Agency Work.

WASHINGTON, Nov. 5.—The Indian office is finding it a very difficult matter to prevent the sale of liquor to Indians. The most difficult problem has been presented in recent court decisions, in which it is declared that Indians who have taken their lands in severalty are citizens of the United States and that it is no longer contrary to the law to sell liquor to them. Two or three decisions have already been made to that effect and the notice of the Indian Department, South Dakota, to the United States grand jury to present no more indictments against persons selling liquor to Indians on allotted lands looks as if the courts were going to take the view of the case that no restrictions should be placed on Indian citizens.

In reports submitted by various Indian agents to the commissioner of Indian affairs, the fact is pointed out that it is being very difficult to prevent the sale of liquor to Indians, not only on account of the fact that the courts have recognized Indians having taken allotments as citizens, but for other causes. The agent of the Southern Utes in Colorado expresses his opinion of the whisky traffic in the following: "When the department realizes that I have a reservation with 250 miles of border and am subjected to the lawless deeds of a very tough class of whites and Mexicans, the task of regulating the evil of traffic in villainous compounds called 'whisky' can easily be estimated. However, by offering rewards, which I agree to pay out of my own funds, I have at least succeeded in curbing the evil to a commendable extent. The standing reward is \$25, money to be paid upon conviction. This same agent, David F. Day, is rather independent and caustic in his remarks on general features of the Ute agency. Of the agricultural pursuits he says: "Realize that this has been an Indian agency for eight years, and preceding agents and farmers have never grown a bale of hay, pint of seed or pound of vegetables upon an agency farm. To be candid, the Ute agency is a political farmers are the crowning curse of the Indian service. I stated that the yield would be light. It will, but we have better success in getting a greater yield than our white neighbors, and this in the face of an unprecedented drought. The Indian farmers labor diligently in the irrigation season, and if the honorable commissioner will take time to figure upon the per capita issue of rations at this agency, the fact will be revealed that in addition to doubt as to future home, absence of instruction, want of implements and essentials, the Ute farmers are not entirely unaccustomed to an empty stomach during business hours. To conclude, farming here, with possibly four exceptions, is a farce for which congress alone is responsible. In closing his report Agent Day says: "As the honorable commissioner has ordered facts and excluded rose-colored recitals, I have endeavored to give them and, as I deem what has been told under appropriate headings, will say that the agent during his brief experience has been reported for 'irregularity' and investigated. He has discharged two farmers to give them a chance to learn something about agriculture and less about reporting the agent; has violated the rules when business methods justified the breach; has an enemy in about every white man and Mexican upon the border; has the lasting ill-will of all beef contractors, and has lost the esteem of merchants who labor under the belief that the government should pay so per cent more than individuals for their commodities."

And again: "I trust in case I am not

**The Best Food For Children?**

is worthy every parent's study; not only what they can eat, but what gives the most nourishment. No children are better, and most are worse, for eating lard-cooked food. If, however, their food is prepared with the healthful new vegetable shortening, **COTTOLINE** instead of lard, they can eat freely of the best food without danger to the digestive organs. You can easily verify this by a fair trial of Cottoline.

'disturbed' to have the 'Indian problem solved' at an early date. To the honorable commissioner and his assistant, Gen. Frank C. Armstrong, I am indebted for advice, assistance and instructions of a beneficial character. I realize fully that congressional lethargy has rendered this agency, so far as permanent benefits extend, the toughest proposition in the Indian service, and feel indeed grateful for the assistance extended under prevailing conditions. Trusting that another season will find conditions reversed and the blankets thrown aside for the plow and branding iron, I am, etc."

### DENOUNCING THE CZAR.

Herr Most and Russian Speakers Indulge in Violent Language.

NEW YORK, Nov. 5.—Herr Most delivered one of his characteristic speeches last night at a meeting in the Adler theater. The object of the meeting was announced, was to express public thanks for the death of the late czar Alexander III. Most's speech was in German. He said:

"Friends, I am a trifle embarrassed tonight. I do not know whether I should thank God for the death of the czar or to give praise to the devil for it. There ought to be hundreds of thousands of meetings such as this, in order that a quiet rejoicing might be shown that such a monstrous brute as Alexander III has died. Every person is in duty bound, when we consider the ruin wrought by the czars, to wish that they were all dead. We need not go to Russia for a czar either. We have them here in America just as well."

J. Gordon was even more radical than Most. He said:

"Rise, Russians, and stamp out the brood of hyenas, the beastly Romanoffs. Down with them. They ought to be killed like brutes."

Three thousand Russians met last night in the Windsor theater on the Bowery to listen to denunciations of the late czar. Lawyer Louis Miller used violent language, and the audience cheered with great enthusiasm. Of the new czar, Mr. Miller said: "His throne is built on a flowing river of blood which will soon overwhelm its occupant, whose own blood shall mingle in the flood."

Abraham Cahan, editor of the Arbeiter Zeitung, denounced the American press for not having painted the late czar hideously enough. Resolutions were adopted denouncing of nearly everything done in Alexander's reign, and declaring that Russia can prosper only by the recognition of the rights of men as they are recognized in this country.

### A VALUABLE INVENTION.

Lieut. Fiske Has Devised the Stadiometer for the Use of Mariners.

WASHINGTON, Nov. 5.—An instrument that will enable a mariner to tell in an instant upon seeing a lighthouse or any well known mark upon the sea coast just how far his ship is distant from a shore, that will inform the captain of a man-of-war how far away his ship may be from another vessel of his own navy, and be of assistance in many other respects where the elements of distance or height are factors, has been submitted to the navy department for trial.

The instrument is known as the stadiometer and is the invention of Lieut. Fiske, who devised the range finder. The stadiometer is much simpler in construction and operation than the range finder, to which indeed it may serve as an adjunct, but cannot entirely replace as at least one element—either height or distance must be known to operate it so as to determine the other.

### A SILVER WEDDING.

A Very Enjoyable Event Which Occurred at Smithville Last Week.

Last Friday evening there occurred one of the most enjoyable affairs that has ever taken place in Smithville, the silver wedding of Mr. and Mrs. Patrick Nacey. Mr. Nacey is the popular and well known section foreman on the St. Paul & Duluth railway. His numerous friends in the vicinity of Smithville and Duluth determined that the twenty-fifth anniversary of his wedding should not pass without proper acknowledgment and so united in a grand turnout in honor of the event. About thirty couples were present. Twelve couples came down from West Duluth. Singing, dancing and music were the order of the night, and all united in saying they had a good time. There were many and beautiful presents in the form of silver presented to the happy couple by their admiring friends. One of the best features of the affair was the characteristic speech of William Smith congratulating Mr. and Mrs. Nacey on the completion of their twenty-five years of married life. Mr. Nacey was somewhat overcome, but managed to reply in a happy manner. After a night of thorough enjoyment the guests departed wishing the couple a continued life of happiness and united in the hope of being present at their golden wedding twenty-five years hence.

Among the numerous friends present were, Mr. and Mrs. W. H. Smith, Mr. and Mrs. E. H. Stephenson, Mr. and Mrs. J. G. Brink, Mr. and Mrs. William Edwards, Mr. and Mrs. S. S. Spencer, Mrs. W. H. Sweet, of Mahtowa, Minn.; William Stephenson, Edgar Dash, Thomas Ternay, Robert Heaney, H. J. Nacey, of Rush City; F. T. Green, George Carlin, Blady Boone, William Day, Thomas Hayes, Charles Sargent, Henry Breen, R. E. Carlin, A. J. Linguist, Johnnie Breen and Crowley, Misses Stewart, Patterson, Day, Breen, Shannon, Walsh, Kittie Sullivan, Lillian Dash.

"All run down" from weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Try it.

For commissioner of the Second commissioners' district, vote for T. B. Hawkes and you will make no mistake.

County Superintendent.

To the Editor of The Herald: I venture to present to your Democratic readers a few reasons why, in my opinion their votes should be cast for George H. MacClelland to fill the office of county superintendent. In what I announce myself as the candidate of any party or of a clique of any party but appeals to the voters simply upon the ground of fitness for the position. This is an attitude which cannot fail to recommend him to Democratic voters under existing circumstances. We happen to know that Mr. MacClelland declined a place upon the ticket put forth by the "bolters" from the Republican ranks upon the ground that his name had never been before the Republican convention and that he preferred to come before the people upon his merits alone.

Mr. Stultz has attempted an inconsistent role in announcing himself a candidate both upon the Republican ticket and upon the Independent ticket. This is a stand of which Republicans, who think that a candidate should be satisfied with a regular nomination, will hardly approve. It is an attitude equally unacceptable to Democrats for they must see in the double attitude of Mr. Stultz an attempt to catch independent votes while posing as a regular Republican nominee.

The Populist candidate, on the other hand, must stand or fall with the party which he has chosen to represent. If her political views are not those of her party she should have chosen to run as an independent candidate; if her political views are those of her party, she can expect to gain the votes only of those who sympathize with its aims. In neither case has she any claim to Democratic support. While Mr. MacClelland is a Republican he is not running as a Republican in spite of the fact that he is not the Republican nominee, if Democrats in spite of the fact that he has been a Republican in politics. He stands simply upon his own merits and is making no partisan fight. These are reasons which should appeal to all Democrats who think that under circumstances as they exist this year no Democratic vote should be cast for a Republican or a Populist candidate.

The fitness of Mr. MacClelland for the place appeals equally to me and would recommend him to my vote upon that claim alone. In the first place, having had a collegiate and university education, he is a man too of sound judgment and of wide educational movements of the day and interested in all things pertaining to educational development. He is a man too of sound judgment and of wide educational movements of the day and interested in all things pertaining to educational development. He is a man too of sound judgment and of wide educational movements of the day and interested in all things pertaining to educational development.

These are qualities which for this position are indispensable. To those who know him it is superfluous to say that he is a man of strict integrity and of religious and political convictions, yet no bigot and no partisan, and while formally courteous has yet the courage to do his duty. He seems to me well fitted as a man and a scholar for the responsible and important duties of the post to which he aspires.

A DEMOCRAT.

Duluth, Oct. 5.

Going at Half Price. Boys' overcoats and suits. Call early before the sizes are broken up. C. W. ERICSON, 219 West Superior street.

For commissioner of the Second commissioners' district, vote for T. B. Hawkes and you will make no mistake.

**PALPITATION OF THE HEART.**

Shortness of Breath, Swelling of Legs and Feet.

"For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Savannah, Ga., with no result. I then tried various Springs, without benefit. Finally I tried

**Dr. Miles' Heart Cure**

also his Nerve and Liver Pills. After beginning to take them I felt better. I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I hope this statement may be of value to some poor sufferer."

E. B. SUTTON, Wagon Station, Ga.

Dr. Miles' Heart Cure is sold on a positive guarantee that it will cure all heart ailments. It is sold in bottles for \$1.00. It is sold in bottles for \$1.00. It is sold in bottles for \$1.00.

For commissioner of the Second commissioners' district, vote for T. B. Hawkes and you will make no mistake.

## HAVE MANY THEORIES.

Scotland Yard Detectives Have Different Theories For a Bomb Explosion in London Last Night.

A Man From the Savoy Hotel is Suspected But No Arrest Has Been Made Yet.

The Whole Neighborhood Where the Explosion Occurred is in the Possession of the Police.

LONDON, Nov. 5.—A squad of detectives from Scotland Yard is busily at work investigating the bomb explosion which occurred shortly after 11 o'clock last night at the residence of the Hon. Reginald Brett, in Tilney street, two doors from the residence of the Hon. Sir Henry Hawkins, one of the justices of the queen's bench division of the high court of justice and for whom the bomb is supposed to have been intended. Col. Sir Edward Bradford, the chief commissioner of police, is personally directing the matter.

The scene around Tilney street at daybreak this morning, was one of extreme excitement. The whole neighborhood seemed to be in possession of uniformed police and detectives, who kept back the crowd of sightseers who had entered the spot. Many of the residents of the locality were so alarmed by the explosion that they fled from their homes and have been too frightened to return. Consequently their residences have been under police guard since last night and will so remain until order is restored.

A number of the residents were, however, willing to return if the police had permitted; but, until the official investigation is completed, the police thought it advisable to keep everybody away from the scene, and so many householders, their families and servants stood shivering behind the police lines during the early hours of the morning.

So soon as there was light enough for the work, Col. Majendie, the chief inspector of explosives, directed his men to take photographs from all points of view, and all the fragments of the bomb, splinters, etc., were taken by the police to the home office for examination.

Up to noon today the police have no definite theory as to the origin of the explosion, with the exception of suspecting a man from the Savoy hotel. But the authorities are busy running down the theories which may connect the suspected man with the outrage.

In the first place the police are investigating the theory that the explosion was the work of some person who sought revenge for some decision rendered by the late Lord Escher, master of the rolls and father of Hon. Reginald Brett, in which case, according to the police, the author of the explosion must be sought after among the many criminals who have earned malice for some imaginary grievance.

The second theory is that Mr. Brett may have in some way excited the animosity of the dynamiters. The third theory of the police is that the outrage was the result of the recently announced determination of the Irish physical force party to commence an active dynamite campaign, and that the explosion was intended as some sort of a notice of warning to the home secretary, the Hon. Henry Asquith. Then, again, it is thought that the explosion was the work of some member of the anarchist party, or others by the refusal at some time to bother Mr. Asquith with anarchist appeals or to transmit to him the names of members of the Irish revolutionary party.

Some plausibility is given to this theory by the fact that, as exclusively cabined by the Associated Press on Saturday last, the Scotland Yard authorities then had evidence that the Irish physical force party was planning an immediate campaign. This theory, it is claimed, was in consequence of the reply offered by John Morley, chief secretary for Ireland, to the deputation which called on him last week in reference to the release of the Irishmen now serving terms of imprisonment in England, under the treason-felony act.

The fourth theory is that the outrage is of anarchist origin and that it was directed against the residence of Justice Hawkins, who in addition to trying and condemning the Wiltshire anarchists, has tried and condemned the majority of anarchists who have been brought into court during the last ten years, and who has been treated repeatedly since the trial of the two Italian anarchists, Giuseppe Fara and Francesco Polti, who on May 4 last were sentenced respectively to twenty years and ten years' imprisonment.

### BY AN UNDERGROUND ROUTE.

Ingenuous Device For Supplying Books to the Congressmen.

WASHINGTON, Nov. 5.—The plans of Librarian Spofford and Superintendent Green, of the new congressional library building, include an ingenious device for supplying books to the capital. They expect to meet the demands of senators and members of the house for literature from the nation's vast store, through an underground conduit constructed between the two buildings. At present the books are obtained by personal application to an assistant librarian.

The new library building is only about 200 yards from the capital building, and it is believed that the obstacle of distance can be overcome by the construction of an underground passageway and the use of a pulley with an ingenious car which has been invented specially for this purpose. A pneumatic tube is also to be employed for the purpose of relaying the books.

A portion of the books now in the library—about 70,000 volumes of them—will be left in their present quarters for still greater convenience.

Cast your ballot for T. B. Hawkes for county commissioner in the Second district.

Vote for T. B. Hawkes for county commissioner.

# NOTICE OF ELECTION.

OFFICE OF CITY CLERK, }  
DULUTH, MINN., October 12, 1894. }

Notice is Hereby Given, That a General State and County Election will be held in the City of Duluth, State of Minnesota, on

**TUESDAY, NOV. 6, 1894.**

## Officers to be Chosen:

One Congressman for the Sixth District.  
Governor.  
Lieutenant Governor.  
Secretary of State.  
State Auditor.  
State Treasurer.  
Attorney General.  
Clerk of Supreme Court.  
One Chief Justice of the Supreme Court.  
One Associate Justice of the Supreme Court.  
One Judge of the District Court for the Eleventh Judicial District.  
One Senator for the Fifty-fourth District.  
Three Representatives.

### COUNTY OFFICERS.

Auditor.  
Treasurer.  
Sheriff.  
Register of Deeds.  
Judge of Probate.  
Attorney.  
Surveyor.  
Coroner.  
Clerk of District Court.  
Court Commissioner.  
Superintendent of Schools.  
One County Commissioner for the Second District.

Amendment to the Constitution relating to Taxation of Inheritances, Devises, Bequests, Legacies, and Gifts.

(The Second Commissioner's District embraces the First and Second wards of the City of Duluth and the Towns of Rice Lake, Duluth, Gnesen and unorganized Townships 52-13, 53-11, 53-12, 53-13.)

The polls will be open at six o'clock in the morning and kept open until seven o'clock in the afternoon. The following named persons and places have been designated to serve as Judges of Election and as places of holding the election respectively in each of the several election precincts of the several wards of the said City of Duluth, to-wit:

### First Ward.

First election precinct—Judges of election: George W. Winchell, J. C. Hunt, J. S. Martin. Place of holding the election—Vacant store next to Burne's grocery.

Second election precinct—Judges of election: R. S. Abell, Thomas S. Brown, C. J. Marshall. Place of holding the election—City hall, Lakeside.

Third election precinct—Judges of election: F. W. Partridge, J. Frazer, L. H. Grieser. Place of holding the election—Street car barn, Superior street and Twentieth avenue east.

Fourth election precinct—Judges of election: W. H. Alden, A. A. Jacques, George C. Higgins. Place of holding the election—Engine House No. 4.

Fifth election precinct—Judges of election: George R. Laybourne, James McGee, A. F. Rudolph. Place of holding the election—Hunter's Park station.

### Second Ward.

First election precinct—Judges of election: William Franke, Julius Boetcher, Wallace Warner. Place of holding the election—City building, Sixth avenue east and Superior street.

Second election precinct—Judges of election: S. O. Sterrett, John Dunphy, W. D. Gordon. Place of holding the election—No. 127 Tenth avenue east.

Third election precinct—Judges of election: Wm. B. Logan, A. Hjelm, Henry Truelson, Jr. Place of holding the election—No. 811 East Fourth street.

Fourth election precinct—Judges of election: Henry Kiehl, Wm. H. Croff, Wm. C. Auld. Place of holding the election—No. 407 East Fourth street.

### Third Ward.

First election precinct—Judges of election: J. A. Moore, Charles A. Moore, Joseph Harmon. Place of holding the election—No. 215 West Michigan street.

Second election precinct—Judges of election: A. G. McAuley, Nathaniel Youngblood, David Buchanan. Place of holding the election—No. 121 Second avenue west.

Third election precinct—Judges of election: Thomas Fairfax, Fred Pinkham, P. A. Felstad. Place of holding the election—No. 109 West Fourth street.

Fourth election precinct—Judges of election: Paul Wieland, R. J. Ryan, John P. Mason. Place of holding the election—No. 125 East Fourth street.

### Fourth Ward.

First election precinct—Judges of election: Thomas White, Thomas Grady, A. Hansen. Place of holding the election—Ferry house, south of canal.

Second election precinct—Judges of election: Fred Wieland, John Boyer, Charles Smith. Place of holding the election—No. 350 Lake avenue south.

Third election precinct—Judges of election: Knute Bervin, Robert Hemp, N. H. Murray. Place of holding the election—No. 208 Lake avenue south.

Fourth election precinct—Judges of election: Jacob Eberling, J. B. Root, Henry Burwell. Place of holding the election—No. 126 East First street.

Fifth election precinct—Judges of election: John Gibson, N. J. Miller, J. F. McLaren. Place of holding the election—No. 208 East Fourth street.

### Fifth Ward.

First election precinct—Judges of election: C. F. Johnson, H. B. Fryberger, J. H. Baker. Place of holding the election—No. 409 West Michigan street.

Second election precinct—Judges of election: John Cogan, R. F. Marvin, B. W. Hubbs. Place of holding the election—No. 17 Fifth avenue northwest.

Third election precinct—Judges of election: H. C. Osterhout, John Finn, M. O'Rourke. Place of holding the election—No. 627 West Superior street.

Fourth election precinct—Judges of election: Thomas W. Streeter, George C. Findley, Thomas McLaughlin. Place of holding the election—No. 925 West Michigan street.

Fifth election precinct—Judges of election: M. N. Davidson, H. M. King, Edward Fulton. Place of holding the election—Town hall, Duluth Heights.

### Sixth Ward.

First election precinct—Judges of election: William Curtis, John P. Dailley, W. L. Cary. Place of holding the election—1204 Michigan street west.

Second election precinct—Judges of election: Joseph Schweiger, William Marquardt, Alex. Kennedy. Place of holding the election—1601 West Superior street.

Third election precinct—Judges of election: John Beckman, John McNamara, C. L. Patterson. Place of holding the election—2004 Piedmont avenue.

Fourth election precinct—Judges of election: J. T. Odegard, J. Zimmerman, Stephen C. Wood. Place of holding the election—1803 Superior street west.

Fifth election precinct—Judges of election: John Baldwin, George McAdams, Stephen McCarthy. Place of holding the election—612 Garfield avenue.

Sixth election precinct—Judges of election: A. J. Beers, Malcolm McDonald, Peter Summers. Place of holding the election—Schunstrom's store, 1331 Garfield avenue.

### Seventh Ward.

First election precinct—Judges of election: Fred Swanstrom, Joseph Sopczyk, C. Linblom. Place of holding the election—2331 West Michigan street.

Second election precinct—Judges of election: C. M. Thomas, Samuel Meniece, James Rooney. Place of holding the election—2432 West Superior street.

Third election precinct—Judges of election: L. A. Gunderson, C. J. Halling, Henry O'Neill. Place of holding the election—Pop factory, 19 North Twenty-eighth avenue west.

Fourth election precinct—Judges of election: Nick Buffer, D. H. Morgan, Thomas Gordon. Place of holding the election—A. F. Swanstrom's store building, corner of Forty-sixth avenue west and Grand avenue west.

Fifth election precinct—Judges of election: R. W. English, L. A. Barnes, Frank Lemieux. Place of holding the election—Brick store building, Ramsey street and Fifty-first avenue west.

### Eighth Ward.

First election precinct—Judges of election: S. S. Williamson, Timothy Barbrick, Stephen Murphy. Place of holding the election—Police station.

Second election precinct—Judges of election: K. O. Balstad, A. Rockwell, James Connelly. Place of holding the election—Vacant store east side Sixty-third avenue west two doors north of Grand avenue.

Third election precinct—Judges of election: David Doyle, Andrew Melidah, Charles Waiter. Place of holding the election—Store near Grand avenue west and Seventieth avenue west.

Fourth election precinct—Judges of election: J. A. Grey, E. Newell, Fred Dotscher. Place of holding the election—Store, corner of Sixty-first avenue west and Raleigh street.

Sixth election precinct—Judges of election: W. E. Edwards, Daniel Sullivan, R. A. Folkerts. Place of holding the election—Club house, corner Ninety-fifth avenue west and Clyde avenue.

The Boards of Registry will meet at the places of holding the election in the several election precincts of the several wards of said City of Duluth on Tuesday, October 16, 1894, from 9 o'clock a. m. to 9 o'clock p. m.; on Tuesday, October 23, 1894, from 9 o'clock a. m. to 9 o'clock p. m.; and on Tuesday, October 30, 1894, from 12 o'clock noon to 9 o'clock p. m., to register voters and to complete and finally correct the registers.

[Corporate Seal]

**C. E. RICHARDSON, City Clerk,**  
DULUTH, MINNESOTA.

## WEST DULUTH ITEMS.

Thomas Burns, a Young Lad, Arrested For Stealing Money From a Butcher's Delivery Wagon.

He Denied the Theft But After Money Was Found in His Clothes He Owned Up.

He Implicated Two Other Boys, Who Have Bad Reputations, Claiming They Gave it to Him.

The till in Schnau's meat wagon was robbed of about \$10 in cash while the butcher was in a house delivering meat. Thomas Burns, a young lad who was seen near the wagon about the time, was arrested this morning and taken to police headquarters. He strenuously denied having anything to do with the affair, but after a search was made and some change found in the lining of his coat he stated that he had some more of the money hid. Lieut. Briggs went with him and \$2.20 was brought to light. The boy claims that he did not steal the money but it was given to him by Walter Hall and Jimmie O'Brien on condition that he would not tell on the others. At time of going to press the police had not secured the other boys but were after them. These same boys were the ones arrested a few days ago for pilfering from the Chinaman's laundry. The police had plenty of evidence that the boys were guilty at the time but the Chinaman would not prosecute them. The O'Brien boy has figured in police court a number of times as accessory in petty criminal actions.

West Duluth Briefs.  
L. D. Libby and wife have gone to Kansas City to spend the winter.

John Green has failed to attend several Populistic meetings the last few days. To become papa of a bouncing baby is of more interest even than political meetings at this season of the year. Mrs. Brown, of the Phillips, received a telegram this morning announcing the death of her brother at Missoula, Mont. The Ladies' Aid of the Congregational church will serve an oyster supper in all styles in the church parlors on Friday night of this week. The proceeds will be donated to the church fund.

One of West Duluth's old citizens and prominent (tonorial) artists will join the ever increasing army of benefactors before another fortnight wings its way along.

PRACTICAL EVIDENCE.

Disastrous Operation of Free Lumber Scheme Proven in an Undeniable Manner.

J. E. Myers, who has just returned from the East, where he has just visited, Boston and other Eastern cities, has some evidence of the result of the Democratic party's tariff bill, for which Maj. Baldwin voted. He clipped the following from the Montreal Gazette of Oct. 18:

"The item quoted from Wednesday's Toronto Star, in the Toronto correspondence, regarding J. S. Playfair & Co. having purchased the saw mill at Midland, is not quite correct. Messrs. Playfair & Co., of Sturgeon Bay, have signed a contract extending over eight or nine years, to cut and deliver 200,000 feet of lumber for Arthur Hill, the lumber millionaire of Saginaw, Mich. This is the largest contract ever made in the Dominion of Canada, consequently the Hill family purchased the large saw mill at Midland, where they intend running things in first-class style, making quite a number of new improvements in the mill, namely, the very best modern American machinery, etc., as they have been shut down for some time. This will, no doubt, be a great boon to the city of Midland, as for some years back things have been in a very depressed state owing to the mills, etc., having been closed. There is some talk of a small company being formed to light the city by electricity. No doubt, the above firm will be the principal stockholders in it and their utmost to have the matter put through, as it will be quite an addition to the city in the way of advancement."

But for the free lumber schedule that lumber would undoubtedly have been cut in the United States and probably in Duluth. Now the money will be spent in Canada and the lumber sent over here.

Mr. Myers says: "I was asked in Boston by investors who are not politicians but business men, what we were going to do out here at this election, whether there were to be any further Populist experiments. He said if there was there would not be a cent sent out here. Those most interested in Western politics are the Eastern business men."

"I also stumbled across something in Washington which I would like to see Maj. Baldwin explain if he can. When the bill for the admission of New Mexico was before the house an amendment was offered which required the English language to be taught in the schools. It was lost. Baldwin refused to vote, which virtually meant a negative. I would like to know how he explains this."

Vote for T. B. Hawkes for county commissioner.

CURES OTHERS

A TERRIBLE CASE OF DROPSY CURED.

JOHN MALLON, Esq., 20 Adams, Cincinnati, O., writes: "I took stock with dropsy, lost my appetite, could not sleep, became feverish, always thirsty, lost all strength, stomach became painful, breath short and had to give up work. The last physicians in Cincinnati, failed to help me. My limbs and body were swollen to such a degree that I was suffering terrible pain. I was told that I was dying, and I was told that I was dying, and I was told that I was dying."

JOHN MALLON, Esq., said I could not get well without your medicine. My wife sent for the medicine, and I took it. I was told that I was dying, and I was told that I was dying, and I was told that I was dying."

## WHEAT PRICES ADVANCED.

There Was Good Trading Today and the Market Closed Strong.

Firm cables, good buying orders and a bullish feeling created by the probabilities of a Republican victory tomorrow caused a fairly strong wheat market here today. The market opened rather easy at 51c but only one trade at that figure was reported, prices advancing immediately to 52c at which considerable trading was done. Then the market eased off 1c but recovered quickly and at noon May was selling at 50 1/2c. Trading was active in the last hour, the market being strong and prices advancing to 50 1/2c for May and 51c for December. Bulk took about 30,000 bushels, some of it early on the basis of 50c for No. 1 hard but later at 50 1/2c, at which figure most of it changed hands. Last before the close a lot of 50,000 bushels sold at 50 1/2c. The mills took 60,000 bushels at the prices as follows: No. 1 hard, cash, 50c; No. 2 northern cash, 50c; No. 3, 50c; No. 4, 50c; No. 5, 50c; No. 6, 50c; No. 7, 50c; No. 8, 50c; No. 9, 50c; No. 10, 50c; No. 11, 50c; No. 12, 50c; No. 13, 50c; No. 14, 50c; No. 15, 50c; No. 16, 50c; No. 17, 50c; No. 18, 50c; No. 19, 50c; No. 20, 50c; No. 21, 50c; No. 22, 50c; No. 23, 50c; No. 24, 50c; No. 25, 50c; No. 26, 50c; No. 27, 50c; No. 28, 50c; No. 29, 50c; No. 30, 50c; No. 31, 50c; No. 32, 50c; No. 33, 50c; No. 34, 50c; No. 35, 50c; No. 36, 50c; No. 37, 50c; No. 38, 50c; No. 39, 50c; No. 40, 50c; No. 41, 50c; No. 42, 50c; No. 43, 50c; No. 44, 50c; No. 45, 50c; No. 46, 50c; No. 47, 50c; No. 48, 50c; No. 49, 50c; No. 50, 50c; No. 51, 50c; No. 52, 50c; No. 53, 50c; No. 54, 50c; No. 55, 50c; No. 56, 50c; No. 57, 50c; No. 58, 50c; No. 59, 50c; No. 60, 50c; No. 61, 50c; No. 62, 50c; No. 63, 50c; No. 64, 50c; No. 65, 50c; No. 66, 50c; No. 67, 50c; No. 68, 50c; No. 69, 50c; No. 70, 50c; No. 71, 50c; No. 72, 50c; No. 73, 50c; No. 74, 50c; LARGEST CIRCULATION IN DULUTH.

OFFICIAL PAPER OF CITY OF DULUTH.

OFFICIAL PAPER OF ST. LOUIS COUNTY

Entered at the postoffice at Duluth, Minn., as  
second-class mail matter.

The Weather.  
O. S. WEAVER, DULUTH, MINN.,  
Nov. 5.—An extensive area of high pressure ex-  
tends southward from Manitoba and is central  
in Kansas. The storm that was central Satur-  
day in Northwest Minnesota has moved to the  
lower lakes. Another depression has advanced  
southeast toward Montana.  
Fair weather prevails this morning, except  
in the lake region, where it is partly cloudy  
with local showers. Westerly gales are reported  
on Lake Erie.  
It is colder in the lake region, Minnesota, the  
Dakotas and Manitoba.

Duluth temperature at 7 a. m. today, 32 de-  
grees; maximum temperature yesterday, 42;  
lowest minimum temperature today, 20.  
SAULT STE MARIE, MICH., Nov. 5.—Depth of  
water at St. Mary's falls equal at 5 a. m. today,  
14 ft. 10 in. The forecast for the next thirty-  
six hours, falling.

DELUER, Nov. 5.—Local forecast for Duluth  
and vicinity till 5 p. m. tomorrow: Snow  
showers; continued cool today and tonight;  
light to fresh northerly winds today and warm-  
er southerly winds Tuesday.

CHICAGO, Nov. 5.—Forecast till 8 p. m.  
tomorrow: Fair; Wednesday: Fair and cold;  
Thursday: Fair and warmer; break north-  
west winds for twenty-four hours. For Minne-  
sota: Fair with warmer in west half tonight;  
Tuesday fair and warmer; northwest winds be-  
coming southerly Tuesday.

Local Forecast Official.

Baldwin Admits His Defeat.  
A communication from Mr. W. H. Stultz, chair-  
man of the People's Party congressional com-  
mittee, which is published on the fifth page of this issue  
will make interesting reading for the voters  
of St. Louis county. Mr. W. H. Stultz  
writes a letter written on Oct. 21 by  
Maj. Baldwin to Kittel Halvorson. The  
Herald has seen the original, which is  
now in Mr. W. H. Stultz's possession, and  
it is certainly in Maj. Baldwin's hand-  
writing and is written on congressional  
letterpaper.

In this letter Maj. Baldwin acknowl-  
edges that he is defeated.

He says to Mr. Halvorson: "Unless  
something can be done, and that soon,  
the Scandinavian vote of Duluth will  
elect C. A. Towne."

This is made part of a plea to Mr.  
Halvorson to throw his vote to the major  
and thus prevent Mr. Towne's election.  
In order to convince Mr. Halvorson that  
his friends are mistaken in their claims  
the major adds:

"To give you an idea, here is a poll  
of one of the precincts in a stronghold  
in the Sixth ward: Republicans 95, Dem-  
ocrats 25, Populists 6. THIS IS ACCURATE  
AND ABOUT AN AVERAGE FOR ENTIRE  
CITY."

Remember that it is Maj. Baldwin who  
has written the above. It is a plain con-  
fession that he will be burned out of  
sight in tomorrow's election. The pre-  
dict which Maj. Baldwin canvassed  
showed a Republican plurality of seven-  
ty. The major says this is about an  
average for the entire city.

Estimating that the vote of the city  
of Duluth will reach 10,000, which is a  
probable total in view of the registration  
of over 13,000, the Republican plurality  
in the city, based upon the figures given  
by Maj. Baldwin, will reach 5500.

In other words, the major admits that  
Mr. Towne will have a plurality of 5500  
in the city of Duluth alone, unless he can  
effect a combination with Mr. Halvorson  
to secure the support of the Populists.

But, supposing he received the Popu-  
list vote here, what then? In the pre-  
dict which he refers to the total Demo-  
cratic and Populist vote is 31 and the  
Republican vote is 95—giving a Republi-  
can majority of 64. The major says this  
is about an average of the entire  
city. Consequently Mr. Towne would  
have a majority of 5000 in the entire city  
over Maj. Baldwin, if the latter obtained  
both the Democratic and Populist votes  
as estimated by the major himself.

Mr. Halvorson, however, has declined  
to be made a cat's paw to take the major's  
cheatnuts out of the fire. He will re-  
main in the field and he expects to poll  
more votes in Duluth and in the district  
than will Maj. Baldwin.

To Laboringmen.

The St. Paul Pioneer Press presents  
the following ten reasons why laboring  
men should vote for Knute Nelson for  
governor and for the Republican candi-  
dates for the legislature:

1. They are the only candidates  
pledged by their party platform to favor  
specific state labor legislation for the  
protection of workmen in factories,  
upon railroads and in mines.
2. Governor Nelson was the first  
friend of labor in Minnesota to point  
out how to improve the present personal  
liberty law or anti-iron-clad act, making  
it a more perfect protection to a man's  
right to belong to a labor union.
3. The last Republican legislature of  
Minnesota enacted more important legisla-  
tion in the interests of labor than the  
state of New York has on its statute  
books with labor interests ten times as  
great as the state of Minnesota.
4. The Republican party is the only  
national organization pledged to legisla-  
te for free labor, free homes and for  
the protection of the toilers against cheap  
labor in other lands.
5. Republican state legislatures first

enacted all the state laws now in force in  
the Union for the protection of the  
toilers.

6. The Republican party in Minne-  
sota is the only party in the state that has  
ever pledged in its party platform legisla-  
tion for the protection of employees in  
factories, mines or upon railroads.

7. Pledged to this legislation two  
years ago, it enacted more wise labor  
legislation than any four Populistic or  
Democratic states of the same size of  
Minnesota.

8. Governor Nelson advised the pas-  
sage and signed all this labor legislation.  
9. Governor Nelson and the Republi-  
can legislature have for two years led  
the nation in acts and movements  
against trusts and monopolies.

10. If elected, the Republican legisla-  
ture will carry out its platform and give  
the toilers what they have never se-  
cured in any state from the Democrats  
or Populists—wise, progressive laws in  
the interests and for the protection of  
the workingmen.

The County Superintendent.

The Herald learns that some of the  
opponents of W. H. Stultz, the Republi-  
can candidate for superintendent of  
schools, are circulating privately charges  
in regard to his official conduct. The  
fact that they have taken this method of  
circulating them instead of making them  
openly shows their complete falsehood.

There is no more despotic enemy than  
the one who will stab a man in the back  
instead of facing him and making a fair  
square fight. Superintendent Stultz has  
been one of the most efficient and faith-  
ful officials that St. Louis county has  
had, and the people will make no mis-  
take if they vote to keep him in this  
position. Under his supervision the  
schools throughout the county have ad-  
vanced greatly in efficiency and will now  
compare very favorably with the  
schools in other portions of the state.

There is not one of his opponents who  
can be compared with him so far as  
qualifications for filling this important  
office are concerned. The superintend-  
ent of the county schools has plenty of  
hard work to do, and this work should  
be entrusted only to capable hands.  
Vote for W. H. Stultz and retain a thor-  
oughly competent and faithful official.

Common Sense.

Abraham Lincoln's first speech on the  
tariff question was short and to the point.  
He said he did not pretend to be learned  
in political economy, but he thought that  
he knew enough to know that when an  
American paid \$20 for steel to an Eng-  
lish manufacturer, America had the steel  
and England had the \$20. But when he  
paid \$20 for the steel to an American  
manufacturer America had both the  
steel and the \$20.

That was the sum and substance of  
the tariff question as he viewed it.  
How did it look to you? Is it not a common  
sense view?

Chairman Manley of the Republican  
national committee, predicts that the Re-  
publicans will carry twenty-six states to-  
morrow and thus secure a majority of  
the states in the next house of repre-  
sentatives, while they will have a majority  
of twenty-five to organize the house. This  
is an additional reason why Mr. Towne  
should be elected in the Duluth district.  
What could Maj. Baldwin do in a Re-  
publican house?

It is to be hoped that the judges who  
will officiate at the election in Duluth  
tomorrow will be able to count the bal-  
lots more expeditiously than was the  
rule two years ago. Then the folly of  
appointing incompetent judges was  
made manifest. If the judges are not  
able to count the ballots quickly they  
should engage clerks who can perform  
that duty.

Hon. D. F. Reese and Hon. S. B. How-  
ard will speak at United States hall to-  
night. Both are eloquent speakers and  
strong Republicans and should have a  
large audience. Mr. Reese is the Re-  
publican candidate for clerk of the su-  
preme court and Mr. Howard is a candi-  
date for the senate in Hennepin county.

The wages of miners in the Lake Su-  
perior region are now down to the lowest  
point at which the necessities of life can  
be purchased by the earnings of the  
average employe. What then would be  
the result of free iron ore—the tariff pol-  
icy of Maj. Baldwin?

A New York dispatch says that Mike  
Dwyer wants to buy \$25,000 to \$125,000  
that Hill will carry New York. Another  
dispatch says the odds on Morton for  
governor are \$500 to \$400. But you  
cannot settle the result of an election by  
betting.

McKinley at Newark, O. "The Demo-  
crats who this year will vote for truer  
prosperity than their party may be de-  
nounced as traitors, but I tell you there  
will be hundreds of thousands of such  
traitors in this country next Tuesday."

Voters of the Second commissioner  
district, do not forget that the county's  
interests will be conserved by the elec-  
tion of T. B. Hawkes as county commis-  
sioner. He is the best candidate in the  
field, and should be elected.

Capitol flees from Populism as from a  
pestilence. Remember this fact and  
vote against Populism.

Leading prohibitionists have issued a  
manifesto urging the prohibitionists of

Minnesota to vote for Judge L. W. Col-  
lins for associate justice of the supreme  
court. This will add a good many thou-  
sand votes to his total.

Remember that Judge Collins is the  
only member of the supreme court north  
of Minneapolis. Do you want the Twin  
Cities to have all the judges? If not, vote  
for Judge Collins, an upright and able  
judge.

The falling off of wages in the United  
States last year was \$1,000,000,000. If  
the workingmen will not pay attention to  
this fact tomorrow, they deserve hard  
times.

The small furies of snow during the  
past few days are simply a forestate of  
the great storm tomorrow by which  
Maj. Baldwin will be completely snowed  
under.

Mr. Halvorson has declined to save  
Maj. Baldwin from the avalanche that  
will strike him tomorrow. Mr. Halvorson  
expects to lead the major at the polls.

A communication addressed to Demo-  
crats, in regard to the office of county  
superintendent of schools, will be found  
on the second page today.

Read Maj. Baldwin's letter to Kittel  
Halvorson admitting Mr. Towne's elec-  
tion. It is given on the fifth page of this  
issue.

Vote for Governor Nelson and save  
the state from the blight of Populism.

THE DAY OF RECKONING.

The time to settle with the Sixth District  
Misrepresentative.

Cloquet Pine Knot: Two years ago  
under the influence of a sort of restless,  
unsatisfied feeling that they could not  
themselves explain the people of the  
Sixth district elected Maj. M. R. Bald-  
win to represent them in the councils of  
the nation. The people in '92 did not  
know what they wanted. Before very  
long they knew what they had got. They  
had an administration committed to a  
policy which bid fair to shipwreck the  
nation, and they had got for a representa-  
tive one of the most unscrupulous tools  
unscrupulous tools, always ready to  
jump at the crack of the party whip.

With bitter rage and chagrin they  
watched his course, and he did him-  
self regard their wishes, insult their de-  
legations, and deliberately trample upon  
and betray their vital interests. But the  
day of reckoning has come, and Maj.  
Baldwin stands once more a suppliant  
before the people he has wronged, and  
they will know how to answer him. In  
C. A. Towne we have a man with the in-  
terests of the community at heart and he  
will be sent to fill the place of this false  
steward. Let every man now, who  
helped elect Baldwin in '92 walk to the  
polls on Tuesday next and by his vote  
assist to undo the evil he has done.

OPPOSED TO OWEN.

The Stone Cutters are Not Favorable to His  
Candidates.

Minneapolis Tribune: George W.  
Meyers, one of the members of the city  
committee, and well known as a leader  
among the stone cutters of this city and  
state, has been doing some missionary  
work among the men of his craft in sev-  
eral parts of Minnesota during the past  
week. He has discovered himself particu-  
larly to saving as many as possible from  
voting the Populist ticket. This is part-  
ly on account of the opposition of the  
stone cutters to S. M. Owen, on ac-  
count of his action as a member of the  
board of regents of the state university,  
in voting to build the new library build-  
ing of the university of stone from out-  
side the state.

Mr. Meyers has been to Red Wing,  
and other towns in Southern Minnesota,  
and is going to Duluth to get the Du-  
luth stone cutters into line against S. M.  
Owen.

OUR NEXT CONGRESSMAN.

Mr. Towne One of the Best Qualified Men for  
the Office.

St. Paul Dispatch: The people of the  
state have heard a great deal about the  
contest in the Sixth district. Recently  
the United States marshal of the state  
resigned heroically, and has become a  
political martyr for the sake of the Demo-  
cratic nominee for congress. But it  
would not make any difference if every  
federal officer in the state resigned and  
went on the Sixth district stump. Hon.  
Charles A. Towne will be elected to con-  
gress in a Republican district by Re-  
publican votes and his majority will be  
swelled by a great many Democratic  
votes.

The Sixth district is one of great and  
diversified industries. And the people  
are firm in the belief that the principles  
of protection must be in force if the  
country is to go on towards prosperity.  
Mr. Towne is one of the best qualified  
men in the state for the congressional  
position. Of fine appearance, splendid  
bearing, self-poised and eloquent, he is  
the ideal orator, the deeply read stu-  
dent of economics, the successful law-  
yer, and the practical man among men  
whom it is a delight to know and sup-  
port. He is closing a great campaign  
and Duluth will have reason to be proud,  
as well as every county in the Sixth dis-  
trict in having sent C. A. Towne to con-  
gress.

A Joke on Crover.

Minneapolis Penny Press: Now comes  
the report that J. Adam Bede's successor,  
Billy Campbell, is supporting Owen. Was  
this Bede's joke or is it one on  
Cleveland?

Red Lake Reservation.  
Vermilion Iron Journal: Maj. Baldwin  
is making great ado about the Red Lake  
reservation and what he would like to do  
about it. One would think he discovered  
the Red Lake reservation and had a  
patent on opening it up. Why, bless  
your souls, boys, every congressman in  
Minnesota since the year the stars fell  
has been opening up the Red Lake res-  
ervation and it is closed yet. The major  
won't—and the major can't—do any  
more towards opening up the reservation  
than Mr. Towne will do. It's only the  
major's little hobby-horse—and the major  
is riding it.

Storm Sash.  
Order your storm sash, storm doors,  
etc., from Holston, Bleloch & Co. Office  
corner Third avenue east and Michigan  
street. Factory at West Duluth.

To the Voters of St. Louis County, Minn.

candidate for the position of "clerk of the  
district court" and ask the support of the  
voters of this county at the November  
election. Frederick B. Spelman.

Profoundly Grateful

Symptoms of Cancer Re-

moved—Rheumatism

Cured

A Chicago Clergyman's Faith in

Hood's Sarsaparilla.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs: I am profoundly impressed with  
the medical virtues of Hood's Sarsaparilla. I  
was threatened with cancer, and dis-  
agreeable eruptions on my back and other  
places. The cancer was appearing on my lip.  
Providentially I obtained one bottle of Hood's  
Sarsaparilla, and by the time it was gone, the  
bad symptoms had nearly disappeared. I have  
used four bottles, and I believe it has

Saved Me From Premature Death.

I am now almost 72 years of age and I work  
like a tiger. And I know that Hood's Sar-  
saparilla has had much to do with my vigor and  
strength. I recommended it to my wife, who  
had suffered so much with rheumatic troubles.  
Hood's Sarsaparilla has cured her.

Hood's Sarsaparilla Cures

as also with female weakness. In two years  
she has used about three bottles of Hood's Sar-  
saparilla, and today, and for the last six  
months, she seems like a new woman. We are

Hearty and Robust

as the young people who live with us. We do  
not want the afflicted to know what Hood's Sar-  
saparilla has done for us, and I feel it a duty to let  
people know in this way of the help obtained.  
With grateful acknowledgments to C. I. Hood  
& Co., Rev. O. H. Powell, 224 Madison street,  
Chicago, Illinois. Get Hood's

Hood's Pills are the best after-dinner pills,

assist digestion, cure headache. 25c. per box.

It Didn't Paralyze.

Cloquet Pine Knot: Doubtless Jadam  
Bede thought his melodramatic resigna-  
tion and the burst of maudlin sentiment  
by which it was accompanied would  
paralyze the administration and fill their  
hearts with gloom of a very dark hue.  
But it didn't paralyze to speak of.  
Jadam went on pretty much as before  
steward. Let every man now, who  
helped elect Baldwin in '92 walk to the  
polls on Tuesday next and by his vote  
assist to undo the evil he has done.

Mr. Cleveland Creates a Precedent.

Indianapolis Journal: If President  
Cleveland has renounced his state resi-  
dence and practically deserted himself  
of the right to vote in national affairs, he  
is the first president of the United States  
to do so.

A Great Campaigner.

Hartford Times: David B. Hill is  
making the greatest and ablest canvass  
ever made in the Empire state.

One Who Got Left.

The Great Divide: Had I'd known  
that tunnel was so long I'd have kissed  
you.

—Gracious, didn't you? Somebody  
did.

The Derelict.

I am the Hukon and have a play  
around my battered hull, and underneath  
The sharks go by, and I am underfoot.  
The iceberg looms in a spectral light,  
Shining in lakes of sea beneath the moon.

Drifting! drifting! Unto the misty port  
Where other signals glow nor lights are seen,  
Sends back arrival to the anxious boats,  
To those that live and swim upon the sea.

And drifting so shall follow all that were,  
As all that shall follow in their turn,  
Things and the wave race in the night  
Until that dim port men call Oblivion.

—John James Methan in New York Sun.

Baldwin Men Desperate.

Virginia Enterprise: The election of  
Mr. Towne is practically assured. The  
opposition is practically assured. The  
hopelessness of their case. At the  
last moment they will make a despairing  
attempt to turn the tide, but the charac-  
ter of their roadblocks is too well known  
to be given credence.

Get on the Band Wagon.

Wadena County Pioneer: Charles A.  
Towne represents the best interests of  
this country. Vote for him next Tues-  
day. He is going to be elected by 3000  
plurality, and now is the time to get on  
the band wagon.

For Commissioner of the Second.

Hawkes and you will make no mistake.

Notice to Shippers.

Northern Steamship company will  
discontinue canal shipments at New  
York on Saturday, Nov. 3; sail ship-  
ments on Saturday, Nov. 10; will stop  
receiving at Philadelphia on Saturday,  
Nov. 10; will stop receiving at Boston  
and New England points on Saturday,  
Nov. 3.

Vote for T. B. Hawkes for county  
commissioner.

Storm Sash.

Order your storm sash, storm doors,  
etc., from Holston, Bleloch & Co. Office  
corner Third avenue east and Michigan  
street. Factory at West Duluth.

To the Voters of St. Louis County, Minn.

I announce myself as an independent  
candidate for the position of "clerk of the  
district court" and ask the support of the  
voters of this county at the November  
election. Frederick B. Spelman.

## THE NOVEMBER TERM

Court Will Open on Wednesday and Judge Meier Will Make the Call of the Calendar.

Leonidas Merritt Cases Against the Mining Companies to Recover His Salary Will Be Tried.

Hulett Will Cases Among the Important Ones—Jerusha Rivers Case Against Belle Stanley.

The term of court which opens next Wednesday will not be an especially long one, though there are more cases than there were in the November term a year ago. There were but 190 cases then and they lasted until the opening of the February term and there are 200 cases on the calendar for this term. There is one more judge on the bench now, however, and the term will probably not last so long.

In accordance with the manner in which the work has been divided, Judge Meier will probably hear the calendar, while Judge Lewis will sit in Room 3 and Judge Ensign in Room 2.

There are several important cases to be tried during the term. Among the more important are those of Leonidas Merritt against the Biwabik and Missabe Mountain Iron companies. He sues for services performed as president and financial agent of the companies, and the aggregate amount is about \$50,000. The cases are similar to the appeal from the Missabe road, in which Mr. Merritt got a verdict of \$12,530.

Another action which will arouse considerable interest is the Hulett will matter. There are two actions, both appeals from orders of the probate court, brought by Lucy A. Hulett, and Judge Lewis will hear the calendar, while Judge Lewis will sit in Room 3 and Judge Ensign in Room 2.

There are several important cases to be tried during the term. Among the more important are those of Leonidas Merritt against the Biwabik and Missabe Mountain Iron companies. He sues for services performed as president and financial agent of the companies, and the aggregate amount is about \$50,000. The cases are similar to the appeal from the Missabe road, in which Mr. Merritt got a verdict of \$12,530.

The divorce case of J. A. Dalgleish against Annie Dalgleish is of particular importance, but it is one of the few contested divorce cases, and the parties make some pretty strong charges against each other.

For commissioner of the Second commissioner's district, vote for T. B. Hawkes and you will make no mistake.

He Had Spotted a Glorious Wake and of Course Ought to Try.

It was a glorious wake, that of Dinny Hooghligan. Dinny had been identified at the morgue as the "float" found in the river, or at least he had been identified as Dinny. The case, the Kellys, the McManises, all were there. In fact, everybody was there, with the exception of the Grogan, the consideration being to the fact that one of them had expressed the opinion that it was the first time a Hooghligan had met his death by drowning. Indeed the Grogan had gone so far as to announce that his belief that the adage, "Thin that is born to be hanged will never be drowned," had received a shock from which it could hardly recover.

Old man Hooghligan sat in the corner, with a short pipe inserted into a countenance in which pride in the completeness of the arrangements struggled with a natural grief. He had just opened his mouth at one corner to suggest that the bottle he passed again when in walked Dinny in the flesh. The old man's jaw relaxed, and the pipe fell unheeded to the floor. His first thought was of the complete triumph of the hated Grogan, whose grinning face he caught a glimpse of through the window. Swallowing his astonishment, he walked over to the seat where, resurrected one, and taking him by the hand said solemnly:

"He is glad O! am to see you back, Dinny, no boy, but it is a mighty fine affair you've shipped. O! think, under the circumstances, the last you can do is to pay the bill for the whiskey."—Indianapolis Journal.

In a wild state the elephant is a nocturnal animal. When domesticated, his size and dark color make him a great terror from the heat. To relieve himself he draws water from his stomach by means of his trunk and squirts it over his body.

Melchiamakino is an Indian word meaning great turtle. The Michigan city of this name is situated at a place where, it is said, there once was a large rock whose outline bore some resemblance to that of a turtle.

West Virginia has 16,000 square miles of coalfields and produces annually 5,000,000 tons.

## RULES OF PRACTICE.

District Court Judges Have Adopted Some to Cover Certain Cases.

The number of actions recently brought for the purpose of enforcing the statutory liability of stockholders in insolvent corporations has induced the judges of the district court to prepare the following rules of practice in relation thereto, which are now in force and will apply hereafter to such cases:

"Any creditor of such corporation who desires to become a party to such action so brought and to participate in the benefit of the judgment which shall be rendered in said action, shall file his verified complaint with the clerk of court, stating his cause or causes of action, and attach thereto a verified statement of his account, or copy of the note or notes, bill of exchange, contract or other evidence of indebtedness upon which his cause or causes of action are based."

"After the filing of such complaint he shall serve a notice upon the defendant corporation, or the receiver if any has been appointed, as the case may be, and the plaintiff, or his, their, or its attorneys, stating that he will at a time and place, not less than ten days from the date of service thereof, move said court for an order making him a party to such action."

"That upon the hearing of said application the court shall make such applicant a party plaintiff to such action, provided he is entitled upon the face of his complaint to be made such party."

"If there is a defense to such claim or any part thereof the receiver or corporation, shall within twenty days after notice of the filing of such order serve an answer to said complaint upon said creditor and all the allegations in the complaint so filed by such creditor shall stand and be deemed controverted or denied by each and all of the other defendants, the plaintiff, and all other creditors who shall be made parties to the action."

## THE CLOSING MEETINGS.

C. S. Darrow at the Temple—Towne at Grand Rapids.

The campaign will close tonight. Hon. C. S. Darrow, of Chicago, will address the Populists at the Temple and they will try to make a big demonstration.

At United States hall in the West End D. F. Reese, Republican candidate for clerk of the supreme court, will speak and also S. H. Howard, of Minneapolis. Other Republican meetings will be held as follows: Turner hall, George W. Stevens and Page Morris; Bethel, M. T. Harrison, H. Spencer and W. A. Cant.

Speeches on the ranges will be made as follows: At Grand Rapids, Hon. C. A. Towne; at Tower, I. W. Reynolds and L. C. Harris; at Ely, E. Benham; at Hibbing, O. W. Baldwin; at Iron Junction, John Berg; at Carlton, J. H. Norwood; at Virginia, Carl M. Johnson; at Mountain Iron, C. E. Lovette; at Biwabik, J. R. Campbell and T. W. Higo.

Tonight Maj. Baldwin speaks at West Duluth. This morning at 11 o'clock he spoke at Moose Lake.

Other meetings will be held tonight as follows: Royallton, C. Nethway; Hinkley, J. N. Caste; Willow River, Alfred Jackson; Hibbing, J. Adam Bede.

## LITTLE AMERICAN MINE.

Work Has Been Resumed by the New Management.

Work on the Little American mine was resumed this morning under the new management, says the Rainy Lake Journal of Oct. 25. Eight miners were put at work getting out ore and eight more are to be put at work next week. Superintendent Peters is putting the stamp mill in shape for work during the winter.

J. B. Weimer has taken Hildreth's place as general manager. As he is a practical mining man, of large experience, and a man of energy and action, it is safe to assume that under his direction the best results in the future than was the case in the past.

For commissioner of the Second commissioner's district, vote for T. B. Hawkes and you will make no mistake.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

Supposing You Try?

Use for your underwear. Twenty per cent discount on all underwear carried over since last season.

C. W. ERICSON, 219 West Superior street.

THE CHEST THAT FAILS should be protected. Protection, however, should proceed, not follow, failure. Boyce's Chest Protectors render this vital part of the anatomy as secure against "around zero" temperatures and sudden changes of weather as though no sun fire to sound health existed. Protect the chest, is one of the axioms in medicine, and our Chest Protectors meet the case, we believe, better than any others offered. Ventilate the chest, for the fortress of life is lost. Lose no time in making it impregnable against wintry attacks. Bear in mind, please, that our prescription department is the best in town, and that we carry a full line of standard medicines and preparations, and toilet and manure articles.

Ally—And you will be mine, alone? Mabel—Yes, I'll be yours alone if you have no time in making it impregnable against wintry attacks. Bear in mind, please, that our prescription department is the best in town, and that we carry a full line of standard medicines and preparations, and toilet and manure articles.

British Tourist—Do you have many reporters at these western elections? Quick Drop Dan—Waal, no, not many has winchesters, but we all have revolvers.—New York World.

Vote for T. B. Hawkes for county commissioner.

Boyce's Drug Store.

## THE DAINY PARISIENNE.

A Creature Gifted With All the Superior Graces Which Characterize Her.

"The Parisienne are born comedians," said an author of the last century, and this is the description he gives of a true Parisienne. To be or to become a Parisienne a woman must be a gamin, a coquette, a flirt, a coquette, and a coquette. At 12 she is at her zenith. She knows nothing, not even how to make a cup of tea, but she serves her sickly beverage with so much grace and her Savres cups are so transparent and so exquisite that you love it and love her.

When the Parisienne gives a dinner party, she thinks of the flowers and the fruit and leaves the rest to her cook, so sure is she to mend a bad dish with a bonnet. Her beauty, which is problematical and has nothing to do with the type preferred by the sculptor, lasts her a quarter of a century, this because the beauty of the Parisienne is the beauty of the diabolical, the devil never gets old. She knows how to sit, to get up, to kneel, how to do everything, she never forgets her role and is always on the stage. She has studied herself in all positions, full face, side and three-quarter faces, and she knows what she is doing with the type preferred by the sculptor, lasts her a quarter of a century, this because the beauty of the Parisienne is the beauty of the diabolical, the devil never gets old. She knows how to sit, to get up, to kneel, how to do everything, she never forgets her role and is always on the stage. She has studied herself in all positions, full face, side and three-quarter faces, and she knows what she is doing with the type preferred by the sculptor, lasts her a quarter of a century, this because the beauty of the Parisienne is the beauty of the diabolical, the devil never gets old. She knows how to sit, to get up, to kneel, how to do everything, she never forgets her role and is always on the stage. She has studied herself in all positions, full face, side and three-quarter faces, and she knows what she is doing with the type preferred by the sculptor, lasts her a quarter of a century, this because the beauty of the Parisienne is the beauty of the diabolical, the devil never gets old. She knows how to sit, to get up, to kneel, how to do everything, she never forgets her role and is always on the stage. She has studied herself in all positions, full face, side and three-quarter faces, and she knows what she is doing with the type preferred by the sculptor, lasts her a quarter of a century, this because the beauty of the Parisienne is the beauty of the diabolical, the devil never gets old. She knows how to sit, to get up, to kneel, how to do everything, she never forgets her role and is always on the stage. ## CITY BRIEFS.

Cullum, dentist, top floor, Palladio.  
G. A. Tenbusch, architect, Trust Co. bldg.  
Smoke Endicott, cigar, W. A. Foote.  
Used once, used always, Imperial flour.  
German & de Waard have removed their office from the Burrows building to the McDonnell building, second floor.  
James A. Smith, who is the Democratic candidate for county auditor, is the popular "Jimmie" Smith who served as auditor for four years and as assessor for two and gave entire satisfaction to everyone.

Money to loan—\$500, \$1000, \$1500, \$2000. Cooley & Underhill, Palladio.  
Building Inspector Robinson says the total improvements in Duluth for the month of October amounted to \$75,508.  
The brother of Elijah H. Harrison, the colored proprietor of the Spalding barber shop who suicided Saturday, has applied for special letters of administration on the estate.

Light bread, light hearts. Try Duluth Imperial.  
In the case of Mack, Nye & Co. vs. H. M. Bradley et al in the United States court, in which a verdict for \$8,750 was returned by the jury, Judge Nelson has granted a stay of forty-two days.

The W. C. T. U. will hold its regular meeting tomorrow afternoon at 3 o'clock in the parlors of the First M. E. church.  
The answers in the Missouri, Kansas and Texas Trust company in the usury cases brought against it have been filed in the United States court. The company claims its contracts were not contrary to Minnesota laws.

Rosalinda Deslauriers and Joseph Couture will be married tomorrow at St. John the Baptist church. Father Corbett, Father Bab and Father Gieroux will officiate.

At Saturday's special term the motion for a new trial in the case of Leonidas Merritt against the Duluth, Missabe & Northern was heard before Judge Emsign and the motion was denied. The case will now be appealed.

Salvation Army people are making great preparations for their festival next Saturday. It will be a novel and interesting affair.

The Christian Endeavor societies will take charge of the temperance meeting at the hotel next Tuesday evening. There will be a special program and good singing.

Reports of careless shooting in the vicinity of the Howard road, between Woodland and Lakeside, were frequent at the city hall this morning. Several narrow escapes were reported.

Forty-five special policemen were sworn in today to assist in the election and until the returns are brought in.

Three deaths were reported at the health office this morning. Kate Grover, aged 22 years, of consumption, at 1525 West Michigan street; Anton E. Fenson, aged 16 years, of typhoid fever, at 1009 Garfield avenue; Baby Farrington, aged 4 days, of infantile convulsions, at 2926 West Second street.

City Clerk Richardson has been very busy today distributing the election supplies—ballot boxes, stationery, ballots, etc. to the judges of the different precincts.

The United Commercial travelers have another open meeting Saturday evening in the King's block. It will be a smoker, and will if possible more enjoyable than the first one.

The annual Plumbers ball, usually held on Thanksgiving will be postponed because of the crowding of Ulysses Kniz.

A building permit was issued this morning to Mrs. J. S. Morris for a two-story frame dwelling on the south side of First street, near Twenty-second avenue east, in New Division division, to cost \$350.

Mrs. D. Lumsden, the popular lecturer, is registered at the Spalding.

The funeral of August Nelson, who died Friday, took place yesterday from the home of C. W. Fenard, on Jefferson street. P. S. Berg, chief engineer of the Carnegie steel plant at Homestead, arrived to attend the funeral.

Continuous election returns will be received at St. Anthony's church bazar, 8 East Superior street.

Entertainment given by West End lodges L. O. L. this evening. Address by Rev. Dr. R. Forbes. Songs, recitation, etc. Refreshments served. Admission, 25 cents.

The St. Louis hotel will have a special wire and will receive election returns tomorrow night.

A Child Enjoys  
The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known, and every family should have a bottle on hand.

Ladies have registered so as to vote for W. H. Stultz.

Winter Tourist Rates.  
The St. Paul & Duluth railway has on sale now winter tourist tickets at lowest rates to California, Florida, the South and West. Tickets good six and nine months. Choice of many and variable routes. For rates and particulars call on or address city ticket office, 401 West Superior street, corner Palladio building.  
F. B. ROSS,  
Nor. Pass. Agent.

Vote for C. Poirier for he is the right man in the right place.

Awarded  
Highest Honors—World's Fair.

**DR. PRICE'S**  
**CREAM**  
**BAKING**  
**POWDER**  
MOST PERFECT MADE.  
A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.  
40 YEARS THE STANDARD.

## ESTIMATES ON VOTE

Chairman Daugherty Predicts That Towne Will Have Twenty-five Hundred Plurality in the District.

On the Other Hand Chairman Hudson Claims That Baldwin Will Have Two Thousand Plurality.

Chairman Wessenberg Figures Kittel Halvorsen Will Have Fifteen Thousand Votes and be Elected.

Chairman F. B. Daugherty, of the Republican congressional committee, was asked this morning for his estimate of the result in the Sixth district. He said: "Towne will have 2500 plurality easily. It may run much higher. I shall not give any estimate by counties, for at best it is only guesswork but you can count on 2500. I figure Towne's plurality in St. Louis county at 3000. Stearns will give Baldwin about 2000 or 2100, just about the same as it gave him when he ran against Judge Searle. Baldwin had 4000 votes in St. Louis county two years ago, but his vote for free iron ore and other questions affecting our interests will cost him many Democratic votes, and his vote may be below 2000. With Towne going out of this county with a plurality of over 3000, and with the splendid campaign that has been made by our committee what else can we expect but at least 2500 for Towne? It will be over rather than under that figure."

The Democratic Claims.  
Chairman T. T. Hudson of the Democratic congressional committee predicts Maj. Baldwin's re-election by at least 2000 plurality. He figures out the result in this way:

Baldwin's pluralities over Towne—Stearns, 3000; Benton, 325; Morrison, 600; Hubbard, 75; Todd, 30; Wadena, 15; Cass, 30; Beltrami, 80; Itasca, 90; Pine, 60; Carlton, 30; total, 4355.

Towne's pluralities over Baldwin: St. Louis, 4000; Lake, 200; Wright, 180; Anoka, 125; Little Falls, 100; Crow Wing, 150; Sherburne, 150; Aitkin, 60; Cook, 25; total, 2480.

Halvorsen, said Mr. Hudson, "will have more votes than either Baldwin or Towne in Carlton and Cook counties only, and he will get from 10,000 to 15,000 votes out of a total of 42,000." Mr. Hudson read the following telegram which he received this afternoon from Editor Macdonald, of the St. Cloud Times: "On the eve of election, Stearns county Democrats send greeting to their friends in one and lumber. Towne and Baldwin's election is certain."

The Populist Estimate.  
Chairman Wessenberg, of the People's party congressional committee, expressed a belief that Kittel Halvorsen will be elected. He was averse to making any estimate of the vote. "I will say this," he finally said, "if Mr. Halvorsen gets 6000 votes in St. Louis county he will have 15,000 in the district, and I believe that many will elect. I figure that he will have 6000 votes in this county. Two years ago Donnelly had 1200 votes. This was the People's party strength then. Since that time the labor men have joined the party, and they assure us of a solid vote of 3500 more for the whole Populist ticket. I believe that 1000 more Republicans and Democrats who think that when we have enough of the old parties will join us in tomorrow's vote. I base this estimate upon the general belief that I find existing in the district. If the Republican party today represented the Republican party today, then Lincoln there would be no need for the People's party, but we all know that corporations rule the Republican party now, and it is for this reason that I and many others have left it."

THE MUNICIPAL COURT.  
Five Drunks Disposed of This Morning by Judge Powell.

There was a frosty air in the municipal court room this morning. The judge had an icicle pendant from each corner of his mustache, and five frigid, frightened drunks slowly shuffled into the municipal refrigerator.

Jimmy Murphy was first on the roll call and he acknowledged the corn as well as the imbibing of the extract, paid his \$12.50 without a murmur and went out a free man. Charley Johnson and Otto Swanson were next. They were not quite sober and pleaded not guilty to being drunk, and they will probably plunk down an aggregate of \$25 this afternoon or retire to the bill until the election returns have been officially canvassed. John Joy went up last ten days with a wife and two children, was allowed to go under suspension of sentence. R. Roscoe, charged with assault, will be tried tomorrow on complaint of his wife.

Alex Wilson's Narrow Escape.  
A. S. Wilson, the Democratic candidate for the house of representatives, lost a week of campaigning at the most important part of the canvass. He was at Deerwood last Monday and while on Serpent lake the boat tipped over. When his brother fished him out he was unconscious but was resuscitated. He was laid up for a week in consequence but is now around again.

STATE OF OHIO, CITY OF TOLEDO, ss.  
Frank J. Cheney makes oath that he is the senior partner in the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of one hundred dollars for each and every use of catfish that cannot be cured by the use of Hall's Catarrh cure.

Sworn to before me and subscribed in my presence, this 9th day of Nov. 1894.  
A. W. GLEASON,  
Notary Public.

Hall's Catarrh cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

Sold by druggists, 75c.  
Cast your ballot for T. B. Hawkes for county commissioner in the Second district.

Vote for C. Poirier for he is the right man in the right place.

W. J. Holmes deals in municipal and corporation loans, also wants large real estate mortgages. Office at residence, West Duluth. Correspondence solicited.

THIEL, fifteen cabinets, two styles, \$3.

Vote for T. B. Hawkes for county commissioner.

Cast your ballot for T. B. Hawkes for county commissioner in the Second district.

Wm. T. Smith, Fred Kooks, J. A. Bratton, Duluth, Minn., Nov. 1, 1894.

## CUSTOM HOUSE FIGURES.

Wheat, Lumber and Ore Shipments for the Month of October.

The report of shipments and receipts from the port of Duluth during October do not show so large an increase over the same month last year as have the preceding months, but the aggregate increase, though several staples show a decrease, is yet quite large. In imports the largest increases are shown in coal and salt. In exports the largest increases are in one and lumber. Wheat and flour show small decreases.

The reports are for Duluth and Two Harbors only, and do not include Superior. The reports from Superior would largely increase the figures, especially in wheat and flour. Following are the figures compared:

Receipts: Coal, 104,385 tons in October, 1893; 213,212 tons in October, 1894; increase, 108,827 tons; sugar, 10,150 barrels in October, 1893; 7892 barrels in October, 1894; increase, 253 barrels; salt, 9701 barrels in October, 1893; 16,600 barrels in October, 1894; increase, 6899 barrels; general merchandise, 16,085 tons in October, 1893; 19,952 tons in October, 1894; increase, 2967 tons. In October, 1894, there were 4211 tons of manufactured iron, and 22,570 bundles of staves received, against nothing was reported in 1893. The aggregate total in October, 1893, was 117,254 tons.

Shipments: Wheat, 1,560,823 bushels in October, 1893; 1,225,693 bushels in October, 1894; decrease, 335,130; flour, 41,865 barrels in October, 1893; 21,780 barrels in October, 1894; decrease, 19,085 barrels; ore, 177,102 tons in October, 1893; 189,491 tons in October, 1894; increase, 12,389 tons; barley, 50,000 bushels in October, 1893; 25,000 bushels in October, 1894; decrease, 25,000 bushels; merchandise, 4057 tons in October, 1893; 1551 tons in October, 1894; decrease, 2506 tons; in October, 1894, there were 1000 bushels of oats, 1,500,000 shingles, 124,000 bushels of flax, against which nothing was reported in 1893. The aggregate total was 280,711 tons in October, 1893, and 336,510 tons in October, 1894, an increase of 55,800 tons.

Following are the ore shipments by tons from Duluth and Two Harbors for this season compared with those of last season:

April	45,500
May	262,000
June	405,300
July	384,400
August	386,500
September	328,100
October	448,100
November, estimated	200,000
Total, 1894	2,665,100
In 1893 about	1,485,000
Increase over 1893	1,180,100

Attempted Burglary.  
The residence of M. H. Seely, at 1811 East Second street, was broken into this morning sometime about 3 o'clock. Mr. Seely was awakened by a noise and looked about the house but did not notice anything wrong, and as the noise had ceased he went to bed and slept until 6 o'clock, his usual hour for getting up. Then he discovered that the locks on the rear doors had been broken, several window catches sprung, and general evidences of a burglarious entry were numerous. He could not discover that anything had been taken, but the matter has been reported to the police.

No Trouble at the Ohio.  
The statement that the miners at the Ohio mine have quit for their pay, as published in the News Tribune, is totally untrue. A legal notice from the company through Attorney J. L. Washburn to re-tract the statement. There is no trouble at any sort among the employees of the Ohio mine.

A SNAP!  
A lot taken under mortgage foreclosure will be sold at 25c about half its actual value. For particulars call at 718 Torrey Bldg.

Did Not Get His Share.  
George C. Higgins alleges in a complaint filed in district court this morning that he entered into a partnership with M. Douglas, G. F. Davis, O. C. Otis, A. M. Kilgore and I. J. Carlton to secure title to land, he furnishing experience and a knowledge of defective titles and defendants furnishing the money. He claims that they secured title to some land in 18-15 and some lots in Fond du Lac, but that he never received his share, and he wants the court to award him a sixth interest in the lands.

For commissioner of the Second commissioners' district, vote for T. B. Hawkes and you will make no mistake.

Have Completed an Engine.  
The scholars at the high school have completed a small upright steam engine and dynamo, which are models of neatness and run without any perceptible noise or jar. The work in the manual training school will repay any parent or taxpayer for the time spent in investigation.

Vote for T. B. Hawkes for county commissioner.

Co-partnership Notice.  
The undersigned have this day formed a partnership under the firm name of Smith, Koons & Co., for the purpose of conducting a general fruit and produce commission business.

The Postoffice Business.  
Postmaster Helinski's report for the October transactions of the Duluth post office is at hand. Receipts from the sale of stamps, stamped envelopes, postal cards, etc., were \$7576.43; from box rents collected, \$257.75; from drafts on postmasters, \$598; a total of \$8430.16. The receipts from all sources in October last year were only \$7307.95; indicating an increase of \$1122.21. The expenditures last month were as follows: For salaries, \$1284.46; account of free delivery system, \$1812.54; to railway postal clerks, \$497.02; special delivery service, \$25.20; remitted to United States assistant treasurer at Chicago, \$4500.91.

Karris Band Concert.  
The Harris Military band will give a concert at the G. A. R. hall in the Hayes block, corner of Superior street and First avenue east this evening. The Magnolia quartet will assist and the following program will be given:

Selection—Magnolia Quartet.  
Tuba solo—"Louder Follies".....Snyder  
Vocal solo—"Parted to the Altar".....M. F. Keesey  
Song and dance—"Sweet Little Daisy".....Selzer Band.  
Selection—Magnolia Quartet.  
Trombone solo—"Dream of Glory".....Ripley Band.  
Cornet solo—"Elizabetta Polka".....Huse & McDaniel.  
Selection—Magnolia Quartet.  
March—"Sou's a Band".....Fassett Band.

After the program is given there will be dancing.

Ministerial Association.  
A ministerial association was organized this morning at the Y. M. C. A. rooms. The following officers were elected: President, T. M. Findley; secretary and treasurer, W. W. Dawley; committee on program, Dr. Thoburn, Dr. Ryan and Rev. Mr. Semple. The next meeting will be on the first Monday in December at the Y. M. C. A. hall. Dr. Cleland will read a paper on "The Institutional Church."

The Car Service Report.  
The Lake Superior Car Service association reports 33,433 cars handled at the head of the lakes in October. There were 15,380 cars of wheat, 13,595 of coal, 1068 of lumber.

Notice.  
Tuesday, Nov. 6, election day, being a legal holiday, the associated banks of this city will not be open for business. By order of the Duluth Clearing House association. E. W. MATTER, Secretary.

## Mayor's Proclamation!

CITY OF DULUTH,  
MAYOR'S OFFICE,

Duluth, Minn., Nov. 5, 1894.

Tomorrow, Tuesday, the 6th day of November, 1894, being the day of a General City Election in said City of Duluth, I, Ray T. Lewis, Mayor of said city, hereby proclaim that the provisions of Section Seventeen (17) Chapter Four (4) of the General Laws of Minnesota for 1893, which Section is as follows, to-wit:

"Section 17. No spirituous, mal or intoxicating liquor shall be sold or given away, nor shall any store, saloon or bar room where such liquor is sold or given away, be open on any general or special election day at any time between the hour of five o'clock in the forenoon and the hour of eight o'clock in the afternoon. Whoever violates any provision of this section shall be fined not less than one hundred dollars nor more than three hundred dollars for each offense, and in default thereof shall be imprisoned in the county jail for a period not exceeding six months."

will be strictly enforced.

RAY T. LEWIS,  
Mayor.

## FREIMUTH'S

## Snap Shots

## At

## Autumn

## Attractions.

Rich and beautiful goods have a manifold mission. One of our duties is to collect and display them for your gratification. You can judge by going through the store—first, second and third floors—leisurely. Just now

Cloaks, Furs, Millinery, Dress Goods, Silks, Carpets and Draperies

are suggestions of the interesting things you may find throughout the store. If you don't want to buy, enjoy them as they pass on to their manifest destiny—somebody's home.

## Millinery.

They say that nowhere in the Northwest can an equal assortment be seen. Trimmed Hats, Untrimmed Hats, Millinery Fixings, a room full of the cheeriest hats you ever dreamed of on view here—hundreds and hundreds more that you won't see—and prices are surprisingly little, as the assortment is surprisingly great.

## Bed Blankets.

The four sorts we tell of give the measure of maybe forty sorts that get no word in the papers. We never sold Blankets of equal quality for so little money.

At 59c  
Sheet Blankets, either white or gray, regular \$5c quality.

At \$3.25  
10-4 Gray Wool Blankets, soft and clean, worth \$4.50.

At \$3.95  
10-4 Scarlet All-Wool Blankets, would be cheap at \$5.50.

At \$4.25  
11-4 White California Wool Blankets, the kind you always pay \$5.75 for.

Don't Fail to Look at the Blankets.

## Furs.

Thousands of dollars worth of Furs here ready to reach their destination, got when almost nobody felt like getting; others were timid. We bought freely, that's why this great stock.

At \$14.50  
27-in. Monkey Capes, with electric seal collar, full sweep, worth \$25.

At \$10.75  
24-in

## WILL BE ABANDONED

The vacancy in the Chairmanship of the Chippewa Indian Committee Will Not Be Filled.

No Success Has Attended the Work of the Commission Which Will Be Abolished Now.

Civil Service Rules to Be Extended to Chiefs of Divisions in the Various Departments.

WASHINGTON, Nov. 6.—When President Cleveland appointed William Campbell marshal of Minnesota in place of J. Adam Belf, who resigned under such peculiar circumstances, it created a vacancy in the Chippewa Indian commission, which has been operating among the Indians for many years endeavoring to settle their affairs. Secretary Smith says he will not recommend filling the vacancy, because the work of the commission has not succeeded in accomplishing the results for which it was appointed.

Campbell was in Washington at the time of his appointment as marshal receiving instructions in his duties as chairman of the Indian commission and had been informed by Secretary Smith that in case results did not speedily follow his return to Minnesota, the commission would probably be abandoned. The failure has been not getting the Indians to take their allotments at or near one reservation. At present they are scattered over different sections of the state and do not care to secure allotted lands in places where they have not been living for a quarter of a century.

The agricultural department is about to issue elaborate information on the subject of "good roads" which congress directed the department to investigate. The publication will embrace the entire proceedings of the national road conference held at Asbury Park, N. J., July 5 and 6, last, at which conference every shade of opinion on improving roads was presented. Roy Stone, the special agent and road engineer of the department, will also include a number of addresses on the road question. He makes no report, so that these addresses practically constitute a report. Mr. Stone says having no other things:

"The main question is, how can a people having no surplus capital build good roads? For an answer we must go where they have done it successfully and study the methods. First we must study all the economies possible in construction. Second we must find out all the parties to be benefited and see that each bears his proper share of the cost, whether or not he belongs to the immediate locality or even to the present generation of men; third, we must look into local questions of road materials and transportation and into all late improvements in road implements and machinery.

"But who is to do all this? and that brings us to the first practical step in general road improvement, namely that every state should have a permanent commission composed of citizens of the highest character, undertake the necessary investigation and recommend the necessary measures to the legislature to watch the workings of these measures when adopted, and to take any possible improvement in them. The next step is to make the best possible out of convict labor in road-building. My own impression is that state prisoners will be best employed in the preparation of road materials in quarry camps or gravel pits, where they can be guarded and secluded easily as in residents of the country. Prisoners and tramps should do the grading and all other preparatory work on the roads.

"In regions where rock is plenty, by using the best machinery for crushing stone, and employing convicts only in quarrying it, an amount of material could be produced sufficient to macadamize all the roads in the state as fast as they could be prepared, and in addition, to furnish ballast for the railroads as a consideration for their giving reduced rates on road materials.

"Of their own motion the railroads are ready to contribute largely in this way toward improvement. In their cooperation with the department of agriculture on the subject, many have proposed to make half rates or haul at bare cost wherever a general advance toward road improvement shall begin, and the state commission would be in a position to make better terms with them than any private individual or local authority, and better than we could on behalf of the general government without the power to offer any definite assistance on its part in return."

The information given by the civil service commission, in announcing the recent extensions in the civil service by the president, that further extensions were to be made early, has been discussed in the departments and among officials who know, and it is said the extension will include chiefs of divisions in the various departments, which would be a very important move. The salaries paid to these officers are \$3,000 each. They have always been held as political plums for the smaller politicians who seek office in Washington, and it is claimed that often they are appointed without any fitness whatever for the positions they hold.

In many cases the assistant chiefs do all the business of a division during an entire administration. Sometimes it has been suggested that these assistants be promoted, but they generally decline, because they fear a new administration might dispense with them and they would be out of a position. If the civil service system should be extended to chiefs of divisions it will certainly be of great importance to the service and accomplish what the commission has long contended for.

AND SO THEY WERE MARRIED.

Romantic Story Connected With Justice White's Marriage.

NEW YORK, Nov. 6.—A World's Washington special says: The marriage of Mrs. Kent to Justice White was the culmination of an attachment formed years ago, when the justice and his wife were both young. At that time he had just been admitted to the bar, and she the match was broken off and she married. He remained single.

Mrs. Kent's husband died some time ago. Then the widow and Mr. White drifted together again, fell in love for the second time and yesterday's wedding is the natural consequence. Justice White recently purchased a home in this city and fitted it up in magnificent style, and will take up his residence there on his return.

Bicycle exercise according to Miss Frances Willard, is marvellously healthful. So is Dr. Price's cream baking powder.

REFUSED FRENCH DEMANDS.

The Havas Declined to Accede to the Demands of the French.

PORT LOUIS, Mauritius, Nov. 6.—Advices from Tamatave, of the date of Nov. 3, are to the effect that the government of Madagascar has refused to grant the French demands. M. Le Myre de Felles, the French special envoy, and all the French residents of Tamatave arrived at Tamatave on Nov. 2.

The warship Hugon has gone along the coast to pick up refugees. All the French residents of the capital remain, the government promising them full protection.

Philips Knocked Out.

CHICAGO, Nov. 6.—Jim Phillips, the clever colored middleweight, proved to be no match for Billy Stitt. The fight was for the middleweight championship of the Northwest. Stitt was seconded by Tommy Ryan and Phillips by George Williams. After a few mix-ups in which the French residents of Tamatave arrived at Tamatave on Nov. 2.

Philips Knocked Out.

CHICAGO, Nov. 6.—Jim Phillips, the clever colored middleweight, proved to be no match for Billy Stitt. The fight was for the middleweight championship of the Northwest. Stitt was seconded by Tommy Ryan and Phillips by George Williams. After a few mix-ups in which the French residents of Tamatave arrived at Tamatave on Nov. 2.

The warship Hugon has gone along the coast to pick up refugees. All the French residents of the capital remain, the government promising them full protection.

Philips Knocked Out.

## WEST DULUTH ITEMS.

Rev. Father Mackey Finds Two Residences Fitted Up for His Occupancy in His New Parish.

There Is Said to Be Two Factions in the Church Which Are Antagonistic.

Company G's Banquet Last Evening Was a Success in the Highest Degree.

Rev. Father Mackey, who was recently appointed to officiate at St. James' Catholic church, has found himself already in troublous waters with his new charge which bids fair to make the inauguration of his work here quite unpleasant. It appears that there are two factions in the church which have been diametrically opposed to each other for some time owing to a difficulty in adjusting financial matters. The present difficulty as near as can be learned is a contention between the two for leadership in church matters.

When the change in pastoral relations took place one faction rented the old Lloyd house on the corner of Cody and Fifty-seventh avenue and fitted it up for the priest's residence. The other faction performed the same duties at the house on Fifty-seventh avenue west formerly occupied by Edward Elston. Father Mackey now finds two residences ready for his occupancy on the same street. The reverend gentleman is said to be in a quandary as to what to do in the matter.

Company G's Banquet. The Company G banquet last evening was a success in the superlative degree. Music, wine and good cheer served to enliven the occasion and place the boys in a most happy frame of mind. The idea of having the banquet occur just before an election seems to be a happy stroke as an abundance of cigars and sparkling liquid in some way finds its way into the banquet chamber.

## West Duluth Briefs.

M. Haley, of Ashland, is stopping at the Bennett.

J. H. Harvey, of Virginia, was here yesterday.

F. J. Hart, of Republic, is also a visitor in the city.

F. J. Tobin, St. Paul, is registered in the city.

B. C. Dent came down from Rainy Lake City yesterday to vote.

E. J. Luther and U. S. G. Sharp returned yesterday from a deer hunt northward. They have come to the conclusion that a meat market is the surest place to capture venison.

The McDonough Manufacturing company has secured the contract for the rebuilding of the B. B. Richards mill and work on the remodeled structure will commence at once.

As incomparably the best leavening agent now in use Dr. Price's baking powder has supplanted all others in popular favor.

## Fine Gallery of Musicians.

Rarely if ever before has such a galaxy of clever musicians been brought together in Duluth as will make up the program of numbers at the Sater concert on Friday evening at the Methodist church. A carefully prepared musical menu will be served to what bids fair to be an immense audience, by representative vocal and instrumental artists and if one may judge from a glance at the program, there will be little left to be desired. Of the vocal selections there will be numbers by the Avon quartet, Miss Moak, Mrs. Ohlstrom Renard and Mark C. Baker, Mrs. Schmed, Mrs. Loman and Mrs. Loman are promised for piano and organ numbers. Miss Mackey will officiate at the piano, and will also give a duo with Claude Madden, the St. Paul violinist. Of that gentleman's performance the following is the opinion of the musical man of the Chicago Tribune: "He has an unusually accurate technique, a broad style, a resonant tone and best of all his playing is characterized by rare intelligence and musician-ship."

## Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctor that consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her, and she says it saved her. Her father, Edgar, 139 Florida street, San Francisco, saved from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottle at Max Wirth's drug store. Regular size, 50 cent and \$1.

The sensation of the hour, our \$15 suit sale.

M. S. BURROWS & CO.

We have a few thousand dollars to loan on unimproved property.

RICHARDSON & DAY,

35 Exchange Building.

## DULUTH'S VOTE

Exceedingly Quiet Day, But the Candidates and Their Workers Are Doing Plenty of Hustling.

Democrats Are Evidently Not Voting for Owen as Strongly as the Populists Think They Are.

About One-third of the Total Registration in the City Was Cast at Noon.

Vote in the City Will Run From Eight to Nine Thousand and Possibly More.

But for the number of teams flying here and there bearing banners instructing voters to cast their ballots for some particular man or ticket it would hardly be known that there is an election in Duluth today. One other evidence of the fact that an election is on is unmistakably manifest. Every saloon is closed up tight and the toppers who have to have their little nip every hour or two are sad looking. Every city and county office is closed also and the incumbents are mostly hustling for their favorites.

One thing quite apparent is that but little work is being done at the polls, not because the politicians are not trying, but the voters seem to know just how they want to vote. They march right by the little knots of workers gathered near the polling places, into the buildings and cast their ballots. This feature has been remarked upon by more than one candidate today.

There is some indication of Democratic votes going to Owen, but not in the large number the Populists had been led to believe. The number of Populists who are voting for Baldwin is also very small and will not change the result in any degree. Swenson is working like a tiger and his carriages are everywhere.

At noon today about one-third of the vote had been cast. In residence portions of the city it ran in some precincts as high as one-half, but in the business portions it was not so high. The bulk of the vote is expected between 2 and 7 o'clock and during the last hour there will undoubtedly be a big rush. The vote in Duluth may be safely estimated at from 8000 to 9000 and possibly may run over the last figure.

The following is the vote as cast up to about 1 o'clock:

	Vote.	Registration
First ward—	144	217
Second ward—	182	265
Third ward—	208	315
Fourth ward—	285	420
Fifth ward—	91	130
Second ward—	130	401
Third ward—	142	235
Fourth ward—	131	412
Fifth ward—	101	301
Second ward—	153	422
Third ward—	131	335
Fourth ward—	125	353
Fifth ward—	81	123
Second ward—	113	350
Third ward—	104	312
Fourth ward—	171	369
Fifth ward—	87	240
First ward—	242	337
Second ward—	135	471
Third ward—	108	293
Fourth ward—	135	471
Fifth ward—	135	471
Sixth ward—	62	146
First ward—	157	391
Second ward—	69	271
Third ward—	216	501
Fourth ward—	216	501
Fifth ward—	140	274
Sixth ward—	161	422
First ward—	130	358
Second ward—	130	358
Third ward—	86	212
Fourth ward—	115	402
Fifth ward—	135	320

Fourth ward—	74	241
Fifth ward—	62	

Dr. Henry A. Mott, United States government chemist, reports that Dr. Price's baking powder has reached "the acme of perfection" in wholesomeness and efficiency.

Nebraska Voting Heavily.  
OMAHA, Nov. 6.—At 1 o'clock reports from all parts of the state indicate the heaviest vote in the state's history. The weather throughout the state is favorable for a heavy country vote, and the Populists are encouraged over the prospects. Severe weather would have meant success of the Republicans.

Judge Ayer is Confident.  
Today being a legal holiday none of the offices in the court house were open for business. The only occupants of the building were Judge Ayer, who was resting serenely on his sure thing chance for re-election, Under Sheriff Dash and Mr. Dorsey, the proprietor of the court house cigar stand.

Court convened at 10 o'clock and was immediately adjourned to tomorrow morning, when the court house atmosphere will again wake into life.

MONEY TO LOAN  
AT 6 AND 7 PER CENT.  
Any amount. No delay.  
Howard & Patterson,  
201-202 First National Bank Bldg.

## MAJ. SEARS' ESTIMATES.

Portions of His Report to the Department Made Public.

Maj. Sears' recommendations to congress, embodied in his annual report, have been given out at Washington. The total amount expended in Duluth up to June 30, 1894, by the United States government was \$787,981.51. On that date there was still available \$937,677. The appropriation in the last bill was \$75,000. The amount necessary to complete present projected work was estimated by Maj. Sears at \$122,000, but he estimated that \$37,322.08 could be profitably expended. Bids for repairing the canal piers and for building two base line stations on Minnesota Point will be opened on Saturday.

In Superior the total amount expended since 1897 has been \$630,853.13, and there was available on June 30, \$15,239.61, to which \$50,000 has been added. To complete projected work \$156,736 is required, and Maj. Sears estimates that amount could be profitably expended during the coming year.

Agate bay had \$327,776 available on June 30 and received \$50,000. To complete the work they would require \$15,708. Bids will be opened Saturday for 250 feet tip-rap embankment, extension to the west pier.

Grand Marais had \$110,007 available on June 30 and received under the new contract to complete the work there would require \$12,370.40.

Ashland had \$235,458 available and received from congress \$25,000. To complete the projected work there would require \$119,500.

The Portage Lake canals require most, Maj. Sears estimating the amount at \$125,000, of which \$80,000 he said could be profitably expended this year. There was available on June 30, \$70,551 and \$125,000 has been since added.

## FREIMUTH'S

## IT IS ABSURD

For shoe dealers to think that by flourishing advertisements they can make intelligent people believe that they are giving you something for nothing.

Good shoes made by reliable houses cost very near if not as much today as they did a year or two ago. Poorly made and ill-fitting shoes had never much of a value, and are not worth today any more than they ever were, as shoddy shoes are dear at any price. We carry shoes made by the best manufacturers in the land. No finer or better LADIES' MISSES' and CHILDREN'S SHOES were ever shown in Duluth than are found on our shelves. We do not charge fancy prices, but are giving the most intrinsic values for the money.

At \$5.00

Ladies, we will give you our new hand-turned, needle-top, finest dongola leather white silk stitched shoe; made to sell at \$6.00.

At \$5.00

Ladies, our new hand-sewed welt shoes, made with seven buttons, the newest square toe, the finest dongola leather; made to sell at \$6.00.

At \$4.00

Our Ladies' hand-turned or hand welt dongola, button or lace, shoes are the nicest shoes ever sold for the money; others will ask \$5.00 for no better shoes.

At \$3.50

Our Ladies' well-sole or turned patent leather tip dongola button shoes are very dressy, easy and good wearing shoes; others ask \$4.00 at bargain prices for the same.

At \$2.50

Ladies' patent leather tip, button or lace, dongola shoes, with dongola leather square or pointed toe; would be cheap at \$3.00.

## CARPET DEPT.

## THE MOURNERS.

Auditor Biermann Expected to Be Elected and Gen. Becker Says It is All Right.

Judge Collins' Re-election Over Judge Willis Is Claimed By at Least Ten Thousand Votes.

Charles A. Towne Has Pollled a Good Vote in Stearns and Ran Ahead at Brainerd.

Joel P. Heatwole Claims to Be Elected By 2500 Plurality—Donnelly Defeated in Dakota County.

ST. PAUL, Nov. 7.—State Auditor Biermann got down to his desk before 11 o'clock this morning, and as he sat there he looked quiet and subdued. The cane and crutch by his side looked particularly significant. Asked to talk on the situation he had little to say, showing an evident but polite disinclination to indulge in conversational aftermath. "Yes, I had expected to be elected," he said thoughtfully. "There is not much to be said; it's too one-sided for any sort of comfort."

Gen. Becker was at the state house this morning. He looked a little careworn, but was as polite, courteous, kind and pleasant as he always is. "Well, I hadn't as many friends as I thought I had," he said. "It's a mistake a man will occasionally make. It is all right though. I have not done anything or said anything I need apologize for. If I have done anything towards litting politics into a higher level, I am very glad of it."

Capt. Castle was in good spirits over the election and had this to say: "I think all good citizens are under obligation to Gen. George L. Becker for making the gallant fight he did in an almost hopeless case. If he had declined to run, the Democratic convention would probably have endorsed Owen, and the result might have been different. We owe a good deal to Gen. Becker and

never so slow, and impossible at this hour to give official figures. It is estimated Nelson will get 2000; Owen 2500; Becker 3000. Indications are that Towne, for congress, is running well in the city and adjacent country. At this time Kellar (Dem.) and Bruckart (Rep.) both claim election. Hoobar (Rep.) for the legislature, is reported ahead so far, and will probably win. The Republicans will get the sheriff and possibly the judge of probate and clerk of court and surveyor.

A special to the Dispatch from Brainerd says: Returns from Crow Wing county give Nelson 930; Owen, 432; Becker, 278. For congress, Towne, 1030; Nelson, 450. For state senate, Fuller, 903; Homestead (Dem.), 113. For representatives, Ferris, Jones, Harthorn, Mallette, all Republicans, carry the county two to one. The county complete will give Nelson 1200; Owen, 600; Becker, 325. Of the county offices the Republicans carry sheriff, attorney, treasurer, register of deed, clerk of court. The Democrats get surveyor and judge of district court.

The Republican state central committee at noon today claimed the election of the entire state ticket, Nelson by a plurality of at least 30,000. It is thought that R. C. Dunn for auditor, will lead the ticket with a plurality of about 25,000. Justice Collins is considered safe and is surely elected. Winona and other counties, which have heretofore sent mixed delegations to the legislature, will send only Republicans. The legislature will be Republican by about thirty-two.

Judge Macdonald, chairman of the Populist state central committee, this morning said: "I cannot tell from the few returns I have received, but of course Nelson is elected. I do not think, however, that he is elected by the great vote ever, but he is elected by the great vote of the few returns I have received."

Wadena county, incomplete, gives Towne, 568 for congress; Baldwin, 280; Halvorson, 184.

Millie Laes for Towne. PRINCETON, Minn., Nov. 7.—Millie Laes county, Nelson, 313; Owen, 166; Becker, 118. Towne, 800; Baldwin, 220. County complete will give Nelson, 800; Owen, 200; Becker, 180. The Republicans carry all county offices.

**EVEN MISSOURI CHANGED.**

Everything Points to the Republicans Gaining a Great Victory.

ST. LOUIS, Nov. 7.—If the returns which have been coming in late this afternoon to the Democratic committee

## WILSON BEATEN.

The Author of the Wilson Tariff Bill Defeated in His Old District in West Virginia.

Chairman Babcock Now Claims That the Republicans Will Organize the Next United States Senate.

It Is Said the Tennessee Legislature Is Republican and Will Elect a Successor to Harris.

Judge Denny, a Republican, Elected to Congress in the Ashland District, Replacing Col. Breckinridge.

CHARLESTON, W. Va., Nov. 7.—Last night the Democrats conceded the First and Fourth districts to the Republican candidates—Dovener and Howard. Today's advance from Logan county, the Democratic stronghold, showed such a falling off in the Democratic vote that Anderson, Democratic candidate for congress, barely carried the county. The Democratic managers then conceded the election to Huling (Rep.) in the Third district by a decisive plurality.

Although doubt has been expressed as to the result from the Second district, yet the defeat of Wilson was not conceded by the Democratic managers till today noon. When it was learned that Marion county, a Democratic stronghold, had been carried by Dayton by 400 over Wilson, the latter's defeat was conceded but no figures were given.

The Republicans today claim that Dayton's plurality over Wilson will be not less than 1600 and, if the basis of gains since morning is maintained, Dayton's plurality will be considerably over 2000. The returns from the counties in Wilson's district show that the Republicans did not cast much more than their usual vote, but that the Democratic vote falls far short on account of those not voting.

All but one precinct in Monongalia county has been heard from. Dayton's majority over Wilson is 1050, a Republican gain of 300.

**THEY CLAIM THE SENATE.**

The Tennessee Legislature Is Republican and Will Settle It.

WASHINGTON, Nov. 7.—Chairman Babcock, of the congressional committee, claims that the Republicans will organize the next United States senate. While the returns are incomplete, his information is that the Tennessee legislature is Republican and will send a member of that party to succeed Harris.

Mr. Babcock also has a dispatch stating that Denny (Rep.) in the Seventh Kentucky district is elected by 225. His election is conceded by Democrats by 125. This is the Ashland district formerly represented by Breckinridge.

A dispatch from Chairman Huling, of the South Carolina state committee, and Congressman Settle, says: "We have carried the state if we can hold it."

**SOUTH DAKOTA IN LINE.**

Congressmen Gamble and Pickler and Governor Sheldon Re-elected.

YANKTON, S. D., Nov. 7.—Political information concentrated at the Democratic state committee headquarters in this city is to the effect that Gamble and Pickler, Republican candidates for congress, are elected by 8000 majority, and that Sheldon (Rep.) for governor will be elected by over 5000. The legislature will contain a majority of seven-teen Republicans on joint ballot, insuring the election of Pettigrew (Rep.) to the United States senate. Returns are slow.

REDFIELD, S. D., Nov. 7.—Nine counties that were considered doubtful, namely, Clark, Spink, Beadle, Codington, Brown, Grant, Potter, Jerauld, Buffalo, representing twenty-five legislative wards, have all gone Republican. Republican legislature now sure by over 30 on joint ballot.

RANDOLPH, S. D., Nov. 7.—So far as heard, Ward (Dem.) is slightly ahead of Alexander (Prob.).

**Some Congressmen Elected.**

Twelfth district, Michigan—S. M. Stephenson elected by 2000 plurality over Rush Culver (Dem.).

First Minnesota district—James A. Tawney (Rep.) re-elected.

Fifth Missouri district—John C. Tarsney (Dem.) undoubtedly elected.

Seventh Kentucky district (Breckinridge)—Official and unofficial returns up to 10 a. m. give Judge Denny (Rep.) a majority of about 100.

Iowa Eighth district—W. P. Hepburn (Rep.) elected.

Hartman (Rep.) is elected in Montana. Fifth Missouri district—Van Horne (Rep.) said to be elected.

Eleventh Iowa district—Perkins (Rep.) re-elected by 4500 majority.

Second Maryland district—W. B. Baker (Rep.) has about 100 majority.

North Illinois district—Robert R. Hitt re-elected by a plurality of 7000. Lacey and Henderson (Rep.) both.

Seventh Kansas district—Long (Rep.) probably elected by about 2000 over Jerry Simpson.

Iowa Fourth district, Thomas Updegraff (Rep.) elected.

**Conceded by Faulkner.**

WASHINGTON, Nov. 7.—Senator Faulkner, chairman of the Democratic congressional committee concedes the house to the Republicans by sixty-five to seventy. The senate will not be Republican, he says, unless that party carries Tennessee, which is still uncertain, or unless Senator Peffer votes with the Republicans.

KNUTE NELSON. D.M. CLOUGH.

many patriotic Democrats for assisting in escaping the withering blight of a Populist victory."

This afternoon the Dispatch, on the returns received, claims the re-election of Judge Collins over Judge Willis by 10,000 votes.

A telegram from Joel P. Heatwole claims his election over Congressman Hall by 2500.

Col. A. K. Kiefer, who is re-elected to congress by at least 5000 plurality, this morning received several congratulatory dispatches. Among them was one from Congressman Batholdt, of St. Louis, it read: "Shake." Another was one from Engineer Laroche, of Washington, who made an estimate on the Superior-Mississippi canal.

In speaking of the results, Col. Kiefer said: "It is no surprise to me. What else could be expected. The country will not continue a party in power that fails to redeem its pledges. As for me, I received, I told my committee last Saturday that the estimate of 3500 plurality was at least 1000 too low. From private advices I learn that I have carried every county in the district by increased pluralities over 1800." Col. Kiefer said he should not leave for Washington until the latter part of the month.

A special to the Dispatch from Hastings says: Returns coming in slowly; only seven precincts in. Becker will receive from Dakota county 500 plurality; Hall for congress about 600. Republicans will elect the senator and one representative. Donnelly is certainly defeated.

A special to the Dispatch from Stillwater says: Returns coming in slowly; only seven precincts in. Becker will receive from Dakota county 500 plurality; Hall for congress about 600. Republicans will elect the senator and one representative. Donnelly is certainly defeated.

A special to the Dispatch from Washington county give Nelson 1231, Owen 552, Becker 283. For congress, Kiefer gets 1801, Darragh 952, Clark 265. For state senate, Masterman, Republican, is elected by nearly 500, defeating O'Brien. For representatives, C. A. Parker, O. B. Soure, J. B. Sutton, all Republicans, the county complete will give Nelson 2400, Owen 800, Becker 500. Indications are that Hesper is elected mayor by a narrow margin. Col. Kiefer will carry the county by over 800 plurality.

A special to the Dispatch from St. Cloud says: Returns in this county

**ALL SHOULD REJOICE.**

Governor Merriam Says the Victory Will Start the Wheels of Industry.

ST. PAUL, Nov. 7.—Ex-Governor Merriam, seen this morning regarding the election, said: "It is the most signal victory in the interests of good government that has occurred since the war. It demonstrates fully the patriotism of the American people and the fact that they are fully alive to the necessity of maintaining the highest standard of upright citizenship."

"It is not simply a question of a victory for the Republican party, for which all of us are grateful, but it means the downfall of corrupt government in New York city and state and of Populist rule in Colorado and Kansas and, I believe, in our own state. It reassures us that we are not likely to have any further agitation of the tariff or free silver for some years to come, and will undoubtedly have a tendency to start the wheels of industry and commerce again. All good citizens over the United States should rejoice at the outcome."

**Connecticut Republican.**

NEW HAVEN, Conn., Nov. 7.—Complete returns from all but seventeen towns out of 168 in the state show that Coffin (Rep.) for governor is elected by 15,774 plurality. In all four of the congressional districts Republican candidates are elected.

**Fatally Struck.**

LEXINGTON, Ky., Nov. 7.—In an election fight last night John McConley stabbed Dick Travis, who died this morning. McConley is injured.

**PANTON & WATSON,**

## SINGS AT THE HEART.

THE MAN WHO MADE "SWEET MARIE" AND "ANNIE ROONEY" POPULAR.

How Raymon Moore Achieved Fame and Fortune—Songs That Made the Public Taste—Sales of "Sweet Marie"—The Author of "Tara-a-Boonies".

(Special Correspondence.) PHILADELPHIA, Nov. 6.—If you were to ask any one conversant with such matters who is undoubtedly the leading American singer of popular songs today, the answer would undoubtedly be Raymon Moore, the man who made "Sweet Marie" and "Sweet Marie".

Mr. Moore is a unique singer. Not only has he a rich, sweet, powerful tenor, but he possesses a simplicity of style which is most attractive and a wonderful amount of magnetism which at once establishes a rapport between himself and his audience. He does not roll his eyes in a fine frenzy, he does not clutch his hands in a nervous grip, he does not wriggle like an eel while singing, but he commands his hearers by some subtle and occult sympathy and then sings straight to their hearts.

I had heard a great deal about Raymon Moore's "sweet head," how inaccessible and stiff he was and other alarming tales. Naturally when I received an assignment to interview him I was rather nervous. I fully expected to meet a man in a swollen overcoat and blazing with diamonds like unto a hotel clerk. Instead I saw a handsome, dark eyed young man, smoothly shaven like a priest, of plain, modest, unassuming bearing, dressed in good taste, without a vestige of theatrical nonsense about him, and who gave me the amazing intelligence that he had never been interviewed in his life.

"Tell me about 'Sweet Marie'." How did you come to sing it?" "I saw the poem first in the New York Sun," he said, "and was struck with the melody, pretty lines. I was returning from California, and getting weary with standing out the window at sand and sagebrush. I took the verses out of my pocket and jotted down the theme of a melody to fit them. Then, after I got here, I wrote to the author, Cy Warman, and arranged for its production, offering him one-half the proceeds."

"What is the present tendency of popular taste in songs?" "I think," said Mr. Moore, looking thoughtfully out of the window toward the hurrying throng as he spoke, "the tendency just now toward songs which breathe a pure, lofty sentiment, a homely spirit, songs which parents need not be afraid to have standing on the music rack where little daughters are growing up. Just as there has been a reaction in the public mind against erotic literature, there is a growing distaste for songs which hint of woman's dishonor, like 'Broken Home' and 'The Picture'—'Tara-a-Boonies' and 'The Wall'." "People don't want to hear such things in ballads. Ladies don't like to sing such things nor have their children hear them, and that's right. Such topics should not be handled by those who write songs. No, the demand for ballads about childhood, old fashioned homes and pure, tender sentiment is growing, and I am very glad of it, for there are no songs I love so well."

Although San Francisco, California Raymon Moore, was born at Amsterdam, N. Y. His parents removed to San Francisco, where the little Raymon was specially known as a wonderful boy soprano. He was educated by the Brothers of the Sacred Heart and taught ballad singing instead of church music, and had no idea of a professional life, but became a bookkeeper in a large wholesale house, resigning that position to become the private secretary of Boss Buckley, the Dick Crocker of California. But song was in him and had to come out. His first professional appearance was in New York at Niblo's, where he scored a great success with a pretty, homely ballad, "Down on the Farm." Then he joined Primrose & West's minstrels and created "Annie Rooney." While with this company Henry Sawyer, the man who really and truly did write "Tara-a-Boonies" and who at that time was managing Crocker's minstrels, secured Mr. Moore for that organization. He made "Mary and John," "Twenty Years Ago," "That Is Love," "Picture Turned Toward the Wall" and "You and I" favorites in every part of the country. After remaining with Thatcher four years, singing in "Fuzelo" and "Africa," Mr. Moore decided to go into high class vaudeville and signed with E. H. of the Union Square theatre. The tremendous success of "Sweet Marie," which has netted author and composer over \$20,000, and whose sale amounts to more than a million copies, inspired Mr. Moore to write and compose a companion song, "Dear Louise," which bids fair to become as great a bonanza to the composer as the other.

It is pervaded with much of the same gentle and pathetic style which marks "Sweet Marie," and the air lingers long in one's memory.

Mr. Moore is just about bringing out a song by Little Maude Siegfried called "When the Rain Is Falling." He speaks highly of the melody and prophesies a high price for the ballad. It is another one of those homely ballads which somehow creep to the heart of the listener, hard-working people, bringing tender memories of long ago as a balm for the bruises and wear of everyday life.

Who was it said, "Let me make the songs of a country, I care not who makes the laws." I wonder if psychologists could not find some relation between the nature of the songs Raymon Moore composes and sings and his filial love and duty.

## WHEAT CLOSED EASY.

After a Firm and Higher Opening the Market Sagged Off.

Wheat opened firm and advanced for May at 60 1/2c. The 4th crop was in quantity with higher American markets and strong cables. Buying orders were few, however, and the market soon became quiet, falling off by noon. Cash wheat was in good demand for shipment and to mill. Mills took about 50,000 bus. They paid 58c for No. 1 hard, 57c for No. 2 hard, 56c for No. 3 hard, 55c for No. 4 hard, 54c for No. 5 hard, 53c for No. 6 hard, 52c for No. 7 hard, 51c for No. 8 hard, 50c for No. 9 hard, 49c for No. 10 hard, 48c for No. 11 hard, 47c for No. 12 hard, 46c for No. 13 hard, 45c for No. 14 hard, 44c for No. 15 hard, 43c for No. 16 hard, 42c for No. 17 hard, 41c for No. 18 hard, 40c for No. 19 ## AN AVALANCHE.

The New York Democracy Buried Beneath a Deluge of Ballots That Surpasses All Records.

Tammany Hall Has Been Overthrown and Hill Beaten by Nearly Two Hundred Thousand Plurality.

Strong Was Elected Mayor of New York By Forty Thousand and Goff Chosen Recorder.

Entire Republican City and County Ticket of Brooklyn Was Successful—The Republicans Rejoicing.

NEW YORK, Nov. 7.—The Advertiser says this morning: "The battle is over; the enemy is routed; Republicanism has triumphed; protection will still protect and Tammany is overthrown. The victory means that the great American people have been aroused and have shown themselves worthy of their glorious heritage. It means the death beyond all possibility of resurrection of the party which for forty years, has never had power without showing an increased capacity for blundering and incompetency. Finally the victory means that from the Atlantic to the Pacific, we should give thanks for the downfall of the Democratic party. It stands for the triumph of protection and labor, of law and order. Praise God from whom all blessings flow."

The scene on Newspaper row when it was conceded by the Democrats that Morton had won the governorship and Strong the mayoralty was one of wild enthusiasm. When the newspaper bulletins and stereotypicals began to display the results about 5 o'clock there were about 2000 people on Park row, but during the following two hours the crowd was augmented by a continuous stream of people from the uptown districts. By 8 o'clock fully 10,000 people were on Park row, blocking the street and impeding the horse and cable cars.

When the concessions by the Democrats were announced, there seemed to be eight Republicans to every Democrat present. The assembly was very orderly and seemed to be of a more respectable class than that which usually visits Park row on election night. The Tammany men who were down town had no excuse to offer for their overwhelming defeat and one of the leaders said: "This will lead to a thorough reorganization of the Democratic party in this city and will bring about good results two years from now."

Tammany is badly defeated. The nominal majority of 60,000 usually polled by that organization in the city and an opposition majority of 40,000 to 50,000 in up town, making the defection more than 100,000. Never since 1871, the year in which the revelations concerning the operations of Tweed were made, has there been such an opposition arrayed against Tammany, and the returns show a severe blow has been struck at the foundation of the most powerful political organization in the country. Returns from New York city complete give Hill 127,702; Morton, 123,309; Hill's plurality, 4407. John W. Goff (Ind.) has been elected recorder. Frederick Smythe (Tammany) has been elected city clerk. The entire Republican city and county ticket of Brooklyn was elected. The total vote on mayor in New York city is: Strong, 123,601; Grant, 111,227; Morton has carried the state over Hill by about 150,000 plurality. The total vote for the two leading candidates is considerably in excess of that polled for Flower and Fassett for governor in 1891 in addition to which is the vote cast this year for Wheeler (Ind. Dem.) which will exceed 200,000. The tremendous Republican sweep in the city and state has elected about twenty-three Republican congressmen, a gain of eight over the present representation in congress. In all the Democratic estimates given on the eve of election it was contended that the Democratic plurality below the Harlem would be at least 35,000. The surprise was not confined to this change of vote, but an analysis shows that Senator Hill runs even behind the vote of Maynard, while even in the state he fell behind the vote cast in the state for Flower in 1891. Apparently all the constitutional amendments are carried.

**If You Contemplate** Making a home in, or taking a trip to California or the South, communicate with us. Information cheerfully given. California and Southern Bureau of Information, P. O. Box 382, Duluth, Minn.

**Supporting You Try** Us for your underwear. Twenty per cent discount on all underwear carried over since last season. C. W. ERICSON, 210 West Superior street.

Don't fail to hear Mrs. Lumsden tonight at Y. W. C. A. hall. Subject, "A Girl of Sixteen." This lecture is free.

**\$32.50!** Seven room house, excellent location; all modern improvements.

**\$50.00!** Ten room house in East End on First street; all modern conveniences and in a very desirable location. For full particulars call on

**W. M. PRINDLE & CO.** 216 West Superior St.

**Cuticura Remedies Are Pure Sweet Gentle And Most Economical Because Speedily Effective. Mothers and Children Are their Warmest Friends**

Sold throughout the world. Price, Cuticura, 50c; Soap, 25c; Resolvent, \$1. Foster Drug and Chem. Corp., Sole Proprietors, Boston. 25c. "How to Cure Skin and Blood Diseases," mailed free.

## WHOLE TICKET ELECTED.

**The Republicans Swept All Before Them in Chicago.** CHICAGO, Nov. 7.—The returns today showed continued gains for the Republican ticket. On the state ticket headed by Vulliamy for treasurer, the indications are that a Republican plurality will be reached of close to 100,000. Every man on the Republican Cook county ticket is elected by pluralities ranging from 14,000 to 25,000 and the state legislature will be Republican by a generous lead of perhaps twenty, insuring a Republican successor to Senator Culom.

The surprising Republican gains indicate that each of the seven congressional districts in the city are Republican with the possible exception of Congressmen McGinn's district, though some Democratic leaders conceded his defeat today. Ex-Congressman Frank Lawler, independent candidate in the Fourth district, was badly beaten and Congressman Goldsboro, although leading his ticket in the Sixth district, has apparently lost.

**BOB CARR PROBABLY BEATEN.** Even West Virginia Has Gone Into the Land-slide Business.

CHARLESTON, W. Va., Nov. 7.—Indications this morning are that James H. Huling (Rep.) for congress is elected over James D. Alderson (Dem.) by 1000 plurality. Republicans claim 2000. The Democratic executive committee has not yet conceded Huling's election. Private telegrams give McDowell to Huling by 1400, Mercer by 200. Alderson got Summers by 200 plurality. The entire Republican county ticket including the legislature is elected by good majorities. C. W. Patton (Rep.) has probably beaten R. S. Carr (Dem.) by 2000 plurality. It looks like a landslide. No news can yet be obtained from other counties. Upshur gives Huling 1100; Fayette 1500.

## IN NEW ENGLAND.

**Great Republican Gains Reported in All the States.**

BOSTON, Nov. 7.—All New England returns show great Republican gains. New Hampshire elects both Republican congressmen by increased plurality. Busiel for governor gained 2674 in seventy-four towns. This, if maintained, will give him nearly 12,000 plurality. The legislature is largely Republican. No figures yet regarding congressmen's pluralities. Greenhalge's plurality in Massachusetts is nearly 1000. All of the Republican candidates for congress were chosen except Fitzgerald in the Ninth, who has 2300 plurality. Cogswell's plurality is over 800. Figures on other congressmen are not yet received. The legislature will be overwhelmingly Republican. Boston complete: Greenhalge, 29,098; Russell, 33,023; against 20,327 and 30,012 last year; net Republican gain of 5090.

**Resulted in Murder.** CHICAGO, Nov. 7.—The attempt by a gang of toughs to steal a ballot box at 117 Oak street at 12:15 this morning has resulted in murder. Gus Colcander, the judge of the election who was shot in the abdomen, died some hours later. Colcander was a saloon keeper. The police think they have one of the party who did the shooting.

**A Child Enjoys** The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known, and every family should have a bottle on hand.

**While You Are Looking** Around for an overcoat be sure to drop in and walk up to our overcoat department which is on the second floor. A splendid assortment, latest style of long sacks and ulsters, at popular prices. C. W. ERICSON, 210 West Superior street.

**Positive Cure For Rheumatism.** Price's Rheumadine will positively cure rheumatism, gout and lumbago. It is a safe, sure and speedy cure. Relieved guaranteed in one day. Enquire about it. For sale by Max Wirth, druggist, 13 Superior street.

## THE "GREATER NEW YORK."

New York and Brooklyn People Voted for Consolidation.

NEW YORK, Nov. 7.—Returns of the vote in this city and Brooklyn on the "Greater New York" scheme indicate that a majority of the votes have been cast in favor of consolidation. A tabulation of the returns at police headquarters this morning shows that the vote in this city on the consolidated issue is in round figures 118,000 for and 83,000 against. It is evident from returns that a large proportion of voters neglected to cast their ballots upon this question. It is estimated that the majority in New York city in favor of consolidation will reach at least 30,000.

In Brooklyn the latest returns show a total vote of 51,605 for and 52,927 against the proposition, which makes it evident that the people of the two cities have given approval to the plan of consolidating the two municipalities by a good majority. The scheme for the "Greater New York" proposes the consolidation under one city government of New York and Brooklyn, the whole of Richmond and Kings counties, with portions of Westchester and Queens. The whole area covered by the "Greater New York" will comprise more than 317 square miles. According to the last census the population of the cities, counties and towns which it is proposed to combine as the Greater New York is only a few thousand short of 3,000,000.

The cities include New York, Brooklyn and Long Island City; then Richmond county and the towns of Westchester, Flushing, Newton and Jamaica and then also covers under the provision bill that portion of the town of Eastchester and Pelham which lies south of a straight line drawn from the point where the northerly line of the city of New York meets the center line of the Bronx river to the middle of the channel between Glen island and Hunters island in Long island sound, together with that part of the town of Hempstead which is westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway beach and Ashter island to the Atlantic ocean.

In the bill which relates to the subject provision is made for an expression of opinion on the part of the people as to the advisability of consolidation, and this is what the vote of yesterday means. The consolidation will not take effect until legislative provision shall be made upon the subjects of taxation, refunding of debts, etc.

## IN NORTH DAKOTA.

**A Republican Majority of From Five to Ten Thousand.** GRAND FORKS, N. D., Nov. 7.—The latest estimates give a Republican majority in this state of from 5000 to 10,000. Grand Forks city goes 200 Republican majority. Grand Forks county estimated 400 Republican majority.

**Clean Sweep in Minneapolis.** MINNEAPOLIS, Nov. 7.—The Republicans swept Hennepin county, giving Nelson for governor 6000 plurality, electing Loren Fletcher to congress by 7000, electing Robert Pratt mayor of Minneapolis by 3000 and winning on the county apportionment. Minnesota elects six Republican congressmen with the result in the Third still doubtful. The legislature will be heavily Republican, sending a Republican senator to succeed Washburn.

## Colson Elected.

MIDDELSBORO, Ky., Nov. 7.—Advices from the voting precincts in this the Eleventh district indicate the election of Colson (Rep.) for congress.

**Celebrated Man on a Celebrated Railroad.** Gen. Lee Wallace, the renowned soldier, statesman, traveler and author, pays this compliment to the Chicago, Milwaukee & St. Paul railway in the St. Paul Evening News Record, Oct. 6, 1894:

"I have traveled all over the United States and Europe, but never before have I seen such magnificent train service as I enjoyed on 'The Milwaukee' between Chicago and St. Paul. The private compartment cars are superior to anything of the kind I ever saw."

The trains referred to by the author of "Ben Hur" are vestibuled throughout, heated by steam, lighted by electricity and arranged with the famous electric berth reclining lamp.

J. T. CONLEY, Asst. Gen. Pass. Agt., St. Paul, Minn.

**Ask to See** Our all wool men's socks which we sell at only 25 cents. C. W. ERICSON, 210 West Superior street

**Election Bets.** Pay them with the Knox hats. For sale exclusively by THE "BIG DULUTH."

**AN ORDINANCE** To regulate the speed of cars upon street railways in the city of Duluth.

Section 1. It shall be unlawful for any person to run any car upon any street railway within the limits of the city of Duluth at a higher rate of speed than the following:

Faster than eight (8) miles an hour upon any street between Fifth avenue west and Third avenue east; and faster than twelve (12) miles an hour upon any other street or avenue.

Section 2. Any person violating any of the provisions of this ordinance shall be punished by a fine not exceeding one hundred (100) dollars and costs of prosecution, or by imprisonment not exceeding ninety (90) days.

Section 3. This ordinance shall take effect and be in force from and after its passage and publication.

Passed Nov. 5, 1894. BENJAMIN F. HOWARD, President City Council. Approved Nov. 6, 1894. RAY T. LEWIS, Mayor.

Attest: C. E. RICHARDSON, City Clerk. {Corporate Seal}

The above ordinance is in due form. ELLSWORTH BENHAM, Assistant City Attorney.

**Election Bets.** Pay them with the Knox hats. For sale exclusively by THE "BIG DULUTH."

### AN ORDINANCE

To amend an ordinance entitled "An ordinance regulating the business of Hawking, peddling and canvassing within the limits of the city of Duluth." The Common Council of the City of Duluth do Ordain:

Section 1. That section four of the ordinance entitled "An ordinance regulating the business of Hawking, peddling and canvassing within the limits of the city of Duluth," be and the same is hereby amended by adding to the end of said section the following:

"No stall or any such person stop on Superior street between Second avenue east and Sixth avenue west, or upon any of the avenues between said Second avenue east and Sixth avenue west, and between First street and Michigan street, for more than ten minutes at any one time, for the purpose of conducting his business or offering or exposing his goods for sale."

Section 2. This ordinance shall take effect and be in force from and after its passage and publication.

Passed Nov. 5, 1894. BENJAMIN F. HOWARD, President City Council. Approved Nov. 6, 1894. RAY T. LEWIS, Mayor.

Attest: C. E. RICHARDSON, City Clerk. {Corporate Seal}

The above ordinance is in due form. ELLSWORTH BENHAM, Assistant City Attorney.

### NOTICE OF MORTGAGE SALE.

Default has been made in the payment of the sum of twelve dollars interest which became due and payable on February 1st, 1894, in and to the payment of a like amount which became due and payable as interest on August 1st, 1894, all of which is yet owing and unpaid upon 1st mortgage, made to Catherine A. Lyon, by J. L. Hammond, mortgagee, to Catherine A. Lyon, mortgagee, bearing date the 26th day of August, 1892, and duly recorded in the office of the register of deeds in and for St. Louis County, Minnesota, on the 26th day of August, 1892, at 1 o'clock p. m., in Book 103 of mortgages, on page 252.

And whereas said default is a default in one of the conditions stipulated for the payment of the debt secured by said mortgage, it has been declared by the holder of said mortgage, the said Catherine A. Lyon, by the terms of the mortgage, to be a default, and she has caused the same to be immediately due and payable, in the exercise of which option the whole debt secured by said mortgage is hereby declared and claimed to be due, and is due, owing and payable, amounting at the date of this notice to the sum of three hundred twenty-five and 62/100 dollars.

And whereas said mortgage contains a power of sale which power by reason of said default has become operative, and no action or proceeding at law or otherwise has been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given, that by virtue of said power of sale and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described, to-wit: Lots numbered five and six (5 and 6) of block two hundred and eighty-nine (289) of West Duluth, Fourth Division, according to the recorded plat thereof, which premises with the lot on which said premises are situated, and the interest therein, will be sold by the sheriff of said St. Louis County, Minnesota, at the front door of the court house of said county, in the city of Duluth, in said county and state, at 10 o'clock a. m., on the 26th day of November, 1894, at 10 o'clock a. m., to the highest bidder for cash to pay said debt and interest, together with twenty-five dollars attorney's fee, stipulated in said mortgage, and paid in case of foreclosure, and the disbursements allowed by law, subject to the right of any time within one year from date of sale as by the terms of said mortgage.

Dated Oct. 10th, 1894. CATHERINE A. LYON, Mortgagee.

RICHARDSON & DAY, Attorneys for Mortgagee, 25 Exchange Building, Duluth, Minn. Oct-10-94 24-31 Nov-7-94

Sealed bids will be received by the board of public works in and for the corporation of the city of Duluth, Minnesota, at their office in said city, until 10 a. m., on the 12th day of November, A. D. 1894, for grading Minnesota avenue in said city from Duluth street to Olive street according to plans and specifications on file in the office of said board.

A certified check or a bond with at least two (2) sureties in the sum of twenty-five (\$25) dollars must accompany each bid.

The said board reserves the right to reject any and all bids. M. J. DAVIS, President.

## FORTY THOUSAND

Governor Nelson's Plurality in the State Now Forty Thousand and the End Is Not Yet.

Congressman Tawney of Winona and Kiefer of St. Paul Each Have Six Thousand Plurality.

Democrats Do Not Yet Admit the Defeat of Congressman Hall in the Third District.

How Large the Republican Majority in the Legislature Will Be Is Not Definitely Settled.

ST. PAUL, Nov. 7.—The returns from all but one precinct in the city of St. Paul give Nelson (Rep.) a 110 plurality, the vote standing: Nelson, 11,330; Becker, 5,000; Owen, 1,414. This tremendous Republican vote in the banner Democratic county of the state is simply a sample of the way things went yesterday. Early in the night it became a question of plurality, and by today the figure had reached 40,000 Republican plurality, and the end did not yet seem come.

But manager returns have been received from congressional districts, and all the Republican candidates seem to have won by pluralities ranging in the thousands. Col. A. K. Kiefer, of the St. Paul district, has 6,000 plurality; Congressman Tawney, of the First, is elected by an equal figure, and the vote for Gov. Nelson, in the Duluth district, has been placed higher, but may be reduced.

The seventh district is the Populist stronghold, but seems to have gone the way of the rest of the world, although the election of F. M. Eddy, Republican, is not yet conceded. Nor do the Democrats acknowledge the defeat of Congressman Hall in the Third, although the Republicans claim the election. Heatwave in that district by over 100 plurality. The reelection of Congressman McCleary in the Second and Fletcher in the Fifth is conceded by large figures.

How large the Republican majority will be in the legislature does not yet appear, but it is very great. The Democrats claim to have defeated their candidates in the majority of the parishes, many of them seeming to vote for Nelson, in order to prevent the election of Owen, Pop.

The state is well up with all of the other in the Republican column. The entire state ticket, including associate justice of the supreme court, has been carried by the Republicans by pluralities ranging from 25,000 to 30,000. As the returns continue to come in from all sections of the state, the pluralities for the Republican candidates are hourly augmented.

It is a swelling and a sweeping victory. Every Republican candidate for congress is elected, and the state will, for the first time since 1858, be represented by a solid delegation in the house. The legislature is Republican in both branches by at least an on joint ballot.

In the districts where fusion was attempted, the Republicans have elected their men. And in some of the Democratic counties come the surprising returns that the G. O. P. have also succeeded.

As an illustration, take Winona county. In the first time in twenty-five years that Gibralta of Democracy has been vanquished and the Republican flag is flying from the ramparts. Nelson carries the county by 500 and Tawney carries it for congress by 500.

A most satisfactory outcome is the election of the associate justice of the supreme court, L. W. Collins. In the First district, where returns have been received to a larger extent than any other district except the Fourth, Judge Collins runs away ahead of his ticket. From all of the other districts the report is the same. All indications point toward a solid delegation ahead of the ticket for state auditor.

The returns as reported show that the Republican state ticket is solidly elected. The whole of the state will maintain the great lead taken by Governor Nelson, and in the case of Bob Dunn an increase on the governor's vote is shown. This is all the more surprising from the vigorous fight Auditor Bierman made. Judge Collins has also made a marvelous run in the city and the returns show that he has Willis defeated in his own city. Collins carries more votes than Star for supreme judge.

ON THE MESABIA RANGE.  
Large Republican Plurality Seems to Be the Rule.

BREMEN, Minn., Nov. 7.—Total vote cast in Bismuth and Merritt villages and Bismuth township, 159. Towne and Nelson 50 each, Baldwin and Becker, 61, Owen, 11, Butcher, 17, Morris, 10, 25, Whipple, 10, Hobbins, 78. Balance of ticket same as vote on governor.

MOUNTAIN IRON, Nov. 7.—Village of Mountain Iron. Nelson, 107; Becker, 22; Owen, 23; Towne, 115; Baldwin, 33; Halverson, 15.

Town of Nichols. Nelson, 64; Becker, 16; Owen, 11; Towne, 69; Baldwin, 30; Halverson, 7. Balance of ticket went Republican.

MIXED IN MISSOURI.  
Two Republican Congressmen and One Democrat in St. Louis.

St. Louis, Nov. 7.—Revised returns for the city of St. Louis show the election of Cobb (Dem.), Jay (Rep.) and Bartholdt (Rep.) in the Twelfth, Eleventh and Tenth congressional districts respectively. On the city and legislative ticket the Democrats elected sixteen and the Republicans twenty-three candidates. From the state in general, the returns are still meager, but show that the elected supreme court judge and Corvinton (Dem.) state superintendent of public schools, and Fink (Dem.) railroad and warehouse commissioner. The state legislature is Democratic by forty majority on joint ballot.

The congressional result in the interior

is slightly changed. In the Fifteenth, C. G. Burton, (Rep.) is elected instead of Morgan (Dem.), while in the Fourth the result is in doubt with the chances in favor of Crouther (Rep.) instead of Ellison (Dem.). Otherwise the congressional delegation stands as reported last night.

ILLINOIS BACK IN THE FOLD.  
The Republicans Carried Cook County by Forty Thousand Majority.

CHICAGO, Nov. 7.—Never in the history of Cook county were election returns so difficult to obtain. The county ticket was very long and the vote on county commissioners was complicated, making the count exceedingly slow. Not until 11 p. m. did the returns begin to come with any regularity and the figures obtainable were only on the head of the state ticket.

By reason of this unsatisfactory service, there was nothing at midnight to indicate with any reasonableness the result of the county election. The Republicans claimed the county by at least 20,000 and the state by at least 75,000. The Democrats conceded the state ticket was beaten in Cook county, but claimed later returns would prove they had carried all the county officers. The vote on congressmen and members of the legislature was so slow and scanty as to forbid any accurate estimate as to the result.

Aldrich is elected in the First congressional district. In the Second Hannabam (Dem.) is leading. In the Third, McGinn is slightly ahead of the Republican; in the Fourth Woodman (Rep.) is ahead; in the Fifth White (Rep.) leads by a few votes; in the Sixth, Goldstein (Dem.) leads by a narrow margin; and Foss (Rep.) has a strong lead in the Seventh.

The Tribune says that the Republicans have carried Cook county with a majority of 35,000 to 40,000. The Tribune's list of legislature members outside of Cook county, printed last Saturday, so far have been verified in every case, and it appears that in the state sixty Republican members of the legislature have been chosen. Will and La Salle counties have both elected Republican members of the senate. Unless the returns in Cook county are changed, the Republicans have carried it on state and county tickets and have made such legislative gains that it seems safe to claim that body for the Republicans by a good working majority. It also looks as if Cook county Republicans had elected five out of seven congressmen.

The voting throughout the city was very heavy and excitement ran high. Fights at the polls were of frequent occurrence. The most furious row took place in the Seventh precinct of the Twenty-fourth ward, where E. M. Dickson, a Republican challenger was knocked down, kicked and jumped on. He was carried to his home and the physician in attendance declared that he could not survive.

Another serious fight occurred on Illinois street in the afternoon, when Alderman Currier, a prominent Republican leader was assaulted and seriously injured. A war horse, named Harvey, struck the alderman over the head with a club, and a small riot followed. A large detail of police charged the mob and arrested Harvey and three other men. Currier will probably recover, and although half a dozen men were hurt their injuries were not dangerous.

A drunken crowd of no political party attempted to get possession of the ballot box in the Ninth precinct of the Twenty-first ward at 2 a. m. The judges and a policeman resisted, and a fight ensued in which the officers were severely used. The following were injured: Gus Coleander, judge of election, shot through stomach; Will die. J. W. Wadsworth, clerk of election, shot in arm; Nicholas Michaels, police officer, shot in leg; Neider Walters or Michaels are fatally hurt. No arrests were made, and the policeman was shot early in the fight and could do nothing. The object of the crowd in trying to get the box is unknown. The judges fought off the mob, but the box was perforated with bullets.

OHIO BROKE THE RECORD.  
All Previous Republican Plurality Records Now Thrown in the Shade.

COLUMBUS, Ohio, Nov. 7.—Ohio has broken her record on Republican pluralities. The largest plurality heretofore was when John Brough (Rep.) for governor in 1865, had 101,000 over C. L. Vallandigham (Dem.), the latter being elected at the time in Canada.

Last year Governor McKinley carried the state by over 50,000, but no such plurality had been previously known except in the noted Brough-Vallandigham canvass, when all the Ohio soldiers in the field and hospitals through the state voted. At that time over 40,000 soldiers outside of the state voted for Brough and less than 1,000 for Vallandigham. During the last twenty years the parties have alternated in carrying the state.

While the Republicans claim a plurality for Secretary of State Taylor of 125,000 to 130,000, the Democrats concede that the Republicans have made large gains over the McKinley vote of last year and possibly beaten the Brough highwater mark of 1865. On the balance of state votes the Republicans claim seven of the twenty-one congressmen in congress are eleven Democrats and ten Republicans.

CINCINNATI, Nov. 7.—Specials to the Times-Star say A. S. McClure (Rep.) has 1200 plurality in the Seventeenth district and that the Republicans have carried all but the Third and Fourth districts in Ohio except the Third and Fourth. The Fourth is in doubt. The plurality of Song (Dem.) is 150 in the Third district. A dispatch from Eaton states that Gen. Harris has made such gains there that he does not concede his defeat by Song and says it will require the official count to tell the result. While the Republican plurality in Ohio is almost double McKinley's plurality of 80,000 last year, the total vote for the Republican ticket falls several short of the vote for McKinley last year, showing that the result is due to the Democratic vote coming out.

WYOMING REPUBLICAN.  
CHEYENNE, Wyo., Nov. 7.—Meager returns so far received indicate the election of the entire Wyoming state ticket, of Morrill (Rep.) for congress and of a majority of the legislature which will elect two United States senators.

HEADQUARTERS ELECTION.  
MINNEAPOLIS, Nov. 7.—A report to the Journal from Northfield, Minn., says: Joel P. Heatwave claims election to congress in the Third Minnesota by 500 plurality. This would make a solid Republican delegation from Minnesota.

## THE DULUTH EVENING HERALD: WEDNESDAY, NOVEMBER 7, 1894.

### TOWNE ELECTED.

Free-Iron-Ore-Baldwin Has Been Retired by the Sixth District to Private Life.

A Heavy Vote for Towne Was Cast in St. Louis County and His Plurality Large.

All the Republican Candidates for the Legislature and County Offices Have Been Apparently Elected.

It Was a Regular Landslide From One End of the County to the Other.

The counting of the ballots in St. Louis county proceeds slowly. All the returns from the city districts have not been received yet and it will be several hours before the total vote is known. Thirty-one out of the forty precincts in the city give Nelson 3159, Becker 995, Owen, 1803, a plurality of 1356 for Nelson. With ten precincts missing, Clough for lieutenant-governor has 3145 votes; Ludwig 1122, Lommen 1285.

For secretary of state thirty precincts give: Berg 3236, Haines 1205, Seberger 1090. For state treasurer: Koenner 3152, Lamber 1227, Borchert 1344. For attorney general: Childs 3111, Brackenridge 1022, Keyes 1244. Clerk of supreme court: Reese 3112, Kurtz 1476, Johnson 1287. Chief justice of supreme court: Start 3194, Smith 1143, Ladd 1105.

For state auditor twenty precincts give: Dunn 3105, Biermann 1259, Stromberg 1137. For associate justice of the supreme court: Collins 3491, Willis 1258. The election of Mr. Towne to congress is assured beyond the shadow of a doubt. Complete returns are lacking but enough have been received to show that he will have a plurality over Baldwin that may exceed 10,000.

There is every indication that all the Republican candidates for the legislature and for county offices have been elected, by large pluralities in some instances. William W. Butcher was cut considerably in some precincts and Morris Thomas ran ahead of the Democratic ticket, but Butcher seems reasonably certain of election.

For Governor.

# Forty Thousand

Governor Nelson's Plurality in the State Now Forty Thousand and the End Is Not Yet.

Congressman Tawney of Winona and Kiefer of St. Paul Each Have Six Thousand Plurality.

Democrats Do Not Yet Admit the Defeat of Congressman Hall in the Third District.

How Large the Republican Majority in the Legislature Will Be Is Not Definitely Settled.

ST. PAUL, Nov. 7.—The returns from all but nine precincts in the city of St. Paul give Nelson (Rep.) 5116 plurality, the vote standing: Nelson, 11,530; Becker, 5848, Owen, 6144. This tremendous Republican vote in the banner Democratic county of the state is simply a sample of the way things went yesterday. Early in the night it became a question of plurality, and by today the figure had reached 50,000 Republican plurality, and the end did not yet seem come.

But meager returns have been received from congressional districts, but all the Republican candidates seem to have won by pluralities ranging in the thousands. Col. A. H. Kiefer, of the St. Paul district, has 6000 plurality; Congressman Tawney, of the First, is re-elected by an equal figure and the vote for C. A. Towne, in the Duluth district, has thus far been placed higher, but may be reduced.

The seventh district is the Populist stronghold, but seems to have gone the way of the rest of the world, although the election of F. M. Eddy, Republican, is not yet conceded. Nor do the Democrats yet acknowledge the defeat of Congressman Hall in the Third, although the Republicans claim the election of Hestwood in the district by over 1000 plurality. The re-election of Congressman McCleary in the Second and Fletcher in the Fifth is conceded by large figures.

How large the Republican majority will be in the legislature does not yet appear, but it is very great. The Democrats seem to have deserted their candidates largely for the other parties, many of them seeming to vote for Nelson, (Rep.) to prevent the election of Owen, (Pop.)

The state is well up with all of the others in the Republican column. The entire state ticket, including associate justice of the supreme court, has been carried by the Republicans by pluralities ranging from 25,000 to 30,000. As the returns continue to come in from all sections of the state, the pluralities of the Republican candidates are hourly augmented.

It was a swelling and a sweeping victory. Every Republican candidate for congress is elected, and the state will, for the first time since 1888, be represented by a solid delegation in the house. The legislature is Republican in both branches by at least 10 on joint ballot. In the districts where fusion was attempted and the Republicans have elected their men. And in strong Democratic counties come the surprising returns that the G. O. P. have also succeeded.

As an illustration take Winona county. For the first time in twenty-five years that Gibraltor of Democracy has been awarded and the Republican flag is flying from the ramparts. Nelson carries the county by 300 and Tawney carries it for congress by 500.

A most satisfactory outcome is the election of the associate justice of the supreme court, L. W. Collins. In the First district, where returns have been received to a larger extent than any other district except the Fourth, Judge Collins runs away ahead of his ticket. From all the other districts the report is the same. All indications point toward Robt. Dunn running ahead of the ticket for state auditor.

The returns as reported show that the Republican state ticket is a solidly elected. The whole of the candidates will maintain the great lead taken by Governor Nelson, and in the case of Robt. Dunn an increase on the governor's vote is shown. This is all the more surprising from the vigorous fight Auditor Biermann has made. Judge Collins has also made a marvelous run in the city and the returns show that he has Willis defeated in his own city. Collins carries more votes than start for superior judge.

ON THE MESABIA RANGE.

Large Republican Pluralities Seem to Be the Rule.

BERNARD, Minn., Nov. 7.—Total vote cast in Bismarck and Merrill villages and Hixson township, 100. Towne and Nelson, 55 each; Baldwin and Becker, 61; Owen, 11. Butchart, 171; Morris, 78; Thomas, 83; Whipple, 194; Hibbing, 78. Balance of ticket same as vote on governor.

Mountain Iron, Nov. 7.—Village of Mountain Iron: Nelson, 102; Becker, 32; Owen, 23; Towne, 115; Baldwin, 38; Halverson, 13. Town of Nichols: Nelson, 64; Becker, 16; Owen, 14; Towne, 69; Baldwin, 20; Halverson, 7. Balance of ticket went Republican.

MIXED IN MISSOURI.

Two Republican Congressmen and One Democrat in St. Louis.

St. Louis, Nov. 7.—Revised returns for the city of St. Louis show the election of Cobb (Dem.), Joy (Rep.) and Bartholdi (Rep.) in the Twelfth, Eleventh and Tenth congressional districts respectively. On the state legislative ticket the Democrats elected sixteen and the Republicans twenty-three candidates. From the state in general, the returns are all meager, but there is no doubt whatever that Black (Dem.) has been elected supreme court judge and Corning (Dem.) state superintendent of public schools, and Fink (Dem.) railroad state warehouse commissioner. The legislature is Democratic by forty majority on joint ballot.

The congressional result in the interior

is slightly changed. In the Fifteenth, C. G. Burton, (Rep.) is elected instead of Morgan (Dem.) while in the Fourth the result is in doubt with the chances in favor of Crouther (Rep.) instead of Ellis (Dem.) Otherwise the congressional delegation stands as reported last night.

ILLINOIS BACK IN THE FOLD.

The Republicans Carried Cook County by Forty Thousand Majority.

CHICAGO, Nov. 7.—Never in the history of Cook county were election returns so difficult to obtain. The county ticket was very long and the vote on county commissioners was complicated, making the count exceedingly slow. Not until 11 p. m. did the returns begin to come with any regularity and the figures obtainable were only on the head of the state ticket.

By reason of this unsatisfactory service, there was nothing at midnight to indicate with any reasonableness the result of the county election. The Republicans claimed the county by at least 20,000 and the state by at least 75,000. The Democrats conceded the state ticket was beaten in Cook county, but claimed later returns would prove they had carried all the county officers. The vote on congressmen and members of the legislature was so slow and scanty as to forbid any accurate estimate as to the result.

Aldrich is elected in the First congressional district. In the Second Hannan (Dem.) is leading; in the Third, McGinnis is slightly ahead of the Republican; in the Fourth Woodman (Rep.) is ahead; in the Fifth, White (Rep.) leads by a few votes; in the Sixth, Goldseler (Dem.) leads by a narrow margin; and in the Seventh, a strong lead in the Seventh.

The Tribune says that the Republicans have carried Cook county with a majority of 35,000 to 40,000. The Tribune's list of legislative members outside of Cook county, printed last Saturday, so far have been verified in every case, and it appears that in the state sixty Republican members of the legislature have been chosen. Will and La Salle counties have both elected Republican members of the senate. Unless the returns in Cook county are changed, the Republicans have carried it on state and county tickets and have made such legislative gains that it seems safe to claim that body for the Republicans as a good working majority. It also looks as if Cook county Republicans had elected five out of seven congressmen.

The voting throughout the city was very heavy and excitement ran high. Fights at the polls were of frequent occurrence. The most furious row took place in the Seventh precinct of the Twenty-fourth ward, where E. M. Dickson, a Republican challenger was knocked down, kicked and jumped on. He was carried to his home and the physician in attendance declared that he could not survive.

Another serious fight occurred on Illinois street in the afternoon, when Alderman Currier, a prominent Republican leader was assaulted and seriously injured. A ward heeler, named Harvey, struck the alderman over the head with a club, and a small riot followed. A large detail of police charged the mob and arrested Harvey and three other men. Currier will probably recover, and although half a dozen men were hurt their injuries were not serious.

A drunken crowd of no political party attempted to get possession of the ballot box in the Ninth precinct of the Twenty-first ward at 2 a. m. The judges and policemen resisted, and a fight ensued in which the officers were severely used. The following were injured: Gus Cole, brother of election judge, shot through stomach; will die. J. F. Watters, clerk of election, shot in arm. Nicholas Michaels, police officer, shot in leg. Neither Walters or Michaels are fatally hurt. No arrests were made, as the policeman was shot early in the fight and could do nothing. The object of the crowd in trying to get the box is unknown. The judges fought off the mob, but the box was perforated with bullets.

OHIO BROKE THE RECORD.

All Previous Republican Pluralities Are Now Thrown in the Shade.

COLUMBUS, Ohio, Nov. 7.—Ohio has broken her record on Republican pluralities. The largest plurality heretofore was when John Brown (Rep.) for governor in 1863, had 101,000 over C. L. Vallandigham (Dem.), the latter being elected at the time in Canada.

Last year Governor McKinley carried the state by over 30,000, but no such plurality had been previously known except in the noted negro-allantrigham canvass, when all the Ohio soldiers in the field and hospitals through the South voted. At that time over 40,000 soldiers outside of the state voted for Brown and less than 1000 for Vallandigham. During the last twenty years the parties have alternated in carrying the state.

While the Republicans claim a plurality for Secretary of State Taylor of 125,000 to 130,000, the Democrats concede that the Republicans have made large gains over the McKinley vote of last year and possibly beaten the Brown highwater mark of 1863. On the balance seventeen of the twenty-one congressional districts the Republicans have carried in congress is eleven Democrats and ten Republicans.

CINCINNATI, Nov. 7.—Specials to the Times-Star say A. S. McClure (Rep.) has 1200 plurality in the Seventeenth district and that the Republicans have carried all the twenty-one congressional districts in Ohio except the Third and Fourth. The Fourth is in doubt. The plurality of Sarg (Dem.) is 150 in the Third district. A dispatch from Eaton states that Gen. Harris has made such gains there that he does not concede his defeat by Sarg and says it will require the official count to tell the result. While the Republican plurality in Ohio is almost double the McKinley plurality of 50,000 last year, the total vote for the Republican ticket falls several short of the vote for McKinley last year, showing that the result is due to the Democratic vote not coming out.

Wyoming Republican.

CHEYENNE, Wyo., Nov. 7.—Meager returns so far received indicate the election of the entire Republican state ticket, of Morrell (Rep.) for congress and of a majority of the legislature which will elect two United States senators.

Henriette Claims Election.

MINNEAPOLIS, Nov. 7.—A report to the Journal from Northfield, Minn., says: Joel P. Henriette claims election to congress in the Third Minnesota by co plurality. This would make a solid Republican delegation from Minnesota.

## TOWNE ELECTED.

Free-Iron-Ore-Baldwin Has Been Retired by the Sixth District to Private Life.

A Heavy Vote for Towne Was Cast in St. Louis County and His Plurality Large.

All the Republican Candidates for the Legislature and County Offices Have Been Apparently Elected.

It Was a Regular Landslide From One End of the County to the Other.

The counting of the ballots in St. Louis county proceeds slowly. All the returns from the city districts have not been received yet and it will be several hours before the total vote is known. Thirty-one out of the forty precincts in the city give Nelson 3159, Becker 995, Owen, 1803, a plurality of 1366 for Nelson. With ten precincts missing, Clough for lieutenant governor has 3145 votes; Ludwig 1123, Lommen 1285.

For secretary of state thirty precincts give: Berg 2336, Haines 1205, Seiberger 1090, for state treasurer: Koerner 3752, Lamber 1227, Borchert 1344. For attorney general: Childs 3111, Brackenridge 1092, Keyes 1401. Clerk of supreme court: Reese 3112, Kurtz 1776, Johnson 1287. Chief justice of supreme court: Start 3194, Smith 1143, Ladd 1166.

For state auditor twenty precincts give: Dunn 3106, Biermann 1259, Stromberg 1137. For associate justice of the supreme court: Collins 3491, Willis 1858.

The election of Mr. Towne to congress is assured beyond all shadow of a doubt. Complete returns are lacking but enough have been received to show that he will have a plurality over Baldwin that may exceed 10,000.

There is every indication that all the Republican candidates for the legislature and for county offices have been elected by large pluralities in some instances. William W. Butchart was cut considerably in some precincts and Morcourt, Thomas ran ahead of the Democratic ticket, but Butchart seems reasonably certain of election.

For Governor.

Nelson, Becker, Owen.

German & de Waard have removed their office from the Burrows building to the McDonnell building, second floor.  
Imperial flour makes light bread.

Money to loan—\$500, \$1000, \$1500 \$2000. Cooley & Underhill, Fallado.  
Jack Curley paid \$32.50 into the municipal court this morning for violating the liquor ordinance. There were no cases of ordinary drunks or vags, and the term except for some subsequent civil actions, was very short.

Elizabeth Cezla, aged 15 days, at Thirtieth avenue west and Ninth street, died yesterday of cholera infantum, and Napoleon Emery, of Park Point, aged 2 months, was fatally attacked with the same complaint.

Finick and Murphy stopped their training last night and are resting up for the hard to-round bout which they will have at the People's theater this evening.

A marriage license has been issued to John Larson and Ellen Anderson.  
Instead of last night, tonight for the closing of St. Anthony's bazar, Miss H. Mackey and choir is going to render there a beautiful program. Fine supper 25 cents, served tonight yet by the ladies at St. Anthony's bazar at 8 East Superior street.

**PERSONAL.**

Hon. Paul Martin, president of the St. Paul board of fire commissioners, and his wife are in the city, the guests of Chief Engineer Black and family.

**LARGE REPUBLICAN GAINS.**

Wyoming Will Send Two Republicans to the Senate.

CHEYENNE, Wyo., Nov. 7.—Incomplete returns from every county in Wyoming show that Frank W. Mondell, Republican candidate for congress, will have at least 2000 plurality. William A. Richard for governor and the remainder of the Republican state ticket will be elected by at least 1500.

Chairman Vandeventer estimates that the Republicans will have thirty-nine of the fifty-five members of the legislature, insuring the election of two Republican United States senators to succeed Senators Warren and Carey. Every county in the state shows large Republican gains.

**Owens is Elected.**

LEXINGTON, Ky., Nov. 7.—Official returns from the Seventh district by counties gives Owens a majority of 50 over Denny. Benson precinct in Franklin county is contested. If the count reduces Owens' majority in Franklin county, it is thirty-two votes.

**The Sault Passages.**

**SHOWS GREAT GAINS**

All Outside Reports Indicate That Towne Will Have Pluralities Far Exceeding All the Estimates.

Congratulatory Telegrams and Rejoicings Pouring on Mr. Towne from All Over the District.

Everything Goes to Show That Towne and the Whole Republican Ticket Have Swept the Range.

Charles A. Towne, congressman elect, was in his office all forenoon and held an informal reception, being called upon and congratulated by a large number of citizens who rejoiced with him in his signal victory. Mr. Towne was feeling quite happy and did not disguise the fact. He was asked if he would make a statement and said that the people had made an emphatic statement and he could add nothing to it.

Large numbers of congratulatory telegrams were received and many brought news of great gains. Some of them make interesting reading for the Democratic estimators.

S. L. Frasier wires from Verndale: "Verndale gives Towne 142; Baldwin, 44; Halvorson, 18."

Committeeman Caswell telegraphs from Anoka to raise Towne's plurality there to 500.

Big Lake gave 20 votes for Baldwin, 9 for Halvorson and 127 for Towne.

Howard Lake gave Towne 100, Baldwin 22, Halvorson, 13.

Five precincts in Aitkin county outside of Aitkin gave Towne, 241; Baldwin, 58; Halvorson, 25. Three other precincts gave Towne 210 plurality.

The vote at Grand Rapids was, Towne, 136; Baldwin, 100; Halvorson, 15.

In Brainerd four precincts gave Towne 130; Baldwin, 39; Halvorson, 1. "You are beating expectations" telegraphs John T. Frater.

Charles F. Hendryx sends the Sauk Center result: Towne 243, Baldwin 126, Halvorson 49. Towne gains 39.

B. F. Hartshorn telegraphs from Staples: "Towne's majority is 59 and plurality 106 over Baldwin in Staples."

Large Republican gains are reported in Wadena county and advices from there place Towne's plurality at 200.

C. A. French, of Monticello wires: "Monticello gives you 35, Baldwin 99."

"Pine county will give you 139 plurality," J. Y. Breckenridge telegraphs from Pine City.

Swept the Range.  
A dispatch from Iron Junction says: "Large majority for Towne and entire ticket."

J. D. Gilchrist sends word from Mount Airy: "We give Towne 184 out of 264."

From Two Harbors the following was received: "Total vote First and Second districts, 190. Town gets 117, Lewis 143, Spencer 136, McInnes 147, Smith 131, Cant 126."

John Pengilly telegraphs from Ely: "Ely sends greeting to Charles A. Towne. Towne 562, Baldwin 50, Halvorson 28. All returns on balance of ticket about same proportion, both state and county."

Amps Shepard came down from the range today and brought word that the Vermilion range will give the county ticket from 1050 to 1150 plurality and Towne and the state ticket will run way ahead of that. He says that the Mesaba range will give about the same plurality.

**MONEY TO LOAN**

AT 6 AND 7 PER CENT.

Any amount. No delay.

**Howard & Patterson,**

**PASSED WORTHLESS CHECKS.**

That Charge is Made Against a Young Man

Named Albert Jamieson.

Albert E. Jamieson, a young fellow scarcely out of his teens a half a dozen years, started on a downward path about three years ago, but his relatives settled down and saved him from state's prison or the reformatory. In spite of this warning he does not appear to have reformed and he is now under arrest for passing the following worthless checks on the parties and for the amounts named, all drawn on the American Exchange bank: Dr. Boyer, \$5; Spalding hotel, \$10; C. Jones, \$10; Dr. Taylor, \$6; M. W. Lewis, \$15; A. Wieland, \$10; Nick Chasseur, \$5; Thomas McLaughlin, \$13. Total, \$76.

There are some ugly rumors afloat concerning the young man and it is said he may have to stand trial for a much more serious offense. He resides at 4111 Pulcston avenue. Detectives Benson and Hayden made the capture.

**STATE OF OHIO, CITY OF TOLEDO, Lucas County.**

Frank F. Cheney makes oath that he is the senior partner in the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid, and that said firm will pay the sum of one hundred dollars for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh cure.

FRANK F. CHENEY, sworn to before me and subscribed in my presence, Dec. 6, A. D. 1895.

A. W. GLEASON, Notary Public.

Hall's Catarrh cure is taken internally and acts directly on the blood and mucous surfaces of the system. Sent for testimonials, free.

F. J. CHENEY & CO., Toledo, Ohio.

W. J. Holmes deals in municipal and corporation loans, also wants large real estate mortgages. Office at residence, West Duluth. Correspondence solicited.

Tonight the St. Anthony's bazar at 8 East Superior will close.

By order of the creditors, the stock of clothing and furnishing goods will be sold by the sheriff at 605 West Superior street. Look for the place and signs.

Boys' Reelers and Pea Jackets At special sale this week.

**\$15.00**

Choice of 600 Tailor-made Suits, made up by our own tailors, just received from our Chicago work rooms—elegantly made in all desirable fabrics. Suits that are actually worth \$15.00, \$18.00 and \$20.00; go this week at

**\$10.00**

See them in our show windows—then come in and buy one. You'll never get 'em cheaper.

**M. S. BURROWS & CO.**

**AMUSEMENTS.**

Pauline Hall in "Dorcas."

The first appearance in Duluth of two seasons of Pauline Hall will be made on Monday and Tuesday, Nov. 12 and 13. The play will be the presentation of the new operatic comedy, "Dorcas," in the period of its action taking place in the seventeenth century. It is the work of Harry Paulton, who is more than favorably well known to all lovers of light entertainment by the success of "Erminie" of which he is the composer.

"Dorcas" which is in three acts is replete with bright, pretty and tuneful music, allowing Miss Hall most wonderful musical possibilities. The cast of Miss Hall's supporting company comprises some of the best known names on the dramatic and operatic stage, including as it does such well known and brilliant artists as Jeannette St. Henry, Kate Davis, J. Aldrich Libbey, William Broderick, Charles H. Bradshaw, etc.

Has Sued the City.  
Haren Stevens has sued the city of Duluth for \$300 damages alleged to have been caused some land of his in West Duluth by excavations made by the village in 1891. He claims that the excavations destroyed the lateral support of the lots.

J. Sellwood has sued Fred Barrett for \$274.10 on a note.

Opening of Court.  
The November term of district court opened this morning, but little business was done. The calendar was called, and court then adjourned until this afternoon. There were not enough grand jurors present for organization, and the charging of the grand jury was postponed until this afternoon. Motions are being heard this afternoon by Judge Moer, who has charge of the calendar for the term.

Youman Hats Are the Best! Try one. M. S. BURROWS & CO.

The Duluth Hardware company leads in cutting prices. The others follow. Call at store and convince yourself.

Sheriff Sale  
Of clothing and furnishing goods at 505 West Superior street. Stock will be sold by the sheriff. Sale opens today at 8 a. m. Be on time.

There are expected some lively contests tonight at St. Anthony's bazar, and especially between the two most popular and leading Germans, Francis Gmeis and P. A. Anneke, for a fur coat; between Fathers Corbett and Kosmer for a roller top desk, and the contests on gold watch, silver water pitcher, fruit basket are coming up also.

The Ohio steel range don't require an expert cook to bake biscuit or cook coffee.

Men's Neckwear.  
New colors, new shapes, 50 cents. M. S. BURROWS & CO.

Why don't other steel ranges besides the Ohio give a list of those sold to for references? Because they have no list.

We have a few thousand dollars to loan on unimproved property.

RICHARDSON & DAY, 35 Exchange building.

SEATTLE, Wash., Nov. 7.—About one-fourth of the vote of the entire state has been received and gives the following result for congressmen: Doolittle (Rep.), 8723; Hyde (Rep.), 8564; Houston (Dem.), 2494; Catton (Dem.), 2539; Adams (Pop.), 4069; Van Patton (Pop.), 4730.

The Republican plurality in the state will be about 15,000. Dunbar and Gordon are elected judges of the supreme court. The legislature will be Republican by twenty-five on joint ballot, insuring the election of a Republican United States senator to fill the vacancy now existing.

\$25,000 of clothing and furnishing goods will be sold by sheriff sale at 505 West Superior street, Nov. 7. Look for the place and signs. Wish for bargains.

**FREIMUTH'S CROCKERY DEPT.**

The uniformly low prices on China Crockery and Silverware is the key note to our ever increasing sales in this popular department. The bargains we offer for Thursday, Friday and Saturday surpass anything ever before attempted by this or any other house.

**FREIMUTH'S**

THE REPUBLICAN PARTY WON A GREAT VICTORY IN THE LATE ELECTION.

The country went for Protection. We are Protectionists in the most severe sense of the word. We are always on the alert to protect the interest of our large and ever-increasing trade.

Just Now, when good, warm, stylish Ladies', Misses' and Children's Garments are at a great premium in the market, and some not to be had at any price, we are showing a large and varied stock at the old early-season prices. We have simply seen what was coming and have placed our orders before the advance in price of labor and scarcity of material. We have received today a shipment of

**Heavy Chinchilla Cloaks,**

And expect to receive more of them from day to day.

**Fur Garments.**

By far the largest stock carried at the head of the lakes shown here. You may look in all the stores at the head of the lakes and you will not find as many stylish Fur Cloaks in all of them combined as you will see right here—and at the right price, to be sure.

At \$11.50  
24-inch Baltic Seal Cape with Martin collar, would be considered cheap at \$16.50.

At \$17.50  
30-inch Baltic Seal Cape with Martin collar, sold by large houses at \$25; sell here at \$17.50.

At \$14.50  
27-inch Monkey Cape with electric seal collar, worth \$25; we sell at \$14.50. See the Electric Seal Caps just received. The prices are right.

At \$25.00  
Astrakhan Jackets, 32 inches long, with large balloon sleeves, made of sound, glossy skins; sold elsewhere at \$35.

At \$37.50  
Astrakhan Jackets, 34 inches long, with extreme balloon sleeves, glossy fur, cannot be duplicated at less than \$50. Krimmer jackets, \$42.50 upwards. Beaver and Electric Seal Jackets and Outer Coats at lowest prices.

**Millinery.**

Our efforts are not to see how "loud," but how "stylishly effective." Millinery can be made. The large increase in patronage from Duluth's most stylish dressers is high evidence of proper styles here. New styles are being brought and constantly.

**Tomorrow's Special**

At 25c.  
25 doz. Trimmed Sailor Hats, in brown black and navy; would be cheap at 50c.

**Protect Your Health**

By wearing Ypsilanti Health Underwear. We are sole agents for Duluth.

# DULUTH EVENING HERALD.

TWELFTH YEAR

THURSDAY, NOVEMBER 8, 1894.

5 O'CLOCK EDITION.

THREE CENTS

## FRENCH & BASSETT

First Street and Third Avenue West,  
Duluth, Minn.

WHAT MAKES A GOOD SHOPPING PLACE AND

A GOOD STORE TO TRADE AT?

Above all, honest business methods; next, the goods represented just as they are. These principles are the foundation of every honest successful house.

Now, build upon these, enterprise, push, energy, modern improvements, promptness and punctuality, up-to-date business methods, and you have a foundation and superstructure which will stand for ever.

We have tried to the best of our ability to put our business up on these principles and our present establishment is the result.

We thank the public for their appreciation of our efforts and we shall continue building up on the same foundation and we also offer the following for your kind consideration:

In handling FURNITURE, CARPETS, RUGS, CURTAINS AND DRAPERY it requires large warehouses, a thorough knowledge of the business, competent salesmen and skilled workmen in all departments. Also a very large stock and variety is necessary to cater to the cosmopolitan and metropolitan tastes of our people.

The importers and manufacturers tell us that our trade here in Duluth demands the greatest proportion of tasty and stylish goods of any city in the United States (not excepting New York city.)

People here will have tasteful, comfortable and pretty homes!

We have today the largest and best selected stock in this state and all new, bright, clean goods.

A carload of fancy Furniture has just arrived, containing Fancy Desks, Dressing Tables, Odd Chairs and Rockers, Tables, Stands, Tabourettes, etc., etc.

LOW PRICES ALWAYS PREVAIL!

We can save you 10 to 20 per cent on the same class of Goods.

All Wool Ingrain Carpet, 45c  
Imperial Brussels, 45c  
Carpet Sweepers, \$1.75  
Chamber Suites, \$10.00  
\$12, \$14.50, \$16, \$18, \$20  
Sideboards, \$12.00  
Upholstered Rockers, \$4.50  
Leather Rockers, \$3.00  
\$4.00, \$4.50, \$5.00, \$6.00

### PARTIAL PAYMENTS.

All Goods are sold on this improved credit plan.

Part down and the balance arranged to suit your convenience on weekly or monthly payments.

Prices 10 to 20 per cent lower than others.

## Typewriter Supplies

Everything and anything can be found at

Chamberlain & Taylor, 343 W. Superior Street.

## The Verdict is Rendered! Primus

Has been unanimously endorsed as the best bread maker manufactured. The increase in the sales of this celebrated flour has been phenomenal. Once a user of Primus always a user.

TRY A SACK. ALL GROCERS HANDLE IT.

CATE & CLARKE, EXCLUSIVE AGENTS, 333 WEST SUPERIOR STREET.

## A BANNER STATE

Governor Nelson and the State Ticket Have Received a Majority of the Votes Cast.

Already There is a Better Feeling in Business Circles and Prosperity Expected to Return.

In the Seven Congressional Districts Total Republican Plurality Will Go Far Above Fifty Thousand.

The North Carolina Republicans Claim to Have Elected a Majority of the State Legislature.

ST. PAUL, Nov. 8.—In summarizing the election results the Dispatch says: "Every ante-election estimate made by the most sanguine Republican is discounted by the returns. Minnesota maintains her standing as a banner Republican state, and is right in the procession of sweeping, swelling victories. Chairman Tams Bixby and Secretary Harris Richardson, of the state central committee, today have prepared a table showing that Governor Nelson and the state ticket have received a majority of the votes cast. The result again proves that the voters of the state will not tolerate a fusion of political parties holding opposite views concerning economic policies.

"Thousands of Democrats, who believe in the principles and traditions of the chief executive in this state, to offset the votes of thousands of Democrats who, while they professed to be loyal to the party, were nevertheless using all possible influence for Owen's election.

"Business men and in fact, the entire commercial community of Minnesota, are not ready nor will they be ready to commit the destinies of the state to the agrarian element of the commonwealth. Therefore, the vote of a considerable number of Democrats went to the Republican nominees. Then, too, there are a very large number of Democrats who have been working for good, and hereafter will be found working in the Republican ranks. They have concluded that the prosperity of the country will be better maintained by the welfare of the people better maintained by placing the management of public affairs in the hands of the party that stands for all that is progressive, liberal and honest.

"Already there is a better feeling in business circles. A feeling of confidence, born of knowledge that the national congress after March 4 next will be in control of the Republican party, has taken root, and, while there will be no sudden business revival, the return to prosperity will be sure.

"Another cause for general rejoicing, which applies particularly to this state, is the fact that the thinking men of Minnesota have rebuked the methods whereby a candidate for a high judicial position enters actively in political warfare, and makes a continuous play for votes. It only needed the triumphant re-election of Judge Collins over John W. Willis, for associate justice of the supreme court, to complete a glorious victory. For had Willis been elected, it would have subtracted much from the medicinal result of the verdict of the people.

"With a large Republican majority in both branches of the legislature, composed of men of experience, many of whom have served in a like capacity before, the people of Minnesota look forward to an era of business improvement, soon to be inaugurated. The Republican party in the nation, state and county has come into control and its lease of power, if not its term, will be a long and prosperous period. In the seven congressional districts the total Republican plurality will go far above 50,000.

**NORTH CAROLINA CHANGED.**

Republicans Elect a Majority of the Legislature and Four Congressmen.

WASHINGTON, Nov. 8.—Chairman Babcock, of the Republican congressional committee, received a letter this morning from A. E. Holton, chairman of the Republican state committee, of North Carolina, claiming that the Republicans have carried that state. The following contains extracts from the letter:

"GREENSBORO, N. C., Nov. 7.—Hon. J. W. Babcock—Dear Sir: We won a complete victory at the polls here yesterday. We have elected the judicial ticket by an estimated majority of over 40,000 and have both branches of the legislature, with four Republican and three Populist congressmen. A fight will have to be made tomorrow before the county canvassing boards. These boards have judicial power with the right to investigate the legality of every vote and pass upon the regularity of the precinct returns. It will be necessary for us to employ lawyers of repute and ability to appear before these canvassing boards in many of the counties of the state. We will be obliged to employ Democratic lawyers at good fees.

"The Democrats say they have given up the state, but our best information is that they will appear before the boards tomorrow prepared to do all in their power.

Chairman Babcock has already instructed Mr. Holton to employ all the counsel necessary to protect the Republican rights in the state.

**Bowen Elected.**

PUEBLO, Col., Nov. 8.—Thomas M. Bowen (Rep.), for congressman from the Second congressional district, has a majority over Bell (Pop.) of about 800.

## THE METHODIST MISSIONS.

Meeting of a Committee Composed of Bishops and Laymen.

NEW YORK, Nov. 8.—The general missionary committee of the Methodist Episcopal church is in session in Brooklyn. The committee is composed of all the bishops of the church, representatives from districts covering the entire world, ministers and laymen from the missionary boards of the church. These bishops are present: Thomas Bowman, R. S. Foster, S. M. Merrill, E. G. Andrews, H. W. Warren, C. D. Fos, J. F. Hurst, J. M. Walden, W. F. Mallou, C. H. Fowler, J. H. Vincent, N. Fitzgerald, E. W. Joyce, J. P. Newman and A. B. Gonsell.

Last year the committee devoted the session to considering how much money it should undertake to raise for missionary purposes during the coming year. Last year the collections were \$1,125,000. Many of the members thought it inequitable to undertake to collect that amount next year on account of the hard times. This precipitated a discussion of the business depression.

At the suggestion of Chaplain C. C. McCabe, the organ loft was decorated with a United States flag. The chaplain said in honor of the election, Dr. R. S. Foster, president of the American board of missions, and J. D. Wells, president of the Presbyterian board made addresses. Dr. Foster began by referring to the flag on the organ loft. He said: "I see by the flag that you believe in the doctrine of election. I'm sure you practiced that doctrine yesterday. I'm sure it was ordained you should do so."

**AN IMPRESSIVE CEREMONY.**

First Mass For Repose of the Soul of Czar Alexander.

LIVADIA, Nov. 8.—The first mass for the repose of the soul of Alexander III was celebrated at an 8 o'clock yesterday morning in the Byzantine chapel, where the remains of the czar are lying in state. The mass was attended by the officers of all the regiments in this vicinity. The ceremony was most impressive, all present holding lighted tapers in their hands.

As the body of the czar lay in its coffin it was noticed that the late emperor's face was but little altered. It had a placid expression, and the form of the dead czar seemed as herculean as ever. The broad blue ribbon of the order of St. Andrews was displayed across his breast and over it his hands were folded. Beside the bier were two Cosacks in the Turk head gear, two Dvorjony grenadiers, two chamberlains and two riflemen of the Sixteenth corps.

At 2 o'clock yesterday afternoon, the second mass at which the czar, czaritsa Princess Alix of Hesse and the princess of Wales and all the imperial and royal suite and attendants were present, was celebrated at the same church.

The streets of the town are very quiet and there are very few visitors here. The night will be a quiet one, and at 8 o'clock this morning and will be escorted with great ceremony on board the Russian cruiser Pamyat Merkovia for transportation to Sebastopol.

**IS WITHOUT FOUNDATION.**

No Truth in the Story that American Cattle Are Diseased.

BERLIN, Nov. 8.—It has come to the knowledge of the United States embassy that the pretence that the prohibition against the landing of American cattle in Germany was based on sanitary reasons is without foundation.

It appears that the Hamburg sanitary authorities passed two of the cargoes of cattle in question as healthy, and that thereupon Prussian sanitary officers issued orders to the Hamburg and subsequently announced that the cargoes of cattle were afflicted with Texas fever.

The cattle shippers of Hamburg are indignant at the action of the Prussian authorities, as they have recently built four cattle steamers for the American service, and these vessels have been rendered at the prohibition orders recently issued.

**IT MAKES NO DIFFERENCE.**

Brooklyn Has Probably Voted Against the Consolidation Idea.

BROOKLYN, Nov. 8.—According to the figures received thus far at police headquarters consolidation, so far as Brooklyn is concerned, has been lost by about 100 votes. Figures are still missing from some of the outlying districts. Counselor Shanks, the secretary of the Consolidation league, of Brooklyn, claims, however, that he is in possession of information which goes to show that consolidation has been carried by a small majority. It will be at least two days before the official accountants will be able to complete their task.

It will make no difference one way or the other whether the vote is found to be in favor or against, as the balloting was done at the solicitation of legislators who were afraid to act on the matter without learning how their constituents felt on the question, and the issue will have to go to the legislature in any event.

**Thanked the Jews.**

ST. PETERSBURG, Nov. 8.—The czar and zarina, through the court minister, Count Vorontsoff-Dachkoff, have thanked the Jewish community for their message of condolence upon the death of the czar and for the loyal and patriotic sentiments thereupon expressed by the Jews.

**Buffets Are Exemplar.**

ALBANY, N. Y., Nov. 8.—In answer to an inquiry Attorney General Hancock has given out an opinion that in the matter of selling liquor on a train the law is not violated if the commodity is sold in the buffet or licensed car, though after being purchased in the buffet it may be taken to any other car.

**Only Two Democrats.**

PHILADELPHIA, Nov. 8.—The next congressional delegation from Pennsylvania will probably be twenty-eight Republicans to two Democrats. Erdman's majority in Berks county will be nearly 300 and Congressman Max, who claims the election of Hart in the Eighth district by seventy-one to 250.

## A REPUDIATION

Senator Davis Says That There is no Question What the People Meant on Tuesday.

The Result is a Complete Repudiation by the Country of the Principles of Democracy.

Practical Results of Democratic Tariff Theories and Populist Money Ideas Were Felt and Repudiated.

A Touching Tribute Paid to Governor Nelson by the Alexandria Young Republicans Last Night.

ST. PAUL, Nov. 8.—United States Senator C. K. Davis today in an interview said: "It is not often that the result of an election, however decisive, can be attributed to a complete repudiation by the people of the principles of the overthrown party. It can be in this case. That repudiation need not be argued about. It is a tangible, visible thing. The common sense of the people has dissipated all sophistries, has passed upon all arguments, and has recorded the agency of misrule, panic and distress.

"The Democratic theory of the tariff and the Populist insanity as to money, government ownership of railways and other hallucinations of general paternalism have had efficacious play by actual political ascendancy in the entire nation by the one, and in several states by the other. The people saw and grievously felt the practical results of each, and they have destroyed both of these agencies of misrule, panic and distress.

"They have learned the 'object lesson' which Mr. Cleveland insisted that they needed. The tuition expense has been ruinous, but the instructions have been returned by the enlightened people 'to plague the inventors.'"

**GOVERNOR NELSON HONORED.**

A Touching Tribute Paid by the Young Republicans of Alexandria.

ALEXANDRIA, Minn., Nov. 8.—A touching tribute, and one that will be remembered by Governor Nelson as long as he lives, was paid to him by the young Republicans of Alexandria last night, attaching to the city an omnibus after the fashion of a hand basket and scores of them dragging it out to the streets. They then rushed into it and double quick back into town, where hundreds of the citizens and a cornet band were awaiting him. He was given an ovation and after treating the small boys to five barrels of apples he was introduced by County Attorney Gunderson and spoke to the crowd from the platform of the omnibus.

He told of the triumph of the American people in replacing in power the Republican party and incidentally mentioned that there were not as many Populists in Alexandria as there were Tuesday night. He reviewed his life at this place, since settling on a claim here and living in a shanty, up to his election to the office of governor of Minnesota for the second time, covering a period of twenty-three years.

It was a touching narration and scene. After his speech he held an informal reception in the street and a large crowd passed around and shook the governor's hand. The boys would have returned the governor to his home in the same manner that they brought him forth, but this he would not permit. Alexandria gave him 193 plurality out of 485 votes.

**COL. DEGRAFF IS DEAD.**

One of Minnesota's Earliest Settlers Passed Away.

ST. PAUL, Nov. 8.—Col Andrew Degraff, one of the earliest settlers in Minnesota and one of the best-known railroad builders in the United States, died at 11:15 o'clock last night at the Merchants' hotel, aged 83 years. The remains will be taken to Dayton, Ohio, for interment.

In his younger days, before the war, he was interested in and superintended the city and county judge of the New York Central, a number of Ohio railroads and some of the main roads in this section.

**A Sudden Death.**

WASHBURN, Wis., Nov. 8.—Judge Henry Textor, a prominent attorney of this city and county judge of Washburn, died very suddenly yesterday. He had been suffering for several days from an attack of tonsillitis, but was thought to be out of danger. He was 58 years old, unmarried and without relatives here. He was a prominent Mason and Odd Fellow, and the remains were taken to Milwaukee, where he has relatives, for burial.

**A Jailor Suspended.**

ST. PAUL, Nov. 8.—Matt Bantz, the jailer at the Central station, was suspended yesterday afternoon by Chief Clark for letting two crooks escape. The men had been arrested for the theft of some clothing from a second-hand dealer.

**Fire in a High School.**

GLENWOOD, Wis., Nov. 8.—Fire broke out yesterday afternoon in the furnace room of the High School building while the school was in session. The pupils were taken in charge by these two orders and got out safely but a panic was narrowly averted. Before the fire was under control, the building was damaged about \$100; fully insured.

**Switchman Killed.**

WINONA, Nov. 8.—A switchman named Frank O'Brien employed in the Milwaukee yards in this city, was killed yesterday afternoon by being pinched between two drawbars while making a coupling. His home is at Au Sable, Mich.

## MONTHLY CROP REPORT.

The Price Current Reports Wheat Feeding Being Continued.

CINCINNATI, Nov. 8.—The monthly report of E. M. Thomson for November in the Price Current states that advanced harvest operations reveal a reduction in the yield of corn of one-half bushel per acre, as compared with the preliminary estimate one month ago. The total harvest now indicated is 1,497,000,000 bushels, on an area of 73,500,000 acres.

There are evidences of light and chaffy grain. According to present returns 73.6 per cent of the crop grades as merchantable corn. This represents 1,102,000,000 bushels against 1,386,000,000 in 1893; 1,345,000,000 in 1892; and 1,825,000,000 in 1891. An approximation of the available supply of corn for shipment for the ensuing year in states raising three-fourths of the total harvest places it at 157 per cent, or 170,000,000 bushels.

Wheat feeding is being steadily maintained owing to the price rather than to its relative value as animal food. Out of 1270 counties, reports state in 945 that the tendency still exists, in 156 that it is on the increase, and in 175 that not as much is now being fed as has been during the past two months. There is a general complaint in Texas, Tennessee, Indiana and Kansas that the dry weather is seriously retarding fall work.

**TARNEY LIKELY ELECTED.**

The Kansas City Man Appears to Have Picked Through.

KANSAS CITY, Nov. 8.—The Star (Ind.) figures John C. Tarsney for congress has carried the Fifth district by a little over 500. His plurality in Lafayette county is yet uncertain, but will not materially alter these figures.

There is every prospect of a contest by Col. Van Horn, the Republican candidate. The Republicans have held a big mass meeting to protest against alleged irregularities in the Democratic parts of this city. It was firmly claimed by speakers that Van Horn had undoubtedly carried the district.

Fraud in the Second ward of Kansas City alone, it is stated by the Republican managers, will, when righted, wipe out Tarsney's majority. Here 1548 votes were cast as against 728 during the last presidential election. This ward gave an overwhelming Democratic majority. It claimed it can be proven there were at least 1000 voters in the Second ward. Irregularities are also charged in the Ninth ward.

**WERE NEARLY SUFFOCATED.**

Four People Nearly Lost Their Lives in Chicago Today.

CHICAGO, Nov. 8.—Freiberg's Opera house, on Twenty-second street, was damaged \$2000 by fire today. The place was a landmark and had been the scene of many orgies and numerous tragedies.

The dense smoke of the fire ascended to the dwelling apartments above and nearly suffocated several persons. They were carried out by firemen. They were: Mrs. Lucy Freiberg, 68 years old; Mrs. Charles L. Grobeck and two Grobeck children.

**SIX WERE KILLED.**

The Victims of the Wreck on the Baltimore & Ohio Road.

PITTSBURG, Nov. 8.—In clearing away the wreck on the Baltimore & Ohio railroad at Rosentel siding 2 miles east of Rockwood, the body of G. W. Minear, brakeman of the freight train, was found this morning in the debris. This makes a total of six killed.

The two mail clerks who were injured are F. A. Williamson and C. H. Hooten, both of Baltimore. They are severely hurt but neither of them fatally. None of the passengers were injured beyond slight bruises.

**Wants More Changes.**

BERLIN, Nov. 8.—Prince Hohenlohe, the chancellor, is understood to insist upon further cabinet changes and it is said that Freiherr von Berlepsch, the minister of commerce, and others in the Prussian cabinet will have to tender their resignations.

**THE SALTER CONCERT.**

Program to be Given Tomorrow Evening at the Testimonial Concert.

Those who have been looking forward to the Salter testimonial concert on Friday evening, at the Methodist church, will be in no wise disappointed at the very excellent judgment which has been displayed in the preparation of the musical program which will be given on that occasion. Included in the list of musicians who will appear will be found the names of many of the most prominent and popular persons who play or sing for the Duluth public, and an examination of the numbers to be given will show that the selections for the most part have been gotten up especially for this concert.

The Arion quartet will lend harmony to the affair and among other things will sing that pretty little Finland love song by Engelberg. Miss Moak is down for one of the gems of the Meyer-Helmund series called "Happiest Days." Claude Madden, the St. Paul violinist, has sent word that he will render a number by Vioutemps and also a fantasia from "Faust," in both of which he will be accompanied by Miss Mackey.

Mrs. Emil Schmidt who is a thoroughly finished pianist will appear here in solo work for the first time in several years. Mrs. Oberstrom Kenyon will sing Propheet's "Benediction Aris" and an organ and piano duo by Mesdames Loman and Day will also be given. The program is:

Organ and piano duo..... Selected  
Mrs. John Loman, Mrs. D. H. Day, Propheet  
Mrs. Augusta Ohmström Renard, Vioutemps  
Violino duo..... Miss Helen Mackey, Vioutemps  
Concert waltz..... Miss Helen Mackey, Duilly Back  
Piano solo—"Barcarole"..... Chopin  
Vocal solo—"Happy Days"..... Meyer-Helmund  
Mrs. Gertrude Loman, Vioutemps  
Violino solo—"Fantasia Faust"..... Engelberg  
a, "Finland Love Song"..... Engelberg  
b, "Whispering"..... Westcott  
Arion Quartet.

## GREAT VICTORY.

Towne's Plurality in the Sixth District Likely to Reach Nine Thousand and Perhaps More.

Benton and Morrison Counties, Formerly in the Democratic Column, Have Given Pluralities for Towne.

Tawney, McCleary and Kiefer Have Clear Majorities of the Total Vote in Their Districts.

Heatwole's Plurality Will Go Over Four Thousand, and Eddy Safe With Two Thousand Plurality.

ST. PAUL, Nov. 8.—Reports from the counties in the Sixth district indicate that Towne will have about 9000 plurality over Baldwin. Stearns county gave Baldwin only about 1600 plurality, nearly 600 less than two years ago, when a Stearns county man was the Republican candidate. Benton, which gave Baldwin 215 plurality in 1892, has swung into the Republican column and gives Towne a plurality of 27. The complete vote of Benton county is: Baldwin, 63; Halvorson, 220.

Hubbard county gives Towne 150; Baldwin, 130; Halvorson, 93. Two years ago Morrison county gave Baldwin 509 plurality, and now it gives Towne 350 plurality. Itasca has also changed and Towne gets 200 plurality there. Pine county gives Towne a plurality of 130; two years ago Baldwin had 58 plurality there. In all the other counties the usual Republican pluralities are increased largely.

The other Republican congressmen have immense pluralities. Tawney, McCleary and Kiefer have clear majorities, and Heatwole's plurality will go over 4000. Eddy is safe, with over 2000 votes to spare.

From the state returns received up to 2 o'clock this afternoon from all but eleven counties, Governor Nelson has a plurality of 52,016 over Owen, and a majority of 5017 over both Owen and Becker. The balance of the state ticket will run very nearly up to Nelson and Dunn will run ahead.

Judge Loren W. Collins has a majority over John W. Willis of nearly 20,000 and it may reach 25,000. Every year, and more noticeably in Democratic counties, Judge Collins has run ahead of the entire ticket, and his total vote will be at least 15,000 more than that of Governor Nelson.

There will be a Republican majority of about 100 on joint ballot in the legislature.

**A Very Close Contest.**

NEW YORK, Nov. 8.—It will probably require the official count to determine whether the board of aldermen will be controlled by the Republicans or by the Democrats. The question is mainly important from the fact that the aldermen elected on Tuesday will be called upon to re-appoint the city for assembly districts.

**"Chip" Is Dead.**

NEW YORK, Nov. 8.—Frank P. Bellows, the caricaturist, best known as "Chip," has died of pneumonia. He was 32 years old and a son of the Frank Bellows whose caricatures were features of the illustrated newspapers twenty years ago.

**Pardoned by Grover.**

WASHINGTON, Nov. 8.—The president has pardoned A. S. Anderson, convicted in Idaho of unlawful cohabitation.

**Gen. Gibson Dying.**

TIFFIN, Ohio, Nov. 8.—The condition of Gen. W. H. Gibson has become critical. The attending physicians say he may survive a few days, but only a few weeks at the longest.

**A GAMBLING DEBT.**

G. A. Cousins Sues to Recover Money Lost in the St. Louis Hotel.

G. A. Cousins this morning filed a somewhat sensational complaint against Butchart & Michael, proprietors of the St. Louis hotel and Bob Kline. He alleges that between April 1 and July 1, Butchart & Michael were the proprietors of the St. Louis hotel, and that during that time Bob Kline ran a gambling room on the fourth floor of the building with the knowledge and consent of the proprietors. He alleges that they also partook of the profits.

He says that the gambling room was operated by means of certain devices called "faro, poker, roulette and craps" to the common profit of the defendants. During the time between April 1 and July 1 he says that he was induced to play at these games, and in so doing he lost \$152. He sues for that amount. In their answer Butchart & Michael deny everything except the proprietorship of the hotel.

Myra G. Mitchell has sued for a divorce from W. B. Mitchell, Jr., a Virginia druggist, to whom she was married in 1886, and the care of their two children. She alleges drunkenness, for which the Kelsey cure was ineffective, cruelty and causeless and inordinate jealousy.

**The Night Schools.**

Four night schools are now in operation in the city. At West Duluth J. B. Wanless dispenses and imparts knowledge. C. H. Eckman holds forth at the Adams, while William Kaiser and A. M. Kilgore are located at the Central High school. At the latter place about sixty-five are enrolled. All over 21 years of age this year are required to pay a tuition of 25 cents apiece and all are barred who attend day school.

A week from next Monday evening, a class in bookkeeping will be opened. It is desired that at least twenty be secured before that time for that class.

## CONTESTS IN SIGHT

The Southern States Will Likely Furnish the Next Congress With Many Contests for Seats.

It is Claimed Republicans Carried Three Districts in Louisiana But Have Been Counted Out.

Reported But for Fraudulent Practices in North Carolina the Republicans Would Carry the State.

WASHINGTON, Nov. 8.—The indications are that the Fifty-fourth congress will open with numerous contests for seats in the house of representatives from the Southern states. Reports arrived at Republican headquarters make it plain that unless there is a change either of mind or conditions, there will be at least three contests from Louisiana, one or two from Virginia and of some from North Carolina and Tennessee with a possibility of such contests from Alabama, Kentucky and Arkansas.

Secretary Ferris of the Louisiana Republican committee, claims in a telegram to Chairman Babcock of the national committee that the Democrats have been defeated in three of the congressional districts, but expresses the conviction that the Republicans will be counted out and says that contests will be made for three seats in the house. He adds that fraud, intimidation and violence can be proven.

The Republicans in the Seventh Virginia district assert that the Democratic candidate in that district is defeated by a majority of at least 500, but claim that they have evidence that the count is being manipulated as to reverse the result and say their candidate, Walker by name, will contest.

Congressman Settle represents that but for fraudulent practices in North Carolina the Republicans would carry the state. He has been authorized by Chairman Babcock to employ counsel to represent the Republicans in every county of the state. It is probable that some of these contests involving congressmen will not be settled until they reach the house.

Chairman Babcock of the Republican congressional campaign committee is especially elated over the reports that the Republicans have carried the state senate in his state of Wisconsin. He says that was the initial light of the campaign, and in some respects the most important part of it from a Republican standpoint, owing to the fact that the Republicans desire to re-elect the state and have made it to do so because of the opposition of the Democratic senate.

He is now assured that the Republicans have the senate as well as the house, and says that they will certainly re-elect the state senate at the next election. The senate consists of thirty-three members. There are seventeen hold-overs, of whom the Democrats have fourteen and the Republicans three. The Democrats are assured, however, that these odds have been overcome by Tuesday's election.

There was a dearth of news at the Democratic congressional headquarters today and the officials killed time debating over the causes of the results. Senator Faulkner declares that the Republicans have carried the four congressional districts and the legislature. A dispatch from Representative Maguire announcing his election is the only report from California. No news has been received from North Carolina so that the committee is not at all sure that the report that the fusionists have carried the state.

**WAITE BADLY BEATEN.**  
McIntyre Has 19,000 Plurality for Governor of Colorado.

DENVER, Nov. 8.—McIntyre's plurality for governor is estimated at 19,000 on the basis of the returns so far received from all over the state.

In Arapahoe county his majority over Waite is 15,000, with seven precincts missing. Waite carried 2,000 votes behind his ticket. The Populists claim the legislature will be a tie on joint ballot, but the Republicans figure on a majority of nineteen.

**THEY WANT CULLOM'S SEAT.**  
Gen. George R. Davis a Candidate for United States Senator.

CHICAGO, Nov. 8.—George R. Davis, director general of the World's fair, is a candidate for United States senator from Illinois to succeed Shelby M. Cullom, and opened headquarters at the Grand Pacific hotel today. The capture of the Illinois general assembly by the Republicans led Gen. Davis to this action. He sides Senator Cullom and Gen. Davis, there are two other favored aspirants—ex-Congressman William E. Mason and Attorney George S. Willis.

**His Throat Cut.**  
LAKE PROVIDENCE, La., Nov. 8.—News just comes here from Floyd, West Carroll parish, that Prof. Keys, of the firm of Keys & Finston, was found in his store this morning with his throat cut from ear to ear.

The Superior roller mill on Comor's Point will open up this week for the manufacture of all kinds of ground feed, ground corn, oats, barley, etc.; eye flour, Graham flour, buckwheat flour, corn meal, cracked corn, etc. All kinds of grain by the carload will be bought and sold. Parties wanting feed will do well to call on us before purchasing elsewhere. Office, Chamber of Commerce building, Duluth.

**PAIGE & HORTON, Props.**

**KNOWLEDGE**  
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, liver and bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## THE IRON TRADE REVIEW.

A Protection Victory Gives Promise of Better Business.

CLEVELAND, Nov. 8.—The Iron Trade Review this week says: If all the post-poned buying of the past few weeks should materialize now that the election is over, for which buyers were waiting, there is a good week's business ahead in iron and steel. With few exceptions, iron and steel manufacturers are protectionists, and now that the country is practically beyond the possibility of further advances toward free trade for two or three years at least, it is to be expected that the business policy of individual buyers will be governed by their judgment as to the improved outlook.

Sentimental improvement is already present, the next development to be expected is an improved demand and freer trading. The week under review has been uneventful in every selling center. For three weeks there has been a dwindling in the volume of business and salesmen have heard much of the desire of their customers to wait for prices to fall.

Chicago notes a fair volume of sales the past week in northern iron, and to the gradual inching of the foundry business toward a better basis. Pittsburgh has done little in any sort of material.

## NAVAL ORDONANCE BUREAU.

Capt. Sampson, Chief of the Bureau, Issues His Annual Report.

WASHINGTON, Nov. 8.—Capt. W. T. Sampson, chief of the naval ordnance bureau, has issued his annual report. It is his report that, although the modern guns authorized by law are practically completed, it would be unwise to cut short the work of gun construction until a reserve supply is in hand for an emergency. Of 431 Hotchkiss and 165 Driggs guns ordered, 236 and 50 respectively are afloat.

Good smooth power has been made at the torpedo station but the foreign gunpowder is not satisfactory. There is an increased temptation to evade export laws upon material. Castings supplied by the navy have been found to contain defects which had been concealed from the inspectors and the matter has been placed in the hands of the United States district attorney for prosecution.

No further contracts were let during the year for projectiles, a sufficient number of shells ordered, but 150 have been armor have been accepted, all but 200 being being Harveyized. The manufacturing facilities at Bethlehem and Homestead are being greatly improved, making these firms the best equipped in the world.

Brief reference is made to the armor plate frauds which attracted so much attention during the last congress, and attention is called to reports on the subject already made to the department. Estimates for next year aggregate \$6,864,552, as against \$4,562,300 for the current year.

## DR. TALMAGE'S FUTURE.

A Question Whether Brooklyn Tabernacle Will Be Rebuilt.

BROOKLYN, Nov. 8.—Leonard Moody, president of the Brooklyn Tabernacle board of trustees, called on Dr. Talmage and discussed with him the future of the Tabernacle congregation and of Dr. Talmage's pastorate. To a reporter Mr. Moody said:

"I strongly advised Mr. Talmage against rebuilding the Tabernacle. I told him that in the present hard times it would be difficult if not impossible to raise the necessary money and he agreed with me."

"I do not know whether a building will be reared for Dr. Talmage in Brooklyn or in New York, I do not know whether he will practice at all or not. I think he will make Brooklyn his headquarters. I understand he has received calls from other cities."

"He has not made up his mind yet just what to do. He will wait developments before deciding on any course of action."

## THEY WANT CULLOM'S SEAT.

Gen. George R. Davis a Candidate for United States Senator.

CHICAGO, Nov. 8.—George R. Davis, director general of the World's fair, is a candidate for United States senator from Illinois to succeed Shelby M. Cullom, and opened headquarters at the Grand Pacific hotel today. The capture of the Illinois general assembly by the Republicans led Gen. Davis to this action. He sides Senator Cullom and Gen. Davis, there are two other favored aspirants—ex-Congressman William E. Mason and Attorney George S. Willis.

**His Throat Cut.**  
LAKE PROVIDENCE, La., Nov. 8.—News just comes here from Floyd, West Carroll parish, that Prof. Keys, of the firm of Keys & Finston, was found in his store this morning with his throat cut from ear to ear.

The Superior roller mill on Comor's Point will open up this week for the manufacture of all kinds of ground feed, ground corn, oats, barley, etc.; eye flour, Graham flour, buckwheat flour, corn meal, cracked corn, etc. All kinds of grain by the carload will be bought and sold. Parties wanting feed will do well to call on us before purchasing elsewhere. Office, Chamber of Commerce building, Duluth.

**PAIGE & HORTON, Props.**

**KNOWLEDGE**  
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, liver and bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## ENGLISH PAPERS MOURN.

They Do Not Relish the Idea of a Protectionist Victory.

LONDON, Nov. 8.—The afternoon papers of this city continue the comments on the recent elections in the United States. The comments of the morning newspapers have already been taken to the Associated Press. The Westminster Gazette says: "The return of Coxey to congress is a pleasant surprise to many, and there is every reason to believe that he will exercise a healthy influence at Washington. While McKinley triumphed and Wilson has been defeated, the decision of West Virginia must be a source of great regret to our Englishmen. Wilson is a man of high character and broad views and his non-success is a distinct loss to congress."

The Globe remarks: "The main cause of the Democratic collapse was the pitiable weakness displayed by that party over tariff reform. The Republicans will make a profound mistake if they ignore the tariff question. What it does represent is the indignation and disgust of a great and resolute nation at being half ruled by feebleness and incapacity in high places."

The St. James Gazette states that "Wilson, himself, the author of the anti-McKinley tariff bill, the promise of which was supported by President Cleveland before his election with such a show of moral indignation against its predecessor, has been defeated, and McKinley is once more the flowing tide."

The Pall Mall Gazette has this to say: "Wilson, who fought for the poor man most gallantly, has gone under in the high character and broad views and his non-success is a distinct loss to congress."

The St. James Gazette states that "Wilson, himself, the author of the anti-McKinley tariff bill, the promise of which was supported by President Cleveland before his election with such a show of moral indignation against its predecessor, has been defeated, and McKinley is once more the flowing tide."

## RESULT IN MISSOURI

There is Today Almost no Doubt That the Republican State Ticket Has Been Successful.

The Republicans, it is Claimed, Will Have Control of the Legislature on Joint Ballot.

Bland, Hatch, Champ Clark, Heard and Other Democratic Members of Congress Have Been Beaten.

ST. LOUIS, Nov. 8.—The result of the Missouri election is becoming clear and the extent of Republican success tolerably well defined. There is today almost no doubt that the Republican state ticket has been successful. The Republicans, in comparison with two years ago, had a plurality of 200,000 to overcome. Fifty-seven counties out of 114 show a net Republican gain of 18,729. The same ratio for the remaining seven counties would elect W. M. Robinson supreme judge, J. R. Kirk superintendent of schools and Joseph J. railroad commissioner by not less than 3000 plurality.

In the state house of representatives the Republicans have made gains enough to give them a majority of the legislature on joint ballot but the senate will be held over members will, therefore, be re-elected. In the congressional districts it is now fairly established that the First (Hatch's), Fourth (Ellison's), Sixth (Dearmond's), Seventh (Heard's), Ninth (Champ Clark's), Thirteenth (Fox's), Fourteenth (Arnold's) and Fifteenth (Morgan's) have been carried by the Republicans. The Eighth (Bland's) is still in doubt, as also the Tenth (Docker's). The Tenth and Eleventh (St. Louis) are also Republican. The Second, Fifth and Sixth districts are still in doubt.

From further returns this forenoon, the state Democratic committee concedes the election of a Republican legislature. It is also conceded the defeat of R. P. Land (Silver Dick) for congress in the Eighth district by McKinleyism. The committee still claims the re-election of Docker in the Third district by 300.

**FIGHTS IN EAST AFRICA.**  
A German Force Defeated By Natives With Much Bloodshed.

BERLIN, Nov. 8.—A special dispatch received here says the natives of Mawmbo tribe recently attacked Kilwa, East Africa, and were defeated by a force of German regulars and natives under Baron von Zähringen. Later, however, the Mawmbo tribe returned to the attack and captured Kilwa, wounding with much bloodshed. It is added that the Germans have not a strong enough to recapture the latter place.

**Cannot Get a License.**  
LONDON, Nov. 8.—The appeal of George Edwards, manager of the Empire theatre, against the decision of the Licensing committee, substantiating the action of the committee not to renew the drinking auditorium license of the Empire, has been dismissed with costs. Mr. Edwards refused to accept the decision of the committee.

**Won a Big Amount.**  
NEW YORK, Nov. 8.—F. Adams, the broker, who has been offering odds on the election, won \$70,000. If Hill had been victorious Adams would have lost more than \$250,000. He is a grand son of the late John Thompson, one of the prominent bankers in this city.

**Arizona is Republican.**  
PHOENIX, Ariz., Nov. 8.—Returns late last night showed Murphy (Rep.) elected to congress by a plurality of about 400. The Republicans will probably have a majority of one in the lower house. Maricopa county, hitherto Democratic stronghold, gives the Republican territorial and county a plurality of 200.

**A Bloomington Wedding.**  
BLOOMINGTON, Ind., Nov. 8.—The marriage of Charles Stevenson and Miss McLean, both leading young society people of Bloomington, was solemnized last evening at 8 o'clock at the residence of Mrs. Carmichael, the bride's mother. The wedding was attended by a distinguished company.

**The Tennessee Election.**  
NASHVILLE, Tenn., Nov. 8.—Official and unofficial returns from fifty-three counties show a net gain for the Democrats (Dem.) 58,395 and Evans (Rep.) 49,149. Returns are coming in slowly. Both sides are still claiming the election.

**Misery After Meals.**  
The oppressive embargoes levied upon the inner man by his invertebrate enemy, dyspepsia, after meals, and the yoke cast off by that sovereign medicinal liberator from bodily ailments, Hostetter's Stomach Bitters. Heartburn, flatulence, oppression at the pit of the stomach, the presence of bile where it does not belong, are alike remedied by this potent reformer of the digestive system. It is the prince of tonics and stomachics, invigorating at the same time that it improves by it. A wine glass before meals, and before retiring, will be found an efficient restorative of the ability to digest and assimilate, and to rest tranquilly. Use it for indigestion, nervous and rheumatic trouble and for all highly beneficial.

**He Wants to Walk.**  
CHICAGO, Nov. 8.—Henry Schmehl has written a letter to Edward J. Ryan West, challenging him to a 60-day foot race, to please contact for \$500 a side.

**Notice.**  
Office of Board of Fire Commissioners, City of Duluth, Minn., Nov. 8, 1914. Sealed bids will be received at this office up to and including Saturday, Nov. 17, 1914, at 12 o'clock noon of said day, to furnish the city of Duluth for use of the fire department of said city, with 200 tons of No. 1 upland hay; 200 tons of straw (cleaned and a cleaned); 20 tons of bran and 20 tons of straw, more or less as the case may be, delivered at o. b. Duluth.

We reserve the right to reject any and all bids.

**Board of Fire Commissioners.**  
FRED A. LEWIS, Secretary.

**Notice to Shippers.**  
Northern Steamship company will discontinue shipments at New York on Saturday, Nov. 14, 1914, and will stop receiving at Philadelphia on Saturday, Nov. 14, 1914, and will stop receiving at Boston and New England points on Saturday, Nov. 14, 1914.

**What is Castoria.**  
Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

**Castoria.**  
"Castoria is well adapted to children that know it as superior to any prescription known to me." W. A. Adams, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it is a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria with every ready." CAROL MANNING, M. D., New York City.

THE CHARTER COMPANY, 77 MARKET STREET, NEW YORK CITY.

**NOTICE OF MORTGAGE SALE.**  
Default has been made in the conditions of a certain mortgage duly made and delivered by John A. Bonner and wife to the Union Trust Company, to Mary G. Baker, mortgagee, bearing date the 24th day of January, 1914, acknowledged in the county of St. Louis and state of Missouri, do hereby give notice that the same is due and payable on the 1st day of January, 1915, at 5 o'clock a. m. in block 6 of mortgage, on page 151 of the register of deeds in the office of the St. Louis County, Missouri, at St. Louis, Mo.

And whereas said mortgage contains the non-payment of the sum of eight hundred dollars and interest thereon, and the principal thereof shall become due and payable by the mortgagor on the 1st day of January, 1915, at 5 o'clock a. m. in block 6 of mortgage, on page 151 of the register of deeds in the office of the St. Louis County, Missouri, at St. Louis, Mo.

## RETURNS COMPLETED

All the Returns of the Votes Cast in the City Precincts Have Been Received.

They Show a Clean Sweep by All the Republican Candidates by Very Large Majorities.

Tables Showing the Vote by Precincts in Some Cases and by Wards in Others.

All the election returns from the city of Duluth are now in, the last being received by the city clerk at midnight. This late return came from the Fourth precinct of the Fifth ward, where there was a heavy vote cast. The complete returns show large pluralities for the whole Republican ticket—state, congressional, judicial, legislative and county. Below will be found the detailed vote for nearly all the offices. In addition to these, the following totals may be given: Coroner—Ekland, 5125; Speaker, 2304; County surveyor—Davis, 4305; Thomas, 1838; Craikshank, 1628; Judge of Probate—Ayer, 5064; DeVore, 1187; court commissioner—McAdam, 4811; Titus, 2322.

HIGH-WATER MARK.

## The Weather.

C. S. Weather Bureau, Duluth, Minn.,  
Nov. 9.—The center of a storm area of ex-  
treme low pressure has moved southeast to Eastern  
Wisconsin.

In Western Minnesota, Manitoba and the  
Dakotas severe northwest gales and over-  
cast with snow fall from 2 to 4 inches.

An area of high barometer, with a central  
in the Canadian Northwest, Montana and the  
Dakotas, the lowest temperature reported being  
below zero in Laramie.

Snowy weather was general at 7 a. m. today  
the upper lake region, with brisk, southeast  
wind.

Duluth temperature at 7 a. m. today, 25 de-  
grees; minimum temperature, 23 degrees.  
Precipitation for the 24 hours ending at 7 a. m. today, .35 inches.

SALT STE. MARIE, Mich., Nov. 9.—Depth of  
water at St. Mary's falls equal at 7 a. m. today,  
14 ft. 6 in. The forecast for the next thirty  
six hours, stationary.

DELTA, Nov. 9.—Local forecast for Duluth  
and vicinity till 8 p. m. tomorrow: Show-  
ers and drizzle today; fair and decidedly  
colder tonight and Saturday; brisk to light  
northwest wind.

JAMES KENNELLY  
Local Forecast Official.

CHICAGO, Nov. 9.—Forecast till 8 p. m. to-  
morrow: For Wisconsin—Show and drizzle  
today; Saturday local snows and over-  
cast; severe northwest winds for thirty-  
six hours. For Minnesota—Light local snows  
today; fair and decidedly colder tonight and  
Saturday; fair and continued cold. High north-  
west winds for twenty-four hours.

Telegraph Blockades.

Last Monday telegraphic communi-  
cation between New York and Boston  
was shut off by a heavy storm that pro-  
strated the wires and did a great amount  
of damage. Today's reports state that  
the 11 to telegraph and telephone com-  
panies will be very great. This is the  
opening of the season when such events  
will be quite numerous, as compared  
with the rest of the year. The winter is  
always a troublesome and ex-  
pensive season for both tele-  
graph and telephone companies  
in all portions of the North. The result  
is great delay and inconvenience of busi-  
ness and of the people generally. The  
same state of affairs is sometimes ex-  
perienced in summer when storms of  
more than ordinary violence occur.

If the wires were put beyond the reach  
of snow and wind all this interruption of  
communication and consequent incon-  
venience of the public would be done  
away with. There does not seem to be  
any good reason why this should not be  
done, because in other countries the in-  
terruption of telegraphic communication  
from these causes has been successfully  
guarded against. The Boston Trans-  
cript says that Germany experimented  
with an underground system as far back  
as 1848, but it did not work well and was  
practically abandoned. With greater  
use came greater knowledge of tele-  
graphy, and in 1877 Germany laid an  
underground system from Berlin to  
Mayence through Halle, Leipzig and  
Frankfurt. Since that date the under-  
ground system has been extended and  
supplements the overhead, which is still  
maintained.

In extending the underground system  
Germany simply followed Great Britain,  
in which there were eight thousand  
miles of subterranean wires when the  
Berlin-Mayence line was begun. The  
London wires were put under ground  
because their presence above ground  
was a danger and an annoyance, and be-  
cause the greater convenience afforded  
by burying them more than offset the  
added cost.

Both Germany and Great Britain own  
their telegraph systems, and the cost of  
operating them is taken care of by the  
government whenever receipts fall short,  
and they fall short pretty often. The  
greater cost of the underground system  
did not appear so formidable to a gov-  
ernment consulting convenience as it  
would to a private corporation working  
for dividends. The German government  
cared nothing that the cost of the under-  
ground system was six times that of the  
aboveground, when it began work,  
or that insulation was less perfect.  
The object was to have a system so  
independent of storms that when the  
empire is snow-covered and the over-  
head wires break down, communication  
through the subterranean cables is  
doubled and there is no such isolation as  
overlooks the great cities of the United  
States after a tempest. In Great Britain  
the cost of the underground system was  
reported fifteen years ago as from three  
to four times that of the above ground,  
while the power was much less. Yet de-  
spite these drawbacks, the underground  
system is in many places the only one  
and in others as the supplement of the  
overhead, has become a fixture.

It is hardly likely that David E. Hill  
expected to be elected governor of New

York this year. He accepted the nomi-  
nation under protest, after having pos-  
sively declined it, and stated that he took  
up the struggle out of a sense of duty to  
his party in order, if possibly to stem the  
tide of Republican success which was  
sweeping over the country. In defeat  
he deserves credit for a gallant fight  
against overwhelming odds.

**A Crushing Defeat.**

The verdict of the people of St. Louis  
county may well be studied by Maj.  
Baldwin. He finds in the returns from  
the iron ranges as well as from the city  
precincts much food for reflection. The  
desire of the voters of this county to em-  
phasize their reputation of his attitude  
upon the iron ore question and to resent  
in the strongest and most forcible man-  
ner—the manner in which he misrep-  
resented the district in congress is seen in  
the vote of every precinct in the county.

Maj. Baldwin did not carry one pre-  
cinct in St. Louis county, so far as the  
almost complete returns indicate. In  
the city of Duluth he lost every precinct,  
and Mr. Towne had a plurality of nearly  
3000. In the townships on the Vermilion  
and Mesaba iron ranges, from which The  
Herald has received reports, Maj. Bal-  
dwin received only 378 votes out of a total  
of 3866. Mr. Towne's plurality on the  
ranges, according to the returns received,  
amounts to 2434. This raises his total  
plurality in St. Louis county to 5307,  
which will be increased by the precincts  
from which returns have not yet been  
received.

The vote in the precincts occupied al-  
most exclusively by the men who work  
in the iron mines is especially significant.  
In the four precincts of Breitung, Mr.  
Towne's vote was 530, while Maj. Bal-  
dwin received only 6 votes and Mr. Hal-  
verson was given 17. In the Third pre-  
cinct of Breitung 137 votes were cast, and  
all were for Mr. Towne. At Ely the vote was  
almost as solidly for Mr. Towne, and on  
the Mesaba range Maj. Baldwin received  
but a very small percentage of the total  
vote.

Equally crushing was the major's de-  
feat in the other counties of the district.  
The only county in the Sixth district  
which he carried was Stearns, which has  
always been overwhelmingly Demo-  
cratic. But Morrison and Benton coun-  
ties, which have always been reckoned  
in the Democratic column, repudiated  
the major and gave handsome pluralities  
for Mr. Towne, while in all the other  
counties the major's vote was greatly re-  
duced from what he polled two years  
ago. Had the major more correctly rep-  
resented his district in congress and  
stood up in behalf of its industries as he  
promised prior to election two years ago  
he might not now be among the Demo-  
cratic slain.

Where Credit is Due.

While the Republicans of the Sixth  
district are jubilating over the sweeping  
victory achieved by Mr. Towne over  
Maj. Baldwin, they should not forget  
that much of the credit for the comple-  
teness of the victory is due to the splendid  
organization perfected and maintained  
by the congressional committee. The  
chairman of the committee, Senator F.  
D. Doughterty, proved himself to be an  
excellent organizer, and under his di-  
rection the campaign was vigorous and  
thorough from one end of the district to  
the other.

In this work he was aided by a num-  
ber of the leading political workers of  
the district, and in St. Louis county he  
had no more untiring workers than those  
who led the campaign at the county  
primaries for O. D. Kinney. The friends  
of the latter gentleman gave loyal sup-  
port to Mr. Towne, as is shown by the  
almost unanimous vote which he re-  
ceived in those sections of the county  
where they were most numerous. Only  
the complete harmony and hearty co-  
operation which prevailed, the county  
committee, especially Chairman Getty  
also deserves credit for good  
work, and the complete or-  
ganization made by Senator  
Doughterty, could have rolled up such a  
magnificent plurality for Mr. Towne.

The defeat of Majors, the Republican  
candidate for governor of Nebraska, is a  
triumph for Edward Rosewater, of the  
Omaha Bee. He resigned from the Re-  
publican national committee in order to  
be free to fight Majors, whom he de-  
nounced as a venal man and the candi-  
date of a notoriously corrupt nomination.  
For this action Mr. Rosewater deserves  
the thanks of every honest Republican.

The Chicago Herald, one of the  
staunchest Democratic papers in the  
country, advances the following reason  
for the Republican landslide: "Demo-  
cratic defeat results immediately from  
deplorable and inexcusable divisions in  
the party ranks and more remotely from  
a series of blunders at Washington in  
which Grover Cleveland was the master  
spirit of evil."

Some of the Democratic papers are  
talking of Cleveland for a third term, as  
the only hope of the party. A good sug-  
gestion indeed. Just give the American  
people a chance to let him know what  
they think of him and his administration.

The crushing defeat of that arrant  
demagogue, Judge Willis, of St. Paul, is  
one of the brightest spots in the mass of  
Republican victories.

The death knell of free silver coinage  
was sounded on Tuesday.

Gen. Weaver, who was the Populist

candidate for president two years ago  
was defeated for congress by 3000 in an  
Iowa district.

Even Texas is now said to be in doubt.  
And yet Texas has been good in the  
past for 180,000 Democratic plurality.

Up to date, President Cleveland has  
not expressed any regret over the result  
in New York.

Governor Nelson may now very ap-  
propriately issue his Thanksgiving pro-  
clamation.

The "solid South" is not only broken  
but smashed into smithereens.

**AMUSEMENTS.**

"Land of the Midnight Sun."

Tonight A. Y. Pearson's big melo-  
dramatic production, "Land of the Midnight  
Sun," will be presented at the Temple.

The play was fashioned by Edwin Bar-  
bour, the author of several successful  
melodramas of the latter day school.  
Mr. Barbour gives credit to Hall, Cain's  
story, "The Bondman," for many of the  
incidents and characters found in his  
play. It is the story of two sons of the  
same father by different mothers. The  
lawful son born in Iceland swears  
treatment of his mother and also  
his half brother. The plot is consider-  
ably involved, the scenes occurring in  
North Carolina and Iceland. The  
brothers fall in love with the same  
woman, although unknown to each other  
and she marries the illegitimate one.  
The brothers meet in Iceland. They  
for some fancied crime are sent to the  
sulphur mines, a penal institution where  
they learn of the relationship existing  
between them. They finally escape  
during a volcanic eruption that takes  
place at Mount Hecla, and one of them,  
thoroughly suffering and exhausted dies,  
the other reclaims his bride and every-  
thing comes all right.

**Pauline Hall in "Dorcas."**

On Monday a most popular favorite  
with Duluth audiences comes to the  
Lyceum for an engagement covering two  
nights in the person of the beautiful  
Pauline Hall. The entertainment which  
will be presented by this delightful gen-  
tlewoman will be the new operatic comedy,  
"Dorcas," which is written in three  
acts, is the work of Harry Paulton whose  
success as a writer of brilliant dialogue  
was made manifest by his exceptionally  
fine work as the composer of "Erminie."  
Miss Hall is said to be most splendidly  
fitted to the many characters in which  
she is called upon to appear, first as a  
rough, romping young peddler, then as  
Dorcas, the wife of the village inn-  
keeper, and lastly in her own charming  
personality as Lady Honoria.

The following telegram was received  
today from Minneapolis: "The Pauline  
Hall company opened its engagement in  
Minneapolis last night and pleased the  
largest and most brilliant audience that  
has been in the Grand Opera house this  
season. Her new operatic comedy suc-  
cess, "Dorcas," written by Harry Paul-  
ton, author of "Erminie" and "Nobie," is  
an artistic musical triumph. Miss Paul-  
line Hall is ably assisted by the following  
well-known artists: Miss Jeanette St.  
Henry, Kate Davis, Kate Fryer, Wil-  
liam Broderick, J. Aldrich Libbey, Charles  
H. Bradshaw and Charles Meyer. Miss  
Hall in this great and brilliant play two  
nights at the Lyceum theater, Duluth,  
beginning next Monday evening."

**The Provision of the Press.**

Cedar Rapids Gazette: Some press  
agency will soon be issuing advance  
proofs of the obituary of Czar Nichol-  
as II.

**The Japs' Campaign.**

Cedar Rapids Gazette: The Japs  
claim that they carry every precinct  
in Manchuria and have strong hopes of  
several wards in Pekin.

**The Democratic Congress.**

How does the nation presents it to view:  
Free silver, more money, the deep tanned tariff  
and every free trade bill the country knew.  
The wide-spread depression and the illa caused  
by it.  
The rock gold standard, where free silver fell:  
They've basted our country, no use to me it.  
And turn the old party to the new.  
The King Cleveland comes well.  
The gold standard congress.  
The free trade congress.  
We all know so well.

Their more covered plagues we no longer treas-  
ure.  
For often at noon when our hunting a job.  
We find that instead of the work they had  
promised.  
They've given us nothing—not even a job:  
Howard and we've cussed 'em with live  
over.  
As quickly before the god, Mammon, they fell:  
How soon was the standard of gold over-  
ruled.  
Must all trade and industry hear their death  
knell.

The sneer trust congress,  
The trust-promoting congress,  
The bondholders' congress.  
We all know so well.

How sweet from their eloquent lips to re-  
ceive it.  
Whom a dollar a bushel, cotton ten cents a  
pound.  
We listened, and voted our pocketbooks empty.  
And now where, oh, where will our market be  
found?  
And now far removed from the fond realiza-  
tion.  
The fear of regret doth intensely swell.  
As money reverts to one and all.  
And sighs for the party that served us so well.

The trust-bound party.  
The gold-standard party.  
We wish was in  
—T. J. Hendrickson in Ellensburg, Wash.  
Daw.

**One Term Was Enough.**

St. Paul Pioneer Press: The great ter-  
ritorial extent of the district which Hon.  
C. A. Towne will represent in the Fifty-  
fourth congress makes it difficult to se-  
cure accurate figures of the plurality.  
There is every reason to believe, how-  
ever, that it will not be far under 9000.  
St. Louis county gives him nearly or  
quite 5000 as a starter. The great iron  
range gave him practically an unani-  
mous vote, and Duluth was not far be-  
hind. He accomplished the almost  
startling feat of reversing Baldwin's plu-  
rality of 500 in Morrison county in 1892  
to one of 300 or such a matter for him-  
self. Everywhere else in the district he  
gained on Baldwin, and that eccentric  
gentleman's erratic campaign was all for  
naught. The people concluded that one  
term of misrepresentation was quite  
enough.

**Old New England Advice.**

The Puritans had, it is said,  
A maxim very  
In fact, they lived long motto was:  
"Don't  
Get Gay!"  
—Cincinnati Tribune.

### Exactly Half Price.

# Woodward Clothing Company,

224 West Superior Street.  
N. B.--LEASE AND FIXTURES FOR SALE.

## THE COUNTY RETURNS

The Towns Have All Reported But Figures from Twenty-Two Only Can Now be Obtained.

Canvassing Board Must Meet Within Ten Days and All Returns Will Then be Public.

County Auditor, Chairman of the Board and Two Justices Constitute the Canvassing Board.

The complete returns for the county of St. Louis have been filed at the auditor's office but cannot be opened before the canvassing board meets. The county auditor, chairman of the board of commissioners and two justices of the peace, of opposite political parties, constitute this board. The date for meeting is to be within ten days after the election but Auditor LaVaque has not fixed it. He is having some trouble in finding a Democratic justice of the peace. Judge Powell, of the municipal court, was suggested but Mr. LaVaque thinks he is not a justice of the peace. The municipal court act, however, says that the judge shall have all the powers of justices of the peace of the state. This would seem to be clear.

Many of the clerks who came in brought nothing but the sealed official returns. It is therefore impossible to give complete returns. Below are given the figures for all that are obtainable, making twenty-two in all, with those published yesterday.

**Village of Fond du Lac.**

Governor—Nelson, 45; Becker, 6; Owens, 12; Auditor—Dunn, 41; Biermann, 12; Stromberg, 5; Associate judge—Collins, 48; Willis, 8.

**Attempt Was Unsuccessful.**  
The attempt to raise the Great Northern engine from the waters of St. Louis bay failed yesterday, and after it had been raised partly, it was lowered again. One of the chains in the tackle broke, and it will have to be replaced. Another attempt will be made today.

**Ask to See.**  
Our all wool men's socks which we sell at only 25 cents.  
C. W. ERICSON,  
219 West Superior street

**Dissolution Notice.**  
This is to certify that the partnership of Johnson & Larson consisting of Martin H. Johnson and Charles Larson doing business at Fond du Lac island (summer resort) Douglas county, Wisconsin, is this day dissolved by mutual consent. Said Johnson has retired from said partnership and said business will hereafter be conducted by said Charles Larson in his individual name. All debts due and to become due to said partnership are payable to and will be collected by the said Charles Larson.  
Dated Nov. 2, 1894.  
MARTIN F. JOHNSON,  
CHARLES LARSON.

**California—Florida.**  
If you intend spending the winter in California or the Southern states and want rates and routes that will please you, call on or address W. S. Whitten, 432 West Superior street.

**Going at Half Price.**  
Boys' overcoats and suits. Call early before the sizes are broken up.  
C. W. ERICSON,  
219 West Superior street.

**THE CHEST THAT FAILS.**  
Should be protected. Protection, however, should proceed, not follow, failure. Boyce's Chest Protectors render this vital part of the anatomy as secure against "around zero" temperatures and sudden changes of weather as though no such foes to sound health existed. Protect the chest, is one of the axioms in medicine, and our Chest Protectors meet the case, we believe, better than any others offered. When the chest fails, the fortress of life is lost. Lose no time in making it impregnable against wintry attacks. Bear in mind, please, that our prescription department is the best in town, and that we carry a full line of standard medicines and preparations, and toilet and manicure articles.

**SECOND WARD.**

## Duluth Hardware Company

222 WEST SUPERIOR STREET.

### VIADUCT TO BE BUILT

Board of Public Works Conferred Yesterday With Railroad Officials Regarding the Garfield Avenue Viaduct.

Increased Traffic After the Bridge Is Built Will Make the Viaduct an Absolute Necessity.

Difference of Opinion as to the Proportion of Cost to Be Borne by the Railroads.

It is just possible that the Garfield avenue viaduct will be built this winter. Over two years ago, the city engineer prepared plans and estimates, but that was about as far as the matter could be advanced.

Yesterday afternoon the board of public works and the city engineer met the representatives of corporations interested as follows: L. S. Miller, assistant general manager of the St. Paul & Duluth; Division Superintendent Wilsey, of the Northern Pacific; J. L. Washburn, representing the Duluth Transfer company and L. Mendenhall representing the street railway company.

The plans were gone over and the proposed improvement given a general discussion. The Duluth Transfer company represents itself as being willing to do its part, but the street railway company made no definite statement as to what attitude it would take. The representatives of the St. Paul & Duluth and the Northern Pacific agreed to take the matter under advisement and report the decisions of their companies within sixty days.

It has generally been considered that the railroad companies should stand the major part of this improvement. A viaduct over Garfield avenue would be a great safety and convenience to day and as soon as the bridge across the channel is constructed, a viaduct will be a necessity, as the traffic down that avenue will be many times increased.

There is a law compelling railroad companies to construct viaducts over their tracks on such avenues, but they hold it unconstitutional. In such cases as have been taken into the courts, sometimes the corporations and sometimes the municipalities have won.

There seems to be little doubt that the city should pay for only that portion of the viaduct between Superior street and Railway alley, about 350 feet. The whole length of the proposed structure, according to the plans prepared, is 2200 feet. The estimated cost, made two years ago, is \$705,000. City Engineer Reed thinks that it built this winter the cost would not exceed \$100,000, owing to the low price of labor and material. That would make the city's portion cost only about \$24,000. These figures, of course,

do not include possible and probable damages to adjacent property.

The street railway people would much prefer to have the upper end of the viaduct begin at Michigan street, instead of Superior street, but the city could not well consent to that. If constructed according to the plans, the street car tracks would have to run up into Superior street at Thirteenth avenue west, as once was the case, instead of on Eighteenth avenue west, as now is the case.

The railroad companies also want the possibility of shortening the proposed structure somewhat, to save expense. They will, they say, take out some of their sidetracks across the avenue to enable that to be done. The board of public works does not think that advisable, however, and it is hardly possible for it would make it impossible for the Ohio Coal company to reach its docks on a track under the viaduct. In time, too, it is most probable that the viaduct will be extended clear to the bridge which will connect Duluth and Superior.

As stated, this viaduct is intended to be 2200 feet in length and 75 feet wide. It will be similar in structure and foundation to the Lake avenue viaduct and will have 16-foot sidewalks on each side. It will have longitudinal iron girders and be paved with cedar blocks. It will have 22 feet clear headroom over the tracks and about 28 feet altogether. It will reach from Superior street to a point that will bring the side tracks of the Ohio Coal company beneath it.

There is a strong feeling with the board of public works and the city engineer that work should begin this winter, but it is feared that the railroad companies interest will not care or be able to move fast enough to enable anything to be done before next summer.

### SCOTTISH RITE MASONS.

St. Paul Brethren Assisted in Conferred the Fifteenth Degree.

A. B. Plough's private car brought up from St. Paul last evening a delegation of Scottish Rite Masons who were the guests of their brethren in Duluth. After a dinner at the Spaulding, the goat was turned loose at the Temple and work in the fifteenth degree exemplified. Such of the visitors as did not go back to the Sainity City last night will return today. A number of Duluth Masons contemplate a similar visit to St. Paul in the not too distant future.

Among the visitors from St. Paul were W. H. S. Wright, Oscar Metcalf, C. E. Stone, F. A. Ingalls, A. P. Swanstrom, James Lawless, Capt. E. F. Green, U. S. A., A. B. Plough, R. C. Mungler and J. W. Chamberlain.

Jamison Pleaded Not Guilty. Martin Schittch bobbed up in police court this morning under the charge of drunkenness. A suspended sentence was also billed to appear and answer to a charge of leaving a team of horses unhitched.

A. E. Jamison, the young man charged with uttering a dozen or so of bogus checks, pleaded not guilty and his trial was set for this afternoon. In default of \$50 bail, the young man was committed.

Majestic steel ranges, the best in the world. COSTELLO HARDWARE COMPANY.

### THE SALTER CONCERT.

Every Indication That the Methodist Church Will Be Filled Tonight.

All plans have been made for the concert this evening in honor of Dr. Salter and nothing but the intervention of some occult power can possibly prevent its being a brilliant success. "I hope the Methodist church will be filled so full that you cannot get in" was a remark which greeted Dr. Salter this morning. "Thank you very much I hope so too," was the doctor's prompt reply before he realized what he had said.

This sentiment slightly modified, prevails throughout the city and will result in such an outpouring of Duluth's representative people as is rarely seen. Dr. Salter has bound himself indissolubly to the members of this community, rich and poor alike, by his untiring zeal in promoting the well-being of those who are unable to properly care for themselves, and it is not surprising that he has been so successful in his philanthropic work has met with the unqualified approval of the public. Business men have put aside their work to further the success of this musical event and what the result was shown last night at a meeting where W. Barton Chapin announced that over 1000 tickets had been disposed of. It is hoped that before the first of the evening the auditorium will be completely filled. Too much praise cannot be given those who have managed the musical part of the affair. The leading numbers will be given by Claude Edmundo, the violinist, who has recently completed his studies on the instrument with the best of masters across the water.

Mr. Madden arrived here this morning rehearsing with Miss Mackey who will be his accompanist. He is a master of the instrument though still a young man. He holds his violin and plays with an ease which makes one forget that he has labored to express his art. His conception is poetic and his well nigh faultless technique makes it impossible not to be charmed by his music.

The balance of the program includes such favorites here as Miss Mox, Mrs. Schmied, Mrs. Day, Mrs. Loman, Mrs. Renard and the Arion quartet.

List, will be given promptly at 8:15 by Mrs. Day, with an orchestra accompaniment on the organ by Mrs. Loman, and the doors will be kept closed during the numbers, so that the public is requested to be seated as early as may be.

### THE FOX HORN'S TOOT.

A Reflector Placed Upon It Has Caused a Change in Sound.

A welcome change has come over the fog horn whistle as everyone will find when they hear it blow again. Mayor Lewis sometime ago passed a sleepless night and his misery was heightened by the monotonous blast from the horn. Next morning he went to Maj. Sears and wanted to know if something could be done to deaden the sound. Maj. Sears advised him to write to the light-house board and he did.

As a result Maj. Adams came up a few days ago and put a reflector on. The horn now has an entirely different sound to the people in Duluth being much

softer, but out on the lake has all of its old time volume.

### CITY BRIEFS.

Cullum, dentist, top floor, Palladio. G. A. Tenbusch, architect, Trust Co. bldg. Smoke Endion cigar. W. A. Foote. German & de Waard have removed their office from the Burrows building to the McDonnell building, second floor.

Imperial flour makes light bread. "Thank you very much I hope so too," was the doctor's prompt reply before he realized what he had said.

Money to loan—\$500, \$1000, \$1500 \$2000. Cooley & Underhill, Palladio. The death of Tsyge Swendsen, the 3-month-old son of Gustave and Martha Swendsen, 128 West Fourth street, of enteritis, has been reported to the board of health.

Owing to the advent of snow all work on outside city contracts has been closed down for the winter. That probably drops 100 men out of employment. Miss Irene Silberstein gives a birthday party this evening at her home, 32 West Second street. Fifty invitations have been given out. Dancing will be the principal pleasure of the evening.

The Bethel sewing class meets at 2:30 p. m. tomorrow afternoon.

### A Great Bargain.

A fine residence lot for sale at about half its value. Apply at once at 613 Torrey building.

### Will be a Lively Contest.

The trial of Mrs. Caroline McDonald and William McDonald, charged with permitting the mutilation of trees, has been set for Nov. 13. E. H. Holden says that on Oct. 21, the defendants, while driving cows along West Fifth street, allowed the bossies to mutilate one Lombardy poplar growing in, and on said street. A. Autremont & Thurman are attorneys for the defense and quite a hot contest is likely.

### A Child, Enjoy.

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be costive or bilious, the most gratifying results follow its use; so that every family should have a bottle on hand.

### Supporting You Try

Us for your underwear. Twenty per cent discount on all underwear carried over since last season.

### C. W. ERICSON.

Celebrated Men on a Celebrated Railroad.

Gen. Lew Wallace, the renowned soldier, statesman, traveler and author, pays this compliment to the Chicago, Milwaukee & St. Paul railway in the St. Paul Evening News Record, Oct. 6, 1894.

"I have traveled all over the United States and Europe, but never before have I seen such magnificent train service as I enjoyed on 'The Milwaukee' between Chicago and St. Paul. The private compartment cars are superior to anything of the kind I ever saw."

The trains referred to by the author of "Ben Hur" are vestibuled throughout, heated by steam, lighted by electricity and arranged with the famous electric berth reading lamp.

J. T. CONLEY, Asst. Gen. Pass. Agt., St. Paul, Minn.

For Rent Cheap.

The handsome suite of offices on the ground floor of The Herald building, just vacated by H. D. Pearson & Co.'s insurance business, can now be rented cheap on a long or short lease. Apply at counting room of Evening Herald.

### Kilgore & Siewert,

Under St. Louis Hotel.

TO

Rev. C. C. Salter,

Friday, Evening, Nov 9th

At the First Methodist Church.

Tickets may be obtained at all of the banks, drug stores or of W. Barton Chapin, Treasurer.

### MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of eighty-five hundred twenty-five and 25/100 dollars, which is claimed to be due and is due at the date of this notice upon a certain mortgage, duly advertised and delivered by Charles A. Long and Anna T. Long, his wife, mortgagee, to George W. Dana, mortgagee, bearing date the 9th day of May, 1893, and with a power of sale therein contained, duly recorded in the office of the register of deeds in and for the county of St. Louis, and state of Minnesota, on the 23d day of May, 1893, at 11:40 o'clock a. m., in Book 22 of mortgages, on page 326, and no action or proceeding having been instituted at law or otherwise, to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given, that by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: Lots thirteen (13) and fourteen (14), block sixty-one (61), Indian Division of Duluth, according to the record plat thereof in the office of the register of deeds of said county, said mortgage premises lying and being in St. Louis County and state of Minnesota, with the hereditaments and appurtenances, which sale will be made by the sheriff of said St. Louis County, at the front door of the court house, in the city of Duluth, in said county and state, on the 15th day of November, 1894, at 10 o'clock a. m. of that day, at public reading, to the highest bidder for cash, to pay said debt of eighty-five hundred and twenty-five and 25/100 dollars, and interest, and the taxes, if any, on said premises, and one hundred dollars, attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law, subject to redemption at any time within one year from the day of sale, as provided by law.

Dated October 24th, A. D. 1894.

GEORGE W. DANA, Mortgagee.

S. T. & Wm. HARRISON, Attorneys for Mortgagee.

MANUFACTURERS AND RETAILERS OF FINE CLOTHING.  
IF YOU BUY OF US YOU SHIP THE MIDDLEMEN'S PROFITS.

## Republicans, Democrats and Populists

You are aware that the tariff has been revised and wool placed upon the free list. It becomes free January 1st. In reducing the price of every article in our house to the new tariff basis at this time we simply anticipated what must inevitably come later on. That our free wool prices are from 25 to 40 per cent under those of any other house in the city is not a theory but a condition, and the people are finding it out so rapidly that the success of one week but predicts the greater success of the next.

Here's Some Money Savers for - - - -

## Tomorrow, Saturday,

### MEN'S OVERCOATS—

It's a fact that we show more fine Overcoats, more stylish Overcoats than all the other stores in Duluth put together, and the fact that we sell 'em direct to the people from our own workshop, saving middlemen's profits gives us a tremendous advantage which no other house in the city can compete. To demonstrate the littleness of our prices read the

### Bargains We Offer for Tomorrow.

- \$3.49** Buys a good, heavy Ulster.  
**\$10.00** Buys a tailor made all-wool, long nap Shetland Ulster, worth \$15.00 and \$16.00.  
**\$15.00** Buys an imported Irish Frieze Ulster, 48 oz. goods, purely all wool, in gray and black colors, worth \$18.00, \$20.00, \$22.00.  
**\$25.00** Buys the finest Ulster in the house, which means the finest in Duluth and finer than than tailors make.  
**\$10, \$12, \$15** Six styles Men's long, 52-in, box back tailor made Overcoats.

Beavers, Meltons and Kerseys, blue and black colors, 7 inch collars, coats that are worth \$15.00, \$18.00, \$22.00.

## MEN'S SUITS.

Tomorrow, Saturday,

We offer some unparalleled bargains at two prices.

## \$10 and \$15.

We will not attempt a description. See them in our show window—which speaks more elegantly than any words we could use.

THREE CENTS

interior and vice president of the Prussian council of ministers, has tendered his resignation. It is added that his resignation has not yet been accepted.

## FESTIVAL IN BRAZIL.

Fetes Throughout the Republic Today in Honor of the Inauguration of a New President.

First Induction of the President Elected by the People Since Brazil Put Aside Monarchy.

Nothing in the Reported Movement to Prevent Moraes' Inauguration and to Proclaim Peixoto Dictator.

WASHINGTON, Nov. 10.—Minister Mendonça, of Brazil, has received the official program of the fetes and festivals which begin today throughout Brazil in honor of the inauguration of a new president on Thursday next. The occasion is much like the quadrennial inauguration of a president of the United States, except that the festivities extend over five days and conclude with the formal swearing in of the new chief executive.

In view of reports of riot and revolution in Brazil, Senor Mendonça gives an interesting outline of the ceremonies as showing the tranquility of the country and its interest in republican institutions. The present inauguration has special significance, as it is the first induction of the president elected by the people since Brazil put aside monarchy and became a republic. The first president after Dom Pedro's abdication was chosen by congress, and on his death the vice president, Peixoto, succeeded to the presidency and has administered the office up to this time.

There have been critics of Brazil's departure from monarchy to republicanism who have prophesied that she would follow the course of other Southern republics in perpetuating the presidents. But this has not been realized. On the contrary an election was held last March at a time when Brazil was convulsed with the revolution by Admiral da Gama and de Melo. The candidate of the Republican party was Senator Moraes who was elected with little opposition. Moraes is a type of the new republicanism of Brazil, as he was president of the congress which convened which gave the republic its constitution, and afterward president of the senate where he participated in the enactment of legislation.

The inauguration ceremony begins at Rio de Janeiro today with a grand military review and the reception of special envoys from Uruguay and Argentina. The Uruguayan officials bring medals and decorations to be conferred in consequence of the war with Paraguay. During the remaining days the city is to be given over to military and naval reviews, processions, etc. Elaborate preparations have been made, and the Brazilian capital is in gala attire similar to the appearance of Washington on inauguration day. The Brazilian congress has granted ample appropriations for the event.

Speaking of the reported movement to prevent the inauguration of Moraes and proclaim Peixoto dictator, Minister Mendonça says it is entirely unwarranted, as the celebration beginning today indicates. President Peixoto will continue to hold his position as agent of the army. Senor Mendonça says the rebellious element in Southern Brazil has recently been counseled by its leader to abandon the fruitless struggle. In any event, the minister says, the rebellion is of small consequence, the strength and resources of Brazil being largely given to the constitutional and republican government.

Ex-Secretary of State Foster was the only unofficial guest at the minister's services to the late czar at the Russian legation here yesterday, the honor being accorded to him because he had personally known Alexander II, having met him often while serving as United States minister to Russia in 1881-2. It was at that time that Alexander II was assassinated, and Gen. Foster witnessed the exciting scenes on that occasion and the subsequent pomp and ceremony with which the czar assumed power.

As the representative of this country Gen. Foster took part in the funeral rites of the dead czar and the festivities incident to the accession of the new ruler.

### KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## Royal Baking Powder

ABSOLUTELY PURE

On these and later occasions Gen. Foster met Alexander III, and he frequently alluded to his friendship and admiration for America. Nicholas, the present czar, was then a boy of 13, and being the second son was not regarded as the heir, although the fatal illness of his older brother afterwards led the latter to renounce his inheritance. Gen. Foster says the feeling of great friendship for America expressed by Alexander is shared throughout Russia from the highest down to the humblest peasant.

### SUCCESS BY REBELS.

Two Armies in Ecuador Defeated With Considerable Loss.

GUAYAQUIL, Ecuador, Nov. 10.—Todor Seminario, the rebel commander, captured Eten, Requena and Pimentel, getting a large amount of money as well as a lot of arms. Then the rebel forces re-organized and awaited an attack from the combined forces under Gen. Borge. After a hard battle, lasting over seven hours, the rebels broke Borge's lines and forced his troops to retreat in confusion, leaving arms, clothing and accoutrements behind. Their general narrowly escaped falling into the hands of the rebels.

Col. Mavila, who led the attacking government forces, is dangerously wounded and in hiding. Requena was completely destroyed. Not a house is left standing.

### MOVING THE GENERALS.

Transferring the Commanders of the Army Departments.

WASHINGTON, Nov. 10.—Secretary Lamont is today arranging the transfers among commanders of army departments due to the retirement of Gen. Howard. At present the plan is to make the following changes: Gen. Miles, from Chicago to New York; Gen. Ruger, from San Francisco to Chicago; Gen. Merritt, from St. Paul to San Francisco, and Gen. Brooke from Omaha to St. Paul. Gen. Forsythe is to be stationed at Omaha, Gen. McCook is to remain at Denver, Gen. Wheaton at San Antonio and Gen. Otis at Vancouver barracks.

The only change which might affect the program depends upon the desire of Gen. Brooke. He has been telegraphed to by the war department enquiring whether the change will be agreeable to him.

### Won by a Narrow Margin.

CHICAGO, Nov. 10.—Contrary to his expectations the congressman-elect of the Sixteenth Illinois district is Finis E. Downing (Dem.). The election of Gen. Kinaker (Rep.) was claimed Thursday by his friends on the strength of Mr. Downing's concession that he had lost Calhoun by 26 plurality. Gen. Kinaker made a strong fight, but the official count shows he failed of election by the narrow margin of 51 votes.

### Denny Will Contest.

LEXINGTON, Ky., Nov. 10.—The official count gives W. C. Owens (Dem.) 101 plurality over George Denny (Rep.) in the Ashland district. Judge Denny alleges that hundreds of Republicans were denied the right to register in Lexington and that frauds were committed at the election in the interests of his opponent and says he will carry the contest to the house of representatives.

Cake crusts or pastry prepared with Dr. Price's cream baking powder are never sour, spotted or soggy.

### The Los Angeles Fair.

LOS ANGELES, Nov. 10.—The Los Angeles international exhibition will be opened at Hebard's pavilion at 8 o'clock this evening. Seventeen different names are represented in the booths which are arranged on the first floor of the building. Some of the most interesting exhibits of the World's Fair at Chicago and the Midwinter fair at San Francisco have been secured and are now in place in the hall.

### Eight Years in Prison.

SAN FRANCISCO, Nov. 10.—Charley Sweeney, the ex-baseball player, who was America's foremost pitcher a few years ago, was yesterday sentenced to eight years in the state penitentiary. During a saloon brawl Sweeney shot and killed "Con" McManus. He was convicted of manslaughter.

### The Recalcitrant Witnesses.

WASHINGTON, Nov. 10.—It was expected that Judge Cole would render his decision today on the demurrer filed in the cases of the recalcitrant sugar investigation witnesses, but the judge announced that the decision would be postponed until Tuesday next.

### The Chilean Insurgents.

QUITO, Nov. 10.—Insurgents have taken and fortified Pulcan. The entire garrison has joined them. The president has raised a loan and is preparing a strong expedition against them.

### The Emeralds Useless.

PANAMA, Nov. 10.—It is asserted that the cruiser Esmeralda, for the purchase of which by Japan negotiations have been in progress, is useless as a fighting vessel. Her boilers are reported in a bad condition, her armament is too heavy and the frame of the heavy machinery charge of solid shot in an engagement would tear up her decks.

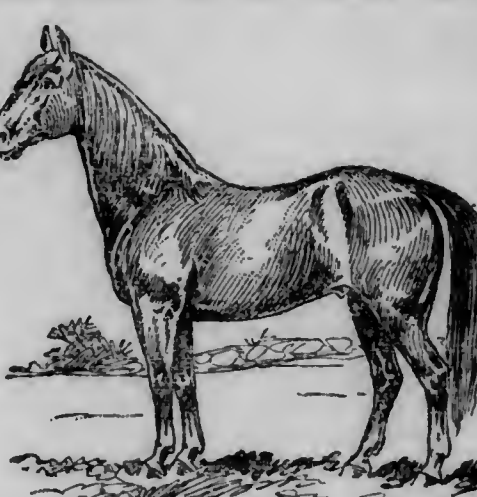

### Why?

Taste of "Royal Ruby Port Wine" and you will know why we call it "Royal." A glass held up to the light will show why we call it Ruby. \$500 reward for any bottle of this wine found under five years old. It is grand in sickness or where a strengthening cordial is required; recommended by physicians. Be sure you get Royal Ruby. Sold only in quart bottles; price \$1. For sale by S. F. Boyce, druggist.

### THE GREATEST BABY TROTTER.

Champion Adbell of California and His Wonderful Mile in 2:23.

If any one had predicted ten years ago that a yearling trotter would step a mile in 2 minutes 23 seconds in 1894, the state queen of the turf would have been greeted with derision. The prediction would have materialized into a fact, however, for Adbell, the king of yearlings, not long ago negotiated a mile in 2:23. Adbell, 2:03 3/4, the present queen of the turf, was a 2-year-old before she trotted a mile in 2:30, but Adbell, in addition to trotting in 2:23 as a yearling, has already shown a quarter at a 2:20 gait. Adbell is generally regarded as the most perfect colt ever bred at Palo Alto, the famous stud of the late Senator Leland

ADDELL, 2:23.

Stanford. He now occupies the stall once the house of Arion, the young stallion that was sold to Malcolm Forbes for \$125,000, and if the new trotting wonder trains on he will without doubt sell for a sensational price also.

Before beginning his campaign Adbell had never trotted faster than 2:43, but he won his very first race in the wonderful time, for a yearling, of 2:23. In a short time he had lowered his mark to 2:23, which is the best ever made by a yearling trotter. Many conservative horsemen believe that he could trot in 2:20, but he will not be called upon to perform such a feat. Adbell is by Advertiser out of Beautiful Bells. Advertiser was by Electioneer, the famous Palo Alto sire, and Adbell's breeding is consequently all that could be asked for by the most critical turfman.

Adbell is described as a dark looking colt. He stands 14 hands 2 1/2 inches in front and 15 hands 3/4 inches behind and weighs 260 pounds. He is also black. His head is the picture of equine intelligence, and his legs are perfect. Many horsemen believe that early speed beguiles early decay. Whether this will prove true in the case of Adbell remains to be seen. If he continues to step proportionally wonderful form as a 2, 3 and 4 year old, he may develop into the long looked for 3 minute trotter.

### CONDENSED SPORTING CHAT.

Yale and Princeton will meet in their great annual struggle for the championship of the East.

George Hunt, an English bicyclist, recently rode 260 miles in 12 hours, a new world's record.

R. B. Hayes, '95, won the Dartmouth college tennis championship from W. F. Rice, '95, of Chicago.

At the 200 bicycle race meets held in this country during the past season the prizes offered aggregated \$300,000 in value.

Ellye Grannan of turf plugging fame recently bought the old homestead at Paris, Ky., for \$5,100 and turned it over to his parents.

An enthusiast with a strong liking for figures has calculated that Sanger's percentage for the season, reckoned on the basis of races won and lost, is .683, which places him at the head of the list, Johnnie coming next with .565.

### Right Arm Paralyzed!

Saved from St. Vitus Dance.

"Our daughter, Blanche, now fifteen years of age, had been terribly afflicted with nervousness, and had lost the entire use of her right arm. We feared St. Vitus dance, and tried the best physicians, with no benefit. She has taken three bottles of Dr. Miles' Nerve and has gained 31 pounds. Her nervousness and symptoms of St. Vitus dance are entirely gone, she attends school regularly, and has recovered complete use of her arm, her appetite is splendid."

MRS. R. R. BULLOCK, Brighton, N. Y.

### Dr. Miles' Nerve Cures.

Dr. Miles' Nerve is sold on a positive guarantee that the first bottle will benefit. It is guaranteed to cure all cases of St. Vitus dance, and if it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

For Sale by All Druggists.

## RUN OUT BY SETTLERS

Settlers at Deer River, Itasca County, Deal in a Summary Way With Claim Jumpers.

A Party of Whites and Half-Breeds, Headed by Lee, of West Superior, Run Out.

Report that a Man Named Brown, Who Was to Locate Them, Has Been Lynched.

DEER RIVER, Minn., Nov. 10.—[Special to The Herald.]—The escorting to the depot here Monday morning of two white men and a number of Indian half-breeds under a strong guard of men heavily armed with rifles, caused some little excitement for a time here. A couple of weeks previous to this Shannon, the man that was run out of Tower last spring, was waited on and only allowed to go to look at the land he had the description of when accompanied by a couple of settlers.

The cause of the little attentions being paid to those people were soon ascertained. During the past season a couple of trips were made to the country bordering on the Red Lake reservation by a man by the name of Christie accompanied by some Indian breeds. Being asked what his business was, Christie said that they were in the employ of the government so the settlers did not further intrude on them. Later on the settlers discovered evidences of Indian scrip having been placed on their claims, and on investigating further into the matter found out through the land offices that scrip had actually been filed on a number of their claims regardless of residence and improvements.

The indignation of the settlers knew no bounds. A meeting was held at which it was agreed to stand by each other for mutual protection of their invaded rights. Last week two white men and a number of Indian breeds came to the store of Mr. Moore near the Red Lake. Some of the settlers being there at the time, they at once took in the situation. Ropes and rifles were speedily procured, and there is no doubt that the strangers would have been despatched with in short order, had it not been for the intervention of wiser heads.

A committee was appointed to wait on them, who asked the strangers to state the whole truth, and they would try and see that no harm came to them. The locator, who called himself Lee, from West Superior, admitted they had come across country by way of Tower, being directed to come here by J. B. Acker, attorney, of West Superior, and that a settler by the name of Brown was to show them some lands. Lee said that they had done so far, and that he begged to be allowed to leave the country with their lives. This they were allowed to do in the matter before stated, while another party went to look for Brown, who is reported since to have been lynched. Threats against Arnold's life were freely indulged in.

### NO ISSUE AT PRESENT.

Report of Another Bond Issue Is Without Foundation.

WASHINGTON, Nov. 10.—The report telegraphed from New York and published in the morning papers to the effect that another \$50,000,000 bond issue had been determined upon is without foundation.

It is learned on undoubted authority that Secretary Carlisle has not changed the least his policy with respect to the issue of bonds. The public credit will be maintained and if to this end it is found necessary to issue bonds, they will be issued without the least hesitation, but no action of this kind is in immediate contemplation. If there should be steady and continued withdrawals of gold for export it might be necessary, in order to maintain the government credit to place another loan, but the present conditions do not warrant such action.

A subordinate official of the treasury department, in speaking of the matter, said that these reports were put in circulation by a certain class of Wall street brokers for the sole purpose of influencing the market, while others gave them circulation in the hope of forcing an issue. It can be stated with the utmost positiveness that there are no preparations now being made at the treasury for another bond issue.

### The Imperial Funeral Train.

KHARNOV, Nov. 10.—The funeral train bearing the remains of the late czar arrived from Sebastopol after stopping at Simferopol, Pavlograd and Spassoff church, near Borki, where requiem masses were celebrated for the repose of the soul of Alexander III.

### Misery After Meals.

The oppressive embargoes levied upon the inner man by his inveterate enemy, dyspepsia, after meals, are lifted and the yoke cast off by that sovereign medicinal liberator from bodily ailments, Hostetter's Stomach Bitters. Heartburn, flatulence, oppression at the pit of the stomach, the presence of bile where it does not belong, are alike remedied by this potent reformer of a disordered condition of the gastric organ and the liver. It is the prince of tonics and stomachics, invigorating at the same time that it remedies. Both appetite and sleep are improved by it. A winglass before or after meals, and before retiring, will be found an efficient restorative of the ability to digest and assimilate and to rest tranquilly. Use it for malarial, kidney and rheumatic trouble and for constipation. For the aged and infirm it is highly beneficial.

The Superior roller mill on Connor's Road was kept up this week for the manufacture of all kinds of ground feed, ground corn, oats, barley, etc.; rye flour, Graham flour, buckwheat flour, corn meal, cracked corn, etc. All kinds of grain by the carload will be brought and sold. Parties wanting feed will do well to call on us before purchasing elsewhere. Chamber of Commerce building, Duluth.

PAIGE & HORTON, Props.

## MAN'S GRATITUDE.

Mr. Flotten Gives Expression of His Gratitude for Having been Cured by the Copeland Treatment.

Gratitude is one of the inherent qualities of man's nature. In a true man or woman it is ever active. When a favor has been received such a man or woman is ever ready to reciprocate in any and every way possible. It is this, combined with a desire to help others who are suffering as they did, that induces hundreds of people who, under no other circumstances could be induced to let their names appear in the public press and give their testimony week after week to the efficacy of the Copeland treatment.

To this number belongs Mr. Andrew Flotten, of 266 St. Croix avenue. He went to the Copeland physicians suffering from catarrh of the head and under their perfected system of treatment he was entirely cured in a short while. His nose was always stopped up so that he could hardly breathe through it. He would take cold easily which was followed by a headache above the eyes and across the nose. There was a profuse discharge from the nose especially when he took cold. At night the mucus would drop from the back part of the nose into the throat. He would awake in the morning finding the throat filled with mucus that had collected there. When asked about his case Mr. Flotten said: "I went to the Copeland physicians to be treated for catarrh. They took a couple of tumors out of my nose without hurting me a particle; then cured my catarrh in short order so that I now feel perfectly well."

### WHAT THEY DO.

The Copeland Physicians treat and cure catarrhal diseases, bronchitis, asthma, deafness, dyspepsia, indigestion, and all diseases of the respiratory and digestive tracts, besides giving special attention to diseases of the skin. Charges low. All medicines are furnished free.

### Copeland Medical Institute.

422-423 Lyceum Building, Duluth, Minn.

### SPECIALTIES: Catarrhal Diseases, Skin Diseases and Nervous Diseases.

Office hours—9 to 11 a.m., 2 to 4 p.m., 7 to 8 p.m. Sunday, 9 a.m. to 12 m. If you live at a distance write for symptom blank.

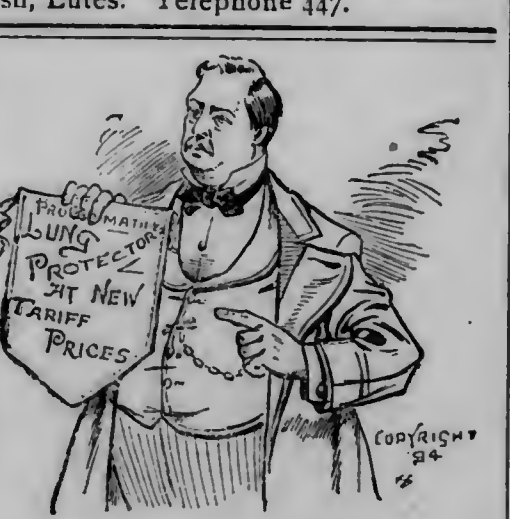

### Strike on Panama Canal.

PANAMA, Nov. 10.—A strike has taken place among the laborers on the Culebra section of the Panama canal. The men are paid on by 35 to 40 cents a day and find their own supplies. They demand an increase to 50 cents. This demand has been refused, and the canal authorities are engaging new men to fill the strikers' places. The men are making threats, and as a precaution the government has reinforced the Culebra police.

### King of Siam Better.

PANOK, Nov. 10.—The king of Siam has recovered from the illness which has for some time past confined him to his palace. His majesty has made his annual visit to the temples.

High gloss or domestic finish as you wish. Lutes. Telephone 447.

### THE CHEST THAT FAILS

should be protected. Protection, however, should proceed, not follow, failure. Boyce's Chest Protectors render this vital part of the anatomy as secure against "around zero" temperatures and sudden changes of weather as though no such foes to sound health existed. Protect the chest, is one of the axioms in medicine, and our Chest Protectors meet the case, we believe, better than any others offered. When the chest fails, the forces of life is lost. Lose no time in making it impregnable against wintry attacks. Bear in mind, please, that our prescription department is the best in town, and that we carry a full line of standard medicines and preparations, and toilet and manure articles.

## Best Paper, Best Advertising!

When a contractor is in a hurry to drive a long plank down the side of a new sewer, he sets two men at it. Each with a big maul hits it alternate blows as often and as hard as he can. The strokes come as even as a pendulum swings.

One man and one maul would drive the plank down, but it would take longer.

The bigger the maul, the quicker and easier he will do the work.

Two men, or a dozen, with tack hammers would not get the plank driven in a hundred years.

There's a parallel to this in advertising. If you're in a hurry to drive your business, use two papers and make the advertising maul--the space as big as possible.

If you haven't money enough to buy two big mauls, buy only one--use only one paper, the best, and make the space big enough to be felt.

You'll do more good with one maul than with half a dozen tack hammers. You'll get more benefit from a regular advertisement, of sufficient size, in a paper like The Evening Herald than you will from half a dozen smaller ads in weaker papers.

If you only have one ad, have it right. You don't believe in cutting your store in two, do you?

You don't establish a branch until you feel sure you are doing all you can in the main store.

Be sure you are doing enough in the best paper before you think of adding another.

## WEST DULUTH ITEMS. Paskola Vindicated.

Cold Snap Brings to Mind the Fact That the Saw Mills Will Soon Shut Down.

Mitchell and McClure Will Close Probably Next Week—Total Cut of Forty-four Million Feet.

Merrill & Ring to Shut Down About the Same Time After Cutting Forty Million Feet.

The present cold snap is a warning to the sawmill men that the season for cutting lumber is drawing to a close. Superintendent Pake, of the Mitchell & McClure mill, said this morning that he hoped to keep the mill running one more week at least. This would mean a shut-down on Nov. 17, the same date as both last year and the year before. Last year the cut amounted in round numbers to 50,000,000 feet, while this year it will probably not exceed 41,000,000. This is not due to the fact that the mill has run a less number of days or that its capacity has been less taxed, for on a 10-hour run a considerable larger amount of lumber has been sawed. No night work has been done this season while last year a night crew was employed for a couple of months. The company has sold 2,000,000 feet for shipment this fall and a fleet of boats is now on the way to load three cargoes of lumber to Tonawanda. They are expected here the first of the week.

The Merrill & Ring mill will also be kept running long into the winter. The mill has made a splendid run the past summer and although a night-run was kept up for only two weeks the output has reached 40,000,000 feet. The figures given in The Herald sometime ago approximating the cut of the two mills and the shipments will prove to be about correct. The last boat of the season is now loading from the Merrill & Ring docks.

The Duncan & Brewer mill is still running and as it has employed a night crew most of the summer has sawed more lumber for its size than any other of the West Duluth mills. The Murray & Jones mill shut down several days ago on account of a lack of logs and will not probably start up again this season.

West Duluth Brigs. Dr. Forbes will preach in his church at the usual time, morning and evening, tomorrow.

A number of West Duluth young men are making arrangements to organize a debating club for the winter.

The Republican club of West Duluth, will meet at the regular headquarters on Monday evening.

Prof. Hackelman, singing evangelist with H. L. Konig now holding evangelistic meetings at West Superior will conduct a song service at the Christian church services tomorrow afternoon at 4 o'clock.

Rev. H. J. Sheridan will administer holy communion at the Episcopal church at 11 o'clock.

Born to C. E. Pelcher and wife, Fifty-first avenue, west, a girl.

The ladies of the Columbia club gave a pleasant dancing party at their hall last evening.

The West Duluth Republicans have concluded not to vent their enthusiasm over the election through an exhibition of noise. They say if they did that they would appear too much like the Democrats.

W. A. Bond, of Bay View Heights, denies that he was ever arrested on suspicion of being Austin, the Park Point murderer. He says the detectives came to see him, but never arrested him as he did not resemble Austin in the least.

Peaches from California? Yes, and from Michigan, too. All made into delicious shortcake with Dr. Price's cream baking powder.

The beauties and good qualities of the Majestic steel range are well set forth in the five column ad of the J. J. Costello Hardware company on page 3. Read it.

Winter Tourist Tickets. The St. Paul & Duluth railroad have now on sale low rate excursion tickets to winter tourists points via San Diego, Los Angeles, Santa Barbara, San Francisco, California, Jacksonville, St. Augustine, Orlando, Winter Park and Indian River points, Florida. Tickets good six months. For rates and full information call on or address city ticket office, 401 West Superior street, corner Palladio building. F. B. ROSS, Nor. Pass. Agent.

Winler Tourist Rates. The St. Paul & Duluth railway has now on sale winter tourist tickets at lowest rates to California, Florida, the South and West. Tickets good six months. Choice of many and variable routes. For rates and particulars call on or address city ticket office, 401 West Superior street, corner Palladio building. F. B. ROSS, Nor. Pass. Agent.

CURE OTHERS.

To build up both solid flesh and strength after grip, pneumonia, fevers and other prostrating diseases, there is nothing so equal as Dr. Farrow's Golden Medical Discovery.

PROSTRATION FOLLOWING GRIP.

Mrs. HENRY GARRETT, King George C. H., Va., writes: "I was prostrated for three months. Had a terrible cough and weakness, and very weak. Was fast and nervous. The doctor gave me medicine at the time. I grew weaker. He advised cod liver oil emulsion. I took two bottles of it without any relief. I had pain in my left shoulder and back. I wrote you, and you prescribed your Golden Medical Discovery. I took four bottles. After two bottles I could sit up, and after four I had been from the grave. I increased greatly in flesh and strength."

## Gross Ignorance Exposed.

Its Value and Healthfulness Fully Established.

The results obtained by certain professed chemists in an attempt to analyze Paskola are so far from the truth that we have every reason to believe the perpetrators to be in the employ of rival manufacturers (possibly people interested in preparations of cod liver oil), whose business has been injured by the meritorious popularity of Paskola. This suspicion is strengthened by the fact that the untruthful reports as to the composition of Paskola have been widely circulated through the mails and otherwise. Among the things, the so-called "chemists" have stated, is that Paskola was nothing but glucose and hydrochloric acid, the ridiculousness of which assertion will be made clear by the following experiment:

Take two pint bottles and in one place a tablespoonful of glucose and in the other a like quantity of Paskola; fill them with water, shake thoroughly and add to each forty drops of muriatic or hydrochloric acid, in order to imitate the acidity of the natural gastric juice. Having previously placed in each a quantity of rare or raw lean beef, chicken, the white of hard boiled eggs or similar objects, put into each bottle one ounce, immerse the bottles in warm water and carefully maintain the contents at a temperature of 100 to 105 Fahrenheit, frequently stirring in order to thoroughly expose the food to the action of the solution.

In the course of a very short time the contents of the bottle containing Paskola will be seen to undergo a change, and in two or three hours the food will have become entirely dissolved or digested; whereas the contents of the other bottle containing the glucose and acid will show no change beyond a slight difference in appearance.

If you have neither the facilities nor the inclination to make the test for yourself, we have no doubt that your druggist will be glad to try the experiment for you. The tubes beneath show the results of a test made in our own laboratory, the cuts being from a photograph. No. 1 contained glucose and No. 2 Paskola. What are we to conclude? One of two things: either that the so-called "chemists" are ignorant or dishonest.

Glucose has no digestive properties. This is a well-known fact, whereas Paskola is giving relief to thousands of dyspeptics, a truth attested by the uncounted testimonials that pour in upon us. The presence of digestive ferments in Paskola cannot be determined by chemical test. No one has ever seen digestive ferments in a pure form, and the only way to determine their presence is by observing the effects which they produce upon food. This is a fact recognized by every authority, and will be found stated in Foster's Physiology and other standard works.

Another thing which these ignorant and jealous rivals have said about Paskola is that inasmuch as its basis is pre-digested starch, it is calculated to encourage diabetes.

We cannot better answer this charge than by quoting a paragraph from a report by Dr. Cyrus Edson, commissioner of health for the city of New York and for the state of New York.

"Pre-digested starch is starch in the exact condition that we find it prepared by the digestive organs for assimilation. It is pre-digested a fat-forming, heat-producing food. Under a diet of pre-digested starch or glucose, a man can perform more muscular work than under any other single article of food. Pre-digested starch not only is not injurious, but it is an essential article of food, without which in some form, man cannot enjoy life."

This letter from Dr. Edson was written in answer to an inquiry from the mayor as to whether or not pre-digested starch was healthful.

Paskola contains a special form of pre-digested starch as well as digestive ferments, and is not alone a fattening food, but it aids the digestion of other foods in the stomach, just as you may see in the above experiment. The tired, feeble stomach of the dyspeptic is too weak to do its duty.

It needs a little help; this help Paskola gives. Its use is at once followed by a sense of well-being, strength, vigor and courage. The appetite improves and the sufferer can eat with comfort where before he followed distress followed every meal. Paskola corrects emaciation and the pale, thin sufferer rapidly gains in weight, under its use. Consumptives will experience a thousand times more benefit from it than from the use of disagreeable laxatives, which often does more harm than good. Consumption need not prove fatal, if we can arrest the loss of flesh, for its victims virtually die of starvation.

[illegible]

A blank ledger page with a vertical margin line on the left and a grid of horizontal and vertical lines forming columns and rows.

A black and white photograph. On the left side, there is a vertical strip of film with several frames visible, showing dark, indistinct shapes. To the right of the film strip is a large, light-colored rectangular area containing a faint grid pattern of thin, dark lines. The grid consists of approximately 10 vertical lines and 10 horizontal lines, creating a series of small squares. The overall image has a high-contrast, grainy appearance.

A black and white photograph showing a vertical film strip. On the left side, there is a series of sprocket holes. The right side of the image shows a grid pattern, likely from a film frame, with horizontal and vertical lines. The overall image is oriented vertically.

## THE WORLD OF LABOR

Suspension of President Gus Olson, for Using His Office for Political Purposes, Made Permanent.

Robert Haire Was Elected President to Succeed Olson, and Charles Lytze Was Made Secretary.

The Parliament of Labor Which Is to Be Held in Chicago During Next Week.

At the meeting of the Trades and Labor assembly last evening, the suspension of President Gus Olson, charged with using his position for political purposes, was made permanent. The committee appointed to investigate Mr. Olson's doings reported that it was satisfied that while the president was not guilty of any intentional misuse of the powers and influence of his office, it seemed most evident that he had made a serious error in stating in a political speech that he was president of the assembly. In view of the fact, however, that a bad precedent had been established by the president, it was decided to make his temporary suspension permanent.

A couple of weeks ago, the doings of an executive session leaked out and got into print. The manner in which that came to pass came up for discussion. One delegate expressed an opinion that the newspapers made a good guess. Others held a different opinion, so to satisfy the committee of three was appointed to see if the source of any leaks can be discovered.

Reports of unions showed that the general condition of trade among the crafts is better than some weeks ago. Delegate McDowell, who represents the assembly in the chamber of commerce, reported on the action taken by that body to assist home manufacturers. A committee, composed of Messrs. McCullam, Forrestal and Lounsbury, was appointed to aid the chamber of commerce committee.

As a result of a report that the butchers are having trouble with Krantz over closing on Sunday, a committee of three was appointed to wait upon Mr. Krantz. Before the delegates adjourned, they elected Robert Haire president in place of Olson, Charles Lytze was made secretary. Emil Applegate, in accordance with orders from President Gompers of the American Federation of Labor, was appointed organizer in place of Gus Olson, who has been holding that position for some months.

The Minneapolis is fastest of warships. Dr. Price's is best of baking powders.

**LABOR LEGISLATION.**  
It Will Soon Be the Main Topic in Labor Circles.

Labor legislation will be the all absorbing topic in Minnesota labor circles for the next six months. After the election returns are in, the canvass will begin to determine what proportion of legislators-elect favor. An odd thing about labor legislation in this state is that it is practically the same form regardless of the party in power.

The ideas as to what constitute the proper protection for wage earners are incalculable in the unions as a matter of education rather than politics. One of the things contemplated is an arbitration law. The one presented to the legislature contained some features not found in the statutes of other states. It will probably be presented again and with better prospects of success.

There has been a wonderful growth of public opinion on the subject of arbitration, and any carefully drawn bill is likely to be successful in spite of such opposition. The legislature of 1893, in the railway employees will have several measures that relate specially to their interests. Child labor legislation has not been successful in this state. This is not from any lack of feeling on the part of labor unions. The opinion is practically unanimous that the age at which children may be employed should be limited, so that the children may have some time for education.

A number of other measures relating to separate trades will be looked upon with some special interest. Quite a number of the labor people strongly favor the adoption of the initiative and referendum system of legislation. This is so radical an innovation that even the preliminary steps will hardly be taken yet. From the tenor of the discussions already heard on the subject, it appears that the labor people will agree on the most important measures and push them regardless of party affiliations.

In a recent issue of the Forum Professor Ely defines some of his economic beliefs. He does not deny any of the reforms which he has been wont to advocate. He still believes in government and municipal ownership of railroads, lighting plants, water works, etc., but he seems to have suddenly discovered that European example in this respect is not at all safe. He points out a number of things which might make such experiments turn out differently in this country. In a gentle way he deprecates the increased political activity of wage workers and farmers. He sets everybody's mind at rest by saying that no radical change of any sort need be expected for the next two or three generations, and as none of us will be there then, why worry about it now. The article does not tell anything new about the writer's industrial theories, but it is apt to make one doubt the entire sincerity of the Forum Professor.

The Social Economist has an interesting article concerning De Foe and Malthus. De Foe, in "Robinson Crusoe," gave an example of the difficulty of an individual living by his own efforts, entirely independent of his fellows. Malthus, in all his illustrations measured the hypothetical possibilities of the protective faculty in man against the actual probabilities of procreation in his food in each particular country. He estimated the limit of procreation in a single human pair to 25 offspring. In the same

way he should have reasoned that a single grain of wheat may produce 132 bushels in two years. A herring may produce 10,000 individuals in a single spawn. By assuming the theoretical increase of the race Malthus founded his peculiar system. As a matter of fact, the race tends towards sterility with increased wealth, and Malthus' predictions now excite no alarm. De Foe's illustration of the dependence of man on his fellows is read in every language, and hundreds of thousands of copies are bought every year.

**In the Labor Field.**  
James Wood, the cigarmakers' general organizer, reports great success in his Eastern trip. Type machines have displaced 3500 men in the United States. The Texas Federation of Labor wants postmasters chosen by popular vote. Cleveland bakers sent financial aid to Philadelphia's striking cigarmakers. Omaha women are organizing a laundry in order to provide for poor women. A Maryland law requires mechanics to have proper life lines on scaffolding they may be using.

After a two years' fight Cincinnati organizations succeeded in unionizing two non-sinema theaters. The Amalgamated Society of Carpenters and Joiners of Great Britain and Ireland is thirty-four years old. The Hooper Blake's co-operative colony will be located on 220 acres of land opposite Handsboro, Minn.

The Chicago Building Trades Council has resolved to inaugurate the 6-hour day. This is the first strong organization that has undertaken that radical step.

New York tenements house 1,500,000. Uncle Sam has 30,000 union misanthropes. Londoners pay 7 cents for a pound of bread. Cleveland, Ohio, has sixty-five union bakers.

There are 30,000 union street railway hands. St. Louis is to have a co-operative bakery.

Farmers' organizations have 3,000,000 members. Workers on Southern levees get \$1.50 a day.

Wisconsin woodmen get from \$16 to \$25 a month.

In Germany employers must insure their laborers.

London tailors get 60 cents a day. The federation claims 6000 unions.

Buffalo has an iron trades council. Sovereign says the K. of L. will celebrate its 25th birthday Nov. 25, and asks the order wherever it now exists to have a special celebration.

The cigarmakers in Friedenberg's big factory in Tampa, Fla., went on strike for \$3 per week more. It is thought this is the forerunner of a general strike.

Switchmen from the principal cities of the country met in Kansas City to form a National Switchmen's association to oppose the Switchmen's Mutual Aid Society, which disbanded during the recent American Railway union strike.

Over 1000 cigarmakers went on strike at Ybor City, Fla., and the trouble is expected to extend to Tampa and West Tampa.

It is said in New York that eighteen of the smaller clock manufacturers, employing 600 hands, have acceded to the demands of the strikers for weekly wages.

Chairman Stewart, of the stockholders' reorganization committee of the Maryland Steel company, says the large plant at Sparrow's Point will resume operations about Nov. 1.

A deposit of silver ore, which will assay not less than 500 ounces to the ton, has been struck in the Kentucky, Belle Mining company's mine at Greer, Col., and there is great excitement in that locality in consequence.

The mine and the plate works at Jonesboro, Ind., which was shut down ten days ago on account of a strike of the workers, who refused to accept less wages, resumed work Wednesday.

The strikers were victorious, but the company announces that they will be unable to keep the plant in operation, and will be closed down as soon as their orders are filled.

One of the few unions which originated from a strike, and which has been successful in spite of such opposition, is the Amalgamated Society of Engineers. It was organized in 1850 during a strike for nine hours, and at present it is one of the strongest of trades unions in its treasury are more than \$1,000,000.

Molders, machinists and other classes of metal workers held a meeting at Indianapolis this week and arranged for a general federation, which will be known as the Federated Metal Trades of America. Central organizations, which will include local unions of metal workers, will be formed in all cities.

Lawrence Gronlund's lectures on socialism in the West are well attended. Type setting machines are being placed on London papers and the printers are demanding that only union men be employed.

New that New York tailors have secured the 10-hour day, they are preparing to enforce eight hours.

It is claimed that New York has 110,000 unemployed.

Science and experience concur in the judgment that Dr. Price's baking powder is the purest and best ever made.

**THE LABOR PARLIAMENT.**  
That Is What the Meeting to Be Held in Chicago Is Called.

The parliament of labor which has been called by the civic federation to meet in Chicago Nov. 13 promises to be a most notable gathering. Replies to the circular letter of invitation have been received from a great many men of prominence as thinkers on economic subjects or as employers or leaders of labor. In almost every case the hearty approval of the parliament is expressed. In most cases there is a promise to attend.

The letter of invitation sent out also asked for suggestions as to the scope and nature of the proposed conference. This request has in most cases been met in the spirit in which it was made. There is a striking consensus of opinion in favor of making it as practical as possible. The suggestion comes from all sides that the employers of labor and the representatives of labor, as the ones best knowing the actual conditions to be met, should be brought to the front in such a discussion.

The plan of the parliament is modeled on that of the parliament of religion, so successful last year. There is to be

nothing in the nature of controversy. Each speaker is to present his own views, not to antagonize or convert those of others. There is to be the utmost catholicity of tolerance, and every speaker is expected to respect this tolerance.

Differences of opinion are not to be allowed to appear as hostilities of this parliament is to be poured the result of the thought and investigation of the individual thinkers and investigators of the country. It will form, as it were, a comparative exhibit of all that has been accomplished along the lines of the prevention and settlement of labor troubles and labor disturbances. It will be a collation of the work of many men striving for the same end by different means.

From this aggregate it is hoped by the civic federation, and particularly by its committee on labor and arbitration, that some practical plan may be formulated by which labor troubles may be averted, or at least settled, and the great inconvenience to the public as well as to both workmen and employers be avoided. This is not, however, expected to be accomplished by the parliament. That is to be the function of the presentation of thoughts and views on the subject. The formulation of such a plan or method as is hoped for will be the result of the efforts of the civic federation's committee on labor and arbitration.

The committee on labor and arbitration, which will be in charge of the subject, will be thrown on the subject by the discussions of the conference.

Following are extracts from some of the letters received. Others are constantly coming in.

Carlin G. Gilson.—For setting the deplorable disputes between employer and workman it is my opinion that arbitration is the most successful method of effecting results. Arbitration has been established in France, and the work accomplished by this has been very satisfactory. Several cities in this country have likewise appointed boards of arbitration with happy results. The appointment of the president of a commission to examine into and report the causes of the late disastrous strikes will have a similar effect in the right direction. There should not and need not be any conflict between labor and capital, since both are necessary for the production of the one depends upon the co-operation of the other. A contest between the employer and employee is as unworkable and as harmful to the social body as a war between the head and the hands would be to the physical body. Who ever fails to recognize this fact is unworthy of the name of a human being.

Several cities in this country have likewise appointed boards of arbitration with happy results. The appointment of the president of a commission to examine into and report the causes of the late disastrous strikes will have a similar effect in the right direction. There should not and need not be any conflict between labor and capital, since both are necessary for the production of the one depends upon the co-operation of the other. A contest between the employer and employee is as unworkable and as harmful to the social body as a war between the head and the hands would be to the physical body. Who ever fails to recognize this fact is unworthy of the name of a human being.

Organ prelude.—For setting the deplorable disputes between employer and workman it is my opinion that arbitration is the most successful method of effecting results. Arbitration has been established in France, and the work accomplished by this has been very satisfactory. Several cities in this country have likewise appointed boards of arbitration with happy results.
